PROBE DEATH OF CHORUS GIRL IN ERIE

Girl Seeks Ideal Mate; Shuns Youth Of Today; Tells Of Type Desired

Exclusive Central Press Dispatch to New Castle News.

AKRON, O., March 18.—It isn't the old-fashioned girl who's extinct. It's the old-fashioned man.

Miss Alyce Corless, Akron, O., Sunday school teacher, pretty, 21, blonde and unbobbed, has given up going with modern youths. "I could have had a husband long ago" she says, "if it had been possible to find one who didn't smoke or dance or shoot pool. But that kind simply doesn't exist.

Her Requirements.

And yet Miss Corless really doesn't care to be an old maid. Her requirements are simple. The paragon must be:

A church member, preferably a preacher.

Tall, dark haired and goodlooking.

In a position to support her comfortably.

An abstainer from tobacco, liquor and swearing.

In addition to this he must be neither a widower nor a divorcee.

Miss Corless has lived in Akron for more than 12 years. She attended high school and then took up a business career. Members of her Sunday school class say that she expresses their sentiments exactly.

Hear Citizens On New Plan For Paving Streets

Council Will Likely Pass New Improvement Ordinance As Result Of Hearing

ALTERS PAYMENT PLAN FOR PAVING

Individual Property Owner On Street Improved To Share More Of Cost

Indications are that city council will pass the proposed new improvement bill as a result of favorable sentiment expressed today by property owners who attended a public hearing in regard to the proposed law.

Solicitor R. M. White presented an able explanation of the clause pertaining to paving and showed that by the city paving intersections the increased cost to the individual property owners will be about 10 per cent or about $30 on a 40 foot lot, to be paid off within 10 years.

No Force Paving

Council made it plain that there will be no forced paving on residential streets as they will have various places to spend what funds are available as the result of numerous petitions which have been presented for paving.

Some of the comments offered to council after Solicitor White had presented his interpretation of the clause pertaining to paving were as follows:

Thomas Hartman:—"It is the only way we will get streets improved. The additional cost will not be more than the price of a new automobile tire."

W. J. Offutt:—"Council should be commended. If I should break a spring the cost of a new one would pay for the additional cost of paving. I think that when the proposed ordinance is fully digested everyone will be satisfied. It means only about $30 more on a 40 foot lot. If we have been making a mistake for 20 years there is no reason why we should continue."

Fred L. Rentz, president of the Chamber of Commerce said he was in favor of the ordinance and that he is in favor of all streets being paved.

Measure Essential

Other gentlemen expressed themselves as being in favor of the bill

Vesuvius Is In Eruption

(International News Service)

NAPLES, March 18.—Mount Vesuvius is in eruption today. The volcano burst into sudden activity during the night, shooting 40 fountains of liquid fire, lighting up the countryside for miles around. The spectacle drew throngs of spectators.

Frequent explosions accompanied the belching of flames.

The officials of the observatory state there is no danger to either tourists or inhabitants of the slopes of Vesuvius but the peasant folk are apprehensive. The present activity is believed due to a sinking of the crater.

Investigate Theft Of Fine Chickens

State police authorities are making investigation concerning the theft of some 25 fine bred chickens from the coop of Kathleen Manor on the Pulaski road within the past few days.

This is the second time that there has ben a theft of this kind at the property which is owned by Mr. and Mrs. B. H. Hitchcock of this city. The thieves in this case broke the door of the chickencoop and helped themselves to the best chickens in the place. Hopes are entertained by the authorities that the theft will be solved and the thieves apprehended.

Lineman Is Killed In Beaver Valley

(International News Service)

BEAVER, Pa., March 18.—Carl H. Harper, 45, is dead in his home at Bridgewater, Pa., near here, as a result of receiving a charge of 4400 volts of electricity when a live wire fell on him while he was doing repair work at the Colonial Clay Products company at Fallston, Pa. Harper, a Duquesne Light company employe, became entangled in the wire, which was broken off when struck by a crane.

EIGHT DIE IN WESTERN TORNADO

Twenty Injured As Small Town Is Hit By Storm

Benton, Arkansas, In Path Of Tornado, Suffers Heavy Damage

OTHER TOWNS ALSO BADLY DAMAGED

Report 200 Homes Are Blown Away—Death Toll May Increase

(International News Service)

BENTON, Ark., March 18.—Eight dead and 20 injured was the toll of a tornado which swept through this section of the state last night. Several small towns were hit by the storm and property damage was considerable.

The Dead Are:

Mrs. Edgar Smith, Klondyke.
Clifford Smith, two.
Lloyd McAlister, 20, Willis.
Ola Moody, 18, Mountain View.
Lennie Cash, 22.
Matthew Cash, 17.
Helen Cash, 13.
Ardis Cash, 15.

Originating in the Southwest, the tornado struck Klondyke about nine o'clock last night.

Several persons were still unaccounted for and the death toll may grow.

More than 200 homes were blown away, trees uprooted, houses unroofed and trains forced to stop until the storm subsided. The towns of Klondyke, Mountain View, Collegeville, Willis, Benton and Alexander were struck by the storm, which originated in the South.

All the towns struck are located within a radius of 40 miles of Little Rock. This city's only damage was a brisk wind and a rain which continued all night.

Two Murderers Pay Penalty In Sing Sing Chair

Blind Slayer Scheduled For Electrocution Is Granted Commutation

(International News Service)

OSSINING, N. Y., Mar. 18.—There were three men gone from Sing Sing prison death house today—two were electrocuted near midnight while Harry W. Cowan, blind slayer of his sweetheart, rejoiced in a last-minute commutation of his death sentence to life imprisonment.

Joseph Fria and Joseph Prevensana, murderers of James Lemarde, of Rochester, N. Y., went to the electric chair. It was charged at their trial that Mrs. Lemarde and Prevensana had hired Fria to kill her husband so she might marry Prevensana. Mrs. Lemarde is serving a twenty-year sentence in Auburn prison following her conviction for manslaughter.

Fria, scheduled to die first, begged that Provensana go to the chair first. The officials finally consented.

In commuting Cowan's sentence, Governor Smith made public a letter signed by eleven of the jurors who convicted Cowan in which they said the verdict had been returned with the understanding clemency would be recommended.

The Ford roadster of P. L. Kerr, 1908 Highland avenue, was stolen last night between 10:30 and 11:30 p. m. from the rear of the Clutton Drug store, according to the report made to the police. It is a 1926 model and bears Pennsylvania license 493-308. The police hope to recover it.

Cantonese Army Captures Ishing

(International News Service)

LONDON, Mar. 18.—The victorious Cantonese armies have captured Ishing, on the west side of Lake Taihu, and are now pressing on toward Chang Chow, according to a Central News dispatch today from Shanghai. Their objective is the cutting of the Nanking-Shanghai railway. The Northern army under Chang Tsung-Chang is reported to be in full retreat toward Chang Chow and Wusih.

All telegraphic communication west of Nanking has been suspended.

Reed Continues Outlining Case In Ford's Trial

Pictures Sapiro As An Exploiter Of Farmers And Wrecker Of Farm Associations

FREQUENT CLASHES OF COUNSEL OCCUR

Defense Objects To Procedure And Statements Made By Reed

By W. K. HUTCHINSON
International News Service Staff Correspondent

FEDERAL BUILDING, Detroit, March 18.—An amazing story of frenzied finance, by which Aaron Sapiro, so-called "wheat king", exploited American farmers for his own profit, was told the jury today in the million dollar Ford-Sapiro libel suit by Senator James A. Reed (D) of Missouri, while outlining Henry Ford's defense.

Defending the attacks on Sapiro, published by Ford's Dearborn Independent, Reed declared the wheat king had gone far and wide through the country organizing farmers and charging them tremendous fees for his services.

Tremendous Fees.

A fortune rolled into Sapiro's hands, Reed showed, by listing fees in nine states alone that totalled over $300,000.

Reed told of Sapiro's activities in Minnesota, Maine, California, Tennessee, West Virginia, Kentucky, Oregon, North Carolina and Idaho. When farmers in these states didn't desire to join the cooperatives, Reed charged, "high pressure squads" were sent out by Sapiro to whip them into line.

These statements were made to the jury by Reed only over strenuous objections from Sapiro's chief counsel, William H. Gallagher. The latter twice took exceptions to rulings of Federal Judge Fred S. Raymond which permitted Reed to proceed with his attacks on Sapiro. Gallagher announced he would use the rulings to appeal the case to a higher court if the verdict eventually went to Ford.

Income Tax Returns Are Much Larger

(International News Service)

WASHINGTON, March 18.—Federal income tax collections for the year ending June 30 will amount to at least $2, 321,840,000, according to treasury estimates made today.

The gigantic return exceeds the record for all normal years and surpasses the collections in the 1925-1926 year by close to $340,000,000, notwithstanding a heavy tax cut.

The original treasury estimate for 1927 collections was $2,190,000,000.

On the basis of the heavy revenue producing ability of the 1926 revenue act, the treasury now estimates the June 30, 1928 surplus at over $435,000,000. Heretofore the estimate had been $200,000,000.

MISS JUNE LOGAN IS BROUGHT HOME

Miss June Logan, of West Wallace avenue, a student in Indiana State Normal school, who was reported ill at that institution, was brought home last night by her parents, Officer and Mrs. C. G. Logan. She is recovering nicely from her illness and will be able to return to school in a short time.

Certify Three As Eligible For Postmaster Here

Crawford, Feuchtwanger And Nessle Certified To Post Office Department

POSTMASTER WILL BE NAMED SOON

Expect Congressman Swick To Name Official Within Next Few Days

By GEORGE H. MANNING.
Washington Correspondent New Castle News.

WASHINGTON, D. C., March 18.—The Civil service commision today certified to the postoffice department that Edwin W. Crawford, Marcus Feuchtwanger and Frank S. Nessle are the three eligibles for appointment as postmaster at New Castle resulting from the examination held last month.

The department at once notified Congressman Swick's office and asked that a recommendation be made. H. C. Hunter of New Castle, secretary to Congressman Swick at once wired the congressman the list of eligibles.

It is expected Mr. Swick will name the new postmaster in a day or two.

Jewel Robbery Stirs Chicago

Diamond Robbery At Congress Hotel Reported To Officials

ESTIMATE LOSS CLOSE TO $60,000

(International News Service)

CHICAGO, March 18.—Theft of $60,000 in diamond jewelry from the safety vaults of the Congress hotel was reported to authorities early today. The loot was the property of Adolph Luthy & Co., Inc., of New York.

Detectives are searching for members of the "Ritchie gang", a notorious band of jewel thieves known to have been operating in mid-western cities during recent weeks.

The jewels were placed in the hotel vault last Saturday by Arthur S. Bower of Grand Rapids, Mich., western representative of the New York firm of importers.

By a clever ruse, the thieves switched the receipt check given Mr. Brower. Sunday, a man posing as a jewelry salesman, deposited a package resembling the Brower package in the same vault.

When Brower called for his jewels last night, his package was gone and the dummy, containing nothing of value, was in its place. It is believed the strange "salesman", holding Brower's check, received his package.

In June, 1926, thieves using the same method, obtained jewels valued at $65,000 brought to Chicago by George W. Beardsley of Newark, N. J.

Report Local Boy Held In Cleveland

In a letter received today by the local police authorities, Chief of Police Jacob Graul of Cleveland, O., asks the authorities here to advise the parents of William Finefrock, aged 17, of 315 Florence avenue, that the latter is in custody there on a charge of the larceny of an automobile. He will be tried in the juvenile court of that city.

SLIGHT ACCIDENT

Raymond Williams reported that he was going west on East Falls street Thursday and made the safety stop at North Mill street. He then started up and his machine collided with that of D. T. O'Neill of 38 North Mill street. Some damage was done.

DEATH RECORD

John N. Hammond, 77, 1033 Adams street.

Thomas Bartel, 56, Ellwood City.

Cathedral Workers Are Near To Goal In $297,000 Drive

Over $285,000 Is Reported With Meeting At Cathedral Thursday Night

Beaver Falls Workers Add $10,300 To Fund At Meeting

With $285,900 of the $297,000 goal subscribed, team workers in the Scottish Rite cathedral campaign will meet at 615 this evening for their final report dinner. This gathering will take the form of a general jubilation session at which it is expected the final $11,100 necessary to reach the mark will be chalked up.

Team workers from several of the outside towns will be present and in addition to the planned program there will be numerous short speeches. Subscriptions will not be received after Saturday noon.

Beaver Falls Adds $10,300.

At last evening's dinner Beaver Falls with $10,300 and West Middlesex with $5200 were the banner outside towns to report. Local team workers added $20,000 to their total, J. Lee McFate taking the flag with subscriptions totalling $6400. A. W. Chilton's workers fought hard to retain the bunting, turning in $6300.

Jess H. Gibson, colonel of the second division, presided in place of Team Chairman H. B. Richards, this honor being in recognition of the fact that his division led the evening before.

Dr. J. G. McConahy was the winner of the box of cigars for the day's largest amount of subscriptions. John R. Dunfrie won another box of smokes in the attendance drawing.

Vocal solos and trios were furnished by J. Russell and Harry Urmson and Mrs. W. P. Felch. They were recalled for several encores to which they graciously responded.

During the evening short talks were given by Thomas W. Dickey, Robert McKinney White, J. Lee McFate, W. A. Hart and others.

Additional subscriptions reported up to last evening are as follows:

Defection Of Three Chuan-Fang Generals Is Cause For Alarm

By ALFRED MEYER
International News Service Staff Correspondent

SHANGHAI, Mar. 18.—The defection of three Sun Chuan-Fang generals from the cause of the Northerns today caused the severest reverse the Kuo-Chun forces have suffered in some time by virtue of these defections the Nationalists were able, virtually without the loss of a man, to push on to within gun range of Chang Chow, where they are threatening to cut the communications of the Northern armies.

The Shangtungites, sensing the treachery of the Sun generals on Thursday, evacuated the rail point, retreating toward Nanking, leaving only those forces which are entrenched at Wukiang and Sungkiang. These troops are faced with complete isolation unless something unexpected develops.

Cleveland Asks That Dr. Cook Be Brought To Ohio

Seek To Try Dr. Cook On Indictment Returned In Ohio In 1923

REPORT DR. COOK IS GIVEN PAROLE

Has Been Serving Time In Leavenworth On Fraud Charges

(International News Service)

CLEVELAND, O., Mar. 18.—U. S. District Attorney A. E. Bernsteen today sent a telegram to the warden of the Fort Leavenworth Federal prison, requesting that Dr. Frederick A. Cook be held for Federal authorities here, on an indictment returned in 1923, charging Cook with using the mails to defraud.

Cook was convicted at Ft. Worth, Texas, on a similar charge, in connection with oil deals.

Ordered Paroled

At Ft. Worth he was sentenced to serve 14 years and nine months in the Federal penitentiary at Ft. Leavenworth. He is now eligible for parole and official announcement of this was made yesterday at Ft. Worth, though he was not immediately released.

Bernsteen plans to have Cook brough back here upon his release from the Kansas prison.

Discharge Four Questioned On Preston's Death

Joe Gardner, John McKisson, John Burns and Theodore Zimmerly picked up by the police yesterday for questioning in connection with the death of Mark Preston, have all been discharged, after being held a short time on charges of suspicion. All made written statements and these will be retained by the police. According to the police authorities, there was nothing learned that would warrant the holding of any of these men in connection with the death of Preston.

According to the statements made, Dave Carson and Preston came to the room of Gardner and Preston, rear 1017 Moravia street, on March 10. Carson had a bottle of alcorub and invited Gardner to take a drink. He declined. The others imbibed of the alcorub. Carson and McKisson left. Preston laid down on a couch and when he got up later, fell against the stove, injuring his head. Gardner and Burns picked him up and washed his wound.

They then left, Gardner and Preston going in opposite directions. There had been no trouble.

Coolidge Strains Tendon In Wrist

WASHINGTON, Mar. 18.—An X-Ray examination showed that President Coolidge strained a tendon in his right wrist, the White House physician, declared today.

The picture also revealed the presence of a fluid and it is necessary to keep the wrist bandaged tightly to force down the swelling.

It is believed the President's wrist was strained as a result of excessive handshaking.

Chorus Girl Is Found Dead In Erie Hotel Room

Coroner's Jury Says Death Was Due To Natural Causes

MAN BEING HELD BECAUSE OF DEATH

District Attorney Says That Charge Will Be Preferred

(International News Service)

ERIE, Pa., March 18.—Although the coroner's jury returned a verdict of death from natural causes, District Attorney M. L. Davis announced that he would prefer murder charges against K. H. Bechtel, 25, Buffalo, in connection with the death of Virginia Gibney, Philadelphia chorus girl.

It was developed at the coroner's inquest that Miss Gibney was in poor physical condition and that she died from dilation of the stomach.

District Attorney Davis decided to charge Bechtel with murder, he said, because of the latter's reported statement to police that he struggled with Miss Gibney after he alleges she demanded "hush" money from him. Police say Bechtel choked the woman.

Three persons are being held as material witnesses.

Demanded $20

ERIE, Pa., March 18.—Just before the official inquest opened here today Coroner Daniel Hanley declared that Virginia Gibney, chorus girl found dead in a local hotel early this morning, possibly died from stomach trouble.

K. H. Bechtel, Buffalo battery salesman, is being held by police on a technical charge of murder in connection with the girl's death. He admitted, they said that he choked Miss Gibney when she demanded $20 from him as he was leaving her room.

Miss Gibney's body, scantily clad, was found lying across the bed by two other members of the chorus of a burlesque show which ended its local engagement last night. They were attracted to the room by her screams.

TWO KILLED IN PLANE CRASH

(International News Service)

LONDON, March 18—Another disaster was added today to the long list of air tragedies in the royal air force this year.

An officer and a mechanic were killed when their plane crashed and burned up near Folkestone.

Negro Thug Robs Patrolman's Home Aided By Officer

(International News Service)

PITTSBURGH March 18.—A policeman's badge failed to frighten a negro bandit who invaded the home of Patrolman John Sutton here early today. The negro forced the officer at the point of his own gun to accompany him through the house which he ransacked. Taking the officer's whistle and cash the negro departed.

A bit of a bud on a wind tossed limb, a bit of a sprig on a bush nearby, a bit of a song from an early bird, but a mighty good sign that the spring is nigh. A window of clothes for milady fair, silky and sheer, of a delicate shade, a bit of a shock when the price is seen, but what does that mean to a pretty maid. A bit of a bloom in a coat lapel, orchid or lilac or tulip perhaps, a sign that the spring with its restless urge has seized on the soul of a lot of chaps. A little of this and a little of that, all pointing to spring at an early date, for the annual awakening time has come, the weather is warm still at fifty eight.

Two More Added To Growing List Of Student Deaths

Tulane University Student Shoots Self To Death After Arising

ILLINOIS HIGH SCHOOL BOY VICTIM

(International News Service)

NEW ORLEANS, La., March 18.—The student suicide wave struck New Orleans today when Harold P. Bergeret, 27, a student at Tulane university, arose from his bed and shot himself to death.

The student's body was found in a bathroom, a pistol gripped in his right hand and a bullet hole through his head.

E. J. Bergeret, brother of the student, said he believed the suicide was caused from a nervous breakdown, the result of overstudy.

Youth Shoots Self.

GALESBURG, Ill., March 18.—The name of Earl Main, 17, Williamsfield high school junior, today was added by authorities to the list of student suicides.

Main was found shot to death, a .22-calibre rifle beside his body.

Directors Elected By Dollar Savings

Three new directors to fill vacancies were elected by stockholders of the Dollar Savings Association yesterday. They were City Treasurer Ira Ramsey, Attorney William J. Caldwell and Joseph Hannon. Three old directors were re-elected. They were Jose S. Rice, John Abel and J. P. Caldwell.

Other members of the board whose term did not not expire are Attorney W. K. Hugus, Will A. Eakin, Charles McCready and John C. Nothdurft.

To Elect School Teachers Soon

Teachers for the school system of New Castle will be elected within the next four weeks, it is anticipated. While the usual practice is to elect them at the regular meeting of the board held in April, it is barely possible that a special meeting will be called for this purpose.

Town Talk

Springtime is whitewashing time, and many suburban and country places with outbuildings need a "dressing up" inside and out. In whitewashing the outside of buildings the best results are obtained when the work is done in clear, dry weather. The surface to be treated should be cleaned of dirt, scales or other loose material by brushing well with a clean, stiff brush or by first scraping and then brushing. The final results and the increased life of the new coating will more than compensate for the time and care required to be sure that the surface is in good condition.

Bon-fires are noted on many farms throughout the district. Farmers are already starting work of destroying the corn stalks that have remained from last summer.

Plowing was in evidence on many of the Lawrence county farms yesterday. Some farmers were working on an extensive scale, taking advantage of the exceptional weather, having two ploughs working in the same field.

Just while we are talking of spring, leaves are beginning to come out on lilac bushes and early developing trees and plants. Almost every tree is showing signs of coming out in bud.

Another evidence of Spring. Frogs are croaking lustily in the ponds these days.

It appears to us that it would be a real progressive move if some of the stone steps that project out from buildings onto sidewalks were removed. These relics of the past are a traffic hazard for pedestrians. We noted a pedestrian who fell over one this morning.

Two East Side youngsters breezed into The News Office this morning, with a request for score cards. Now we know that Spring is here. "We played the first game yesterday," the boy said. "The East Side Rinkey Dinks played the Scotch Nine." Bill Boyle is captain of the Rinkey Dinks.

Probably all weather records for St. Patrick's day were broken in this vicinity yesterday, when the temperature went above summer heat during the early afternoon.

Westminster college alumni in New Castle along with former students will receive invitations to the banquet at New Wilmington on March 25, within the next few days, according to F. A. Hover, president of the New Castle Alumni Association. Great preparations are being made for the banquet at New Wilmington, he says.

The fire chief answered a call to the Jackson Heirs property on Neshannock avenue about 6:30 last night, where a woman in a second floor apartment, reported that her apartment was being filled with smoke. Investigation developed the fact that the smoke was entering the apartment from a window let down at the top and that it came from the chimney across the street.

York Moonshine Industry Makes Work For Plumbers

(International News Service)

YORK, Pa., Mar. 18.—The moonshine industry in York is making trouble for the city's sewage disposal plant, according to James R. Seacrist, city plumbing inspector.

Scores of illicit stills existing in the city have poured their waste mash into the city's sanitary sewers and many of the mains have been clogged with the soggy offal of the stills. Two times out of every three where sewers are clogged, cleaners employed by the city have found, mash is the cause of the trouble.

Further trouble is caused, Inspector Seacrist says, by mash which is carried through the sewers to the city's big sewage disposal plant. Mash, not entirely past the stage of fermentation, causes a chemical reaction in the plant's big Imhoff tanks which causes them to "boil over." The "boiling over" caused by the mash fills up the tanks with froth which causes operators at the plant no end of trouble and also creates an unsightly condition.

Ford Loses Case Before Commission

HEAR CITIZENS ON NEW PLANS FOR PAVING STREETS

(Continued From Page One)

which Councilman Genkinger stated was essential in his opinion because all available improvements funds are sapped by repairs to streets and requests to pave residential streets cannot be granted under the provision of the old ordinance.

Attorney Roy Jamison thought that after having lived on a dirt street for 15 years and having assisted to pay for streets to be paved in other sections, the return assistance should be expected, though he said: "I do not want to be placed in the light of an objector because I signed for paving where I live under the old ordinance provisions and my signature will remain on the petition."

Roy Hazen referred to Sheridan avenue and said that "I'm not an objector to improvements but believe there are some things I would like to know." He said it is a question of adding to the millage or increasing the amount the property owners will pay. He said he felt there is some inequality.

"I think I know streets and I find it an utter impossibility to keep them good under present circumstances" said Councilman Genkinger who went on to say that petitions for paving have been presented for 15 years and the work has not been done for lack of funds and he said the only solution, in his opinion, would be the adoption of the proposed bill.

"We feel the individual property owner can stand the 10 per cent whereby the city cannot as a whole. We have redress by increasing millage but we are not in favor of doing it. There is a limit to what the people can stand. We feel this is the easiest way out. When the property owner gets a new paved street at a slight increase of only $35 or $40, he will never want to go back into the mud."

He explained that the moment the thoroughfare is paved the depreciation must be taken care of by the city.

Solicitor White went to a blackboard and explained with a piece of chalk how the paving would be done under the new, and how it has been done under the old plan.

He took for example, different streets, put down the cost under the 80 and 20 percent ratio and also the 90 and 10 percent basis.

Formerly the city did not pave intersections, he developed, which cost the property owner extra. "We propose that the city pave all the intersection between the property line and not the curb line. When a street is paved we can assess against the property-owner once, but never again" he said.

"We have 28 or 29 miles of paved streets and in 1925 were only able to pave six-tenths of a mile. Property owners want 20 or 30 streets paved and never in the life of any council has there been so much paving done as during the past year" said White.

In regard to the equity of the bill White explained that residential street paving and main artery is different and the question arises as to what is best for all the people, inasmuch as all the people use the main arteries but not so the residential sections.

Property owners on residential streets who wish paving can have it by paying for their own improvement, he explained and he said that if desired the wishes for a certain kind of pavement can be adhered to. He described the bill as a plan to provide for the paving of residential streets when the city is short of funds.

Sullivan Plans To Swim Irish Channel

(International News Service)

SAN FRANCISCO, March 18.—Now that he has swum the English channel, the Catalina channel and the Golden Gate, Henry Sullivan marathon swimmer, is planning to condition himself for the Irish channel, which as yet has never been crossed.

Sullivan, who is the only man to swim both the English and the Catalina channels, recently swam the historic Golden Gate "just for fun." His time for the swim was 1 hour 49 minutes, adverse tides hampering the 40-year-old swimmer.

The Irish channel, Sullivan declared, will be a mark worth shooting at. The Irish Free State and Great Britain are separated by some 40-odd-miles of sea water. Sullivan uses the old-fashioned, laborious breast stroke for his distance swimming.

THIRD DEGREE JUSTICE

Two peasants were convicted of murdering a sheep herder named Grimaldos, in a little town in Spain. They were sent up on their own confessions, and there was great popular indignation against them in the countryside, for the murder, it appeared, was a brutal and deliberate one. The men confessed that they had killed poor Grimaldos and then thrown his body to the hogs. They were sentenced to life imprisonment.

After 12 years Grimaldos returned to his native village. He did not know he was supposed to have been murdered. He had been working over in France, where he found wages better, but now he had come back to see some of his friends again.

The two peasants in prison were consulted about the miracle.

"No miracle at all", they explained. "We never knew anything about why or how Grimaldos disappeared. We confessed to the murder because the police beat and tortured us and told us they would kill us if we refused to confess. We thought that life in prison might be better than torture and death outside of prison."

So the two peasants were released, and there was rejoicing in the village. But there was a general tendency on the part of the people to look somewhat critically upon the claims of efficiency put forward by the village police department. True, somebody was always convicted whenever a crime was committed in that place, but here was a case where the zeal of the police had convicted two innocent men of a crime that never had taken place.

That was in Spain. A case precisely similar could not happen in this country, because here it is required that some part of the body of the murdered person be found and produced for a coroner's inquest, while in the Spanish case the body had not been found, and the hog story was invented to account for its disappearance.

But there is danger in police zeal that leads to the so-called third degree, in every country. Justice is not had by torture.

Deaths Of The Day

Mr. Fisher Buried.

Funeral services for the late Charles H. Fisher were conducted Thursday, March 17, at 3 p. m. from his late residence, 16 West Wallace avenue. Dr. C. B. Wingerd of the Central Presbyterian church was in charge, assisted by Rev. D. C. Schnebly of the Mahoning Presbyterian church. Mrs. Clifford Propst sang during the services. The pallbearers were J. C. Patterson, D. S. Sneathen, W. R. Book, Charles Bright, W. S. Rice and George McClelland.

Interment was made in Oak Park cemetery.

Mrs. May Morgan Shat.

Horace Morgan of DuShane street has received word of the death of his sister, Mrs. May Morgan Shat, which occurred at her home in Newark, N. J., Thursday evening at 11:45.

Mrs. Shat was a former resident of New Castle, having lived on Mill street. She was the daughter of Mr. and Mrs. Benjamin Morgan, both deceased, of this city. Besides her husband she leaves two children and three brothers and three sisters.

Funeral services will take place Saturday afternoon from her late home.

Mrs. Harris Funeral.

Funeral services for Mrs. Christian Harris will take place Saturday, March 19, at 3 p. m. from Kelley's chapel, 347 East Washington street.

Time of Funeral.

Funeral services for Mark Preston will take place on Saturday, March 19, at 2 p. m. from Graceland chapel. Burial will be made in Graceland cemetery.

John N. Hammond.

John N. Hammond, aged 77 years, well known railroad man of this city, died Thursday, March 17, at 10:55 at his home, 1033 Adams street, after an extended illness of complications.

Mr. Hammond was born in Beaver, Pa., September 17, 1849, a son of James and Nancy Neely Hammond. He had been employed by the Pennsylvania Railroad Co. for 47 years and was a conductor for a number of years previous to his retirement. He was pensioned in 1920.

He was a member of the First Christian church, Knights of Pythias, Order of Railway Conductors and Protected Home Circle. The following children survive: John N. Hammond, Jr., of Youngstown, O.; Mrs. Charles Anderson, Walter Hammond, Mrs. Lance Clifford, Mrs. Earl Haufler, Louis and Edward Hammond, all of New Castle. He also leaves one brother, Harvey Hammond, and three sisters, Mrs. Sadie Hammond, Mrs. Sue Jones and Mrs. Nora Davies of New Castle, 13 grandchildren and two great-grandchildren. His wife, Mary Ann Jones Hammond, to whom he was married 44 years ago, preceded him in death on March 29, 1926.

Funeral services will take place Monday, March 21, at 2:30 p. m. from the residence on Adams street. Burial will be made in Greenwood cemetery.

Levi Repman.

Levi Repman, aged 85 years, a life long resident of Lawrence county, died at his home in Chewton Thursday evening, March 17, after an illness due to the infirmities of age.

Mr. Repman had lived nearly all his life in the community where he died. He was a member of the Wampum Presbyterian church and had always taken an active interest in all church work, especially along the line of music. He had been leader of the choir for many years previous to his illness.

He leaves one daughter, Mrs. Carl G. Ender of Harrisburg, Pa., and two sons, Dr. Harry Repman of Charleroi, Pa., and Charles L. Repman of Wampum; two grandsons, Eugene Repman of Wampum and Harry Repman, Jr., of Charleroi. His wife died some years ago.

Funeral services will be conducted Saturday, March 10, at 2 p. m. from Chewton Christian church with his pastor, Rev. J. Greer Bingham, officiating. Interment will be made in Slippery Rock cemetery.

Mrs. Wilson Buried.

Funeral services over the remains of Mrs. Frances J. Wilson of Enon Valley, were conducted on Thursday afternoon, at the family residence, in charge of Rev. Davidson, pastor of the Presbyterian church of Enon. Rev. Wm. Ferver of Unity, assisted in conducting the services. The home was filled with a large number of relatives and friends, and the service was most impressive one. Interment took place in Little Beaver cemetery.

Bert S. Hammond Funeral

Funeral services for Bert S. Hammond of Detroit, Mich., were conducted from the Harvey A. Neely Chapel of Detroit. Rev. Eva was in charge. Pallbearers were friends of the deceased. Interment was made in Woodmere cemetery at Detroit.

Discuss School Consolidation In Princeton District

Meeting Is Held In Slippery Rock Township To Hear Of Project

Community meeting of residents of Princeton and vicinity held a meeting at the Princeton high school last night for the purpose of considering the proposition of a consolidated school. Dr. Lee L. Driver of the state department, who has charge of consolidated school work, was the principal speaker. He pointed out the advantages to be derived from a consolidation of schools.

A new school building will have to be erected at Princeton or vicinity soon, and the question now being discusseed is whether or not to make it a consolidated school, and eliminate a number of other schools. It is claimed that an adequate building in Princeton would take care of a large proportion of Slippery Rock township.

CONVENTION OF MUSIC CLUBS IS CONCLUDED

(International News Service)

PITTSBURGH, March 18.—Delegates and guests who attended the annual convention of Federation of Music Clubs here this week, today returned to their homes after a four-day session, ending last night with a banquet and business meeting.

Among the delegates was Mrs. C. H. Jaxtheimer, Sharon, state secretary of the federation. Guests of the federation from Sharon included Mrs. Edward Weaver and Miss Edna Lawe.

Officers elected by the federation last year hold their posts another year, being elected biannually.

Fullerton Plans To Begin Battle On Corn Borer

A. H. Fullerton, who has been appointed Corn Borer Supervisor for Lawrence county, has returned from Harrisburg, Pa., prepared to begin the work of cleaning this county of the borer.

Mr. Fullerton has not laid out any definite plan of operation yet, preferring to wait until the arrival of Deputy Secretary of Agriculture Raymond G. Bressler, who will be in this county within the next week.

The probabilities are that Mr. Fullerton will have his force selected and ready to start work sometime near April 1st. After that, an intensive drive will be put on to clean up Lawrence county. Because this is the home county of Secretary of Agriculture Charles G. Jordan, it is expected that the farmers of this county will co-operate to the fullest extent.

Britain Making More Automobiles

(International News Service)

WASHINGTON, Mar. 18.—Great Britain made a large increase in the production of passenger automobiles last year.

Commerce department advices showed the production to have been 158,699 cars, valued at 43,161,945 pounds, in comparison to 133,500 cars the year before.

"The reported increase in passenger car production of nearly 13 per cent in quantity and 4 per cent in value over that of 1925 is especially interesting in view of the industrial depression that existed in the United Kingdom during the past year, a condition giving rise to prophecies that the automobile production probably would fall below the 1925 level," the department said.

ST. PATRICK'S PARTY ATTRACTIVE AFFAIR

Members of the Woman's Home Missionary Society of the First M. E. church were entertained at a St. Patrick's Day party in the church parlors Thursday afternoon.

Refreshments were served at nicely arranged tables in the dining room. Covers were laid for 80 guests. St. Patrick's favors were used and the prevailing color tones were carried out in the menu and decorations.

A pleasing program was given under the direction of Mrs. J. E. Drake and Mrs. Reider. Mrs. Rugh gave a vocal solo. A playlet "Mite Box News," was given by Mrs. W. R. Wallace, Mrs. J. E. Davis and Mrs. Campbell. Miss Mildred Burlson gave a reading, "St. Patrick's Day," and a mite box "Pow Wow" was given by a group of ladies. "What we think of Mite Boxes," was discussed by Mrs. Reider. Mrs. McConahy, district superintendent gave a short address.

Preceding the program a short business meeting was conducted at which the president appointed delegates to attend the annual Deaconess board meeting to be held Friday, March 25. Mrs. F. J. Kile was in charge of the devotional hour.

D. of S. Club.

Members of the D. of S. club were entertained Thursday afternoon at the home of Mrs. Fred Kimmel of Etna street. Fancy work and chat were the pastimes of the hours. The prize was won by Mrs. William Naysmith. Refreshments were served by the hostess assisted by Mrs. John O'Brien and Mrs. Clarence Phencie. St. Patrick's favors were used. The next meeting of the club will take place in two weeks at the home of Mrs. Anthony Bowers of West State street.

FINE SPEAKER AT ART CLUB MEETING

Mrs. Samuel Klafter of North Jefferson street received members of the Art club in her home Thursday afternoon. Mrs. M. M. Redenbaugh, consulting decorator for the Joseph Horne Company of Pittsburgh, was the speaker and told of the importance of interior decoration. She brought out the fact that above all we must show our originality in our home furnishings as interior decoration is merely common sense and a little taste. The walls and floors must be used as a background for the furniture and the colors must be chosen accordingly.

Mrs. Redenbaugh displayed samples of curtains, carpets and wall coverings appropriate for the different rooms.

Thursday, April 21 Mrs. E. J. Connery of Crescent avenue, will be hostess. New officers will be elected at this time.

BRIDGE PARTY HONORS MRS. E. E. BUSCHMAN

Honoring Mrs. E. E. Buschman who is leaving the city Mrs. David Harris of Garfield avenue was hostess at an informal bridge in her home Thursday afternoon. Six tables of bridge were in play and dainty favors were awarded Mrs. Howard Frew, Mrs. W. A. Woodworth and Mrs. W. I. Clark.

During the afternoon the guest of honor was presented with a lovely gift.

St. Patricks tones were attractively carried out in the dainty refreshments.

St. Marys Club.

There will be an important meeting of St. Marys Vestment club this evening at 8:15 in the basement of the new church.

ANNUAL DINNER FOR DAUGHTERS OF LYDIA

Daughters of Lydia of the First Presbyterian church had their annual St. Patrick's dinner in the church dining room, Thursday evening, with the husbands and families as guests. An elaborate menu was served by the Ladies Aid Society at 6:30 o'clock. Tall tapers, in crystal holders, and St. Patrick's tones were used in decoration. Covers were arranged for 95. Special guests were Rev. and Mrs. W. E. McClure, Rev. and Mrs. G. C. Fohner, Mr. and Mrs. Paul Browne Patterson, Mr. and Mrs. James Rugh, Miss Mary Clark and Arthur Thomas.

Following the dinner a clever playlet entitled "Sewing For the Heathens" was presented by a number of the Lydia members. Mrs. Frank Woods, Mrs. Frank Brenneman, Mrs. H. A. Rugh, Mrs. Margaret Hice, Mrs. Edwin Crawford, Mrs. J. Johnston Fisher, Mrs. Forrest Thompson and Mrs. J. J. Madigan.

The remainder of the evening was spent socially.

LUNCHEON-BRIDGE IN HARTLEY HOME

Mrs. J. G. Hartley, Wallace avenue, entertained at a tastefully appointed 1 o'clock luncheon today in honor of Mrs. E. E. Buschman, who is leaving the city to reside in Butler. Covers were arranged for twenty-four at small tables centered with daffodils. Yellow and green tones prevailed in the menu.

After luncheon hours were delightfully spent with bridge.

Section Meeting

Mrs. David Ritchie of South Mill street, entertained the members of Section F, of the Y. L. B. class of the Third United Presbyterian church at her home Thursday evening. The devotionals were led by Mrs. O. V. Fisher. During the business meeting the following officers were elected: President, Mrs. F. F. Sines; vice president, Mrs. J. C. Blevins; treasurer, Mrs. W. C. Fullerton; secretary, Mrs. F. E. Dieth; press reporter, Mrs. A. C. Foringer.

A social hour was enjoyed at which time refreshments were served by the hostess, assisted by Miss McKim and Mrs. Wright.

The next meeting will be held on April 7 at the home of Mrs. A. C. Feringer of Beckford street.

E. T. W. Club.

Covers were arranged for 12 members of the E. T. W. Kensington Thursday when Mrs. James Gilfillan, Euclid avenue, was hostess at a 1 o'clock luncheon. Mrs. Thomas Lindsay assisted the hostess in serving. Novel St. Patrick's suggestions were used in decoration.

During the business session new officers were elected. President, Mrs. H. A. Donaldson; secretary, Mrs. Thomas Lindsay. Fancywork was the chief pleasure of the afternoon.

Mrs. Henry Magee and Mrs. I. L. Johns will entertain the members in three weeks.

Will Celebrate Golden Wedding

MR. AND MRS. JOHN W. FOWLER

Mr. and Mrs. John W. Fowler, well-known residents of the Seventh Ward, will observe their golden wedding anniversary on March 20 at their home, 616 Cedar street. The celebration on March 20, which is Sunday, will be in the nature of a quiet reception to friends. On Saturday evening a family reunion and dinner will mark the formal observance of the anniversary.

Mr. and Mrs. Fowler have spent their entire married life in New Castle and both are natives of the county. Mr. Fowler is 74 years of age and was born in Croton. His wife, who was Miss Nancy Tindall, was born in Shenango township, a daughter of Mr. and Mrs. William Tindall, pioneer residents of the county. The wedding occurred at the bride's home in Union Valley, with the Baptist minister, the Rev. John W. Owens, officiating.

There were nine children in the family, six of whom are living. They are: John H. Fowler of Struthers, O.; Mrs. Ira Taylor of Ashland avenue; Mrs. Pearl Taylor of Ashland avenue; Samuel Fowler of Cherry street; Covert Fowler of Mt. Jackson and Mrs. J. L. Covert of the Youngstown road. There are 13 grandchildren and two great-grandchildren in the family.

Mr. Fowler has been a contracting carpenter during his lifetime and has erected many of the homes and buildings in the Seventh Ward district.

OLD TIME GOLD RUSH ON

WHO said romance was dead? Who believed for a minute that those stirring scenes described by Bret Harte and Mark Twain never would be lived again?

Even now the Golden Saga of Weepah is being sung and lived in the heart of a Nevada desert, and it is such a saga as those immortalized in "The Outcasts of Poker Flat" and "Roughing It."

A few days ago Weepah was a typical desert settlement of a few scattered houses and a handful of people and without anything to recommend it except as a good place to avoid. Now it is the mecca of thousands, a veritable maelstrom of life. This magic transformation was worked by two boys digging in a prairie badger-hole.

In their digging the youths turned up a bit of yellow dirt. Over night the Mountain West contracted a malignant and burning attack of "gold fever." Suddenly every "desert rat" was marching toward Weepah and every incoming train brought more prospectors, locators, adventurers, excitement hunters, gamblers and dance-hall girls.

There is little missing from the picture of an old-time "gold rush." The old-time and authentic touches are there. "Honest John," the gambling man, is set up in business. The restaurant is operated by a Chinaman. The combination barroom and dance hall boasts of bad whisky and women. And men talk only of gold, of ore worth $100,000 a ton, of boulders yellow as creamy butter, of hillsides "plastered" with "free gold." The promoter has followed fast on the heels of the prospector to stake out his bogus claims and print his gilt-edge certificates of gold-mine stock.

Soon the "big money" will come in and the "sourdoughs" will fade out as suddenly as they appeared, some of them poorer some richer, leaving the capitalists to reap the richest harvest. It may not last long, but for the moment the high hills and the desert reaches are touched with the fever of those.

"Days of old, the days of gold,
The days of Forty-nine—"

MINIMUM MARRIAGEABLE AGE LOW

GOVERNOR FISHER'S signature of the Daix bill establishing the minimum marriageable age in Pennsylvania at sixteen years brings this state into line with a movement which is gaining wide support throughout the nation. The new law is not inexorable. It provides that a judge of the Orphans' Court shall have discretion to authorize a license in special cases where one or both persons are less than sixteen years old. The consent of a parent or guardian remains as a requirement for the issuance of a marriage license to any person less than twenty-one years old under prior legislation.

Action still remains to be taken upon a companion bill introduced by Senator Daix to require five days' advance notice of intention to marry. At last reports this law was operative in eight states. It might take away some of the excitement and romance of runaway marriages to a neighboring Gretna Green (there are about forty throughout the country), but it would serve to eliminate a vast number of the ill-considered and irresponsible marriage contracts which have become a bane to modern society and an unceasing burden on the courts.

Both the sixteen-year-age minimum and the five-day period between application and issuance of a license were recommended by the Russel Sage Foundation's investigators who completed a very thorough inquiry into the evils of child marriage a year ago. Still another recommendation was legislation requiring better proof of age than an affidavit. It was found that applicants and sometimes their parents falsified ages with the result that children as young as eleven and twelve years were married. It may still be contended that the sixteen-year minimum age law in this state may be circumvented by such falsification, but against this is the fact that simple annulment is possible wherever such a course may be deemed desirable.

NEW WEAPONS OF CRIME

HIGH crimes in this country are committed in such a business-like manner and are timed and maneuvered with such military precision that the police are powerless to prevent them and can only hope to capture the bandits after the harm has been done.

A case in point is that of the dynamiting of two armored motorcars near Pittsburgh and removal of a payroll of $102,000 from one of them. Proir to this bold bit of banditry armored cars were considered almost bandit-proof. One gange, more ingenius than the others, has demonstrated, to the edification of the rest, that a strategically placed mine discharged at the crucial moment can open an armored car is less time than it takes to open a can of one of the 57 varieties.

The partly successful jail break at Joilet, Ill., illustrates the perfection of modern criminal strategy, which works from within and without prison walls to hold an entire prison guard at bay. Another bandit gang in an armored automobile with comparative ease drove off two posses after robbing a Kansas bank. And in Chicago's bootleggers' war the machine gun and airplane have proved as effective in the hands of gunmen turned bootleggers as in the hands of trained soldiers.

Such crimes are becoming so frequent that the authorities must adopt preventive and combative measures that are equally scientific and expertly engineered. Unfortunately, the defensive is always at the disadvantage of not knowing where the enemy will strike next, and the police, necessarily, are ever on the defensive.

Hints and Dints

Sun sets tonight 6:10. Sun rises tomorrow 6:05.

There isn't any better weather in California, Florida or any other place than we have been having right here in New Castle recently. And it's just as good a place to invest your money in—and lots better.

So far we have not heard of any ladies who aspired to be volunteer firemen in New Castle. Why not?

In the old days it was not spring until the bock beer signs were put out. You remember it. Picture of a schooner just bubbling over with suds.

They are ruled out, even though they may be stylish, because the girls complain that they scratch their chins—meaning those wing collars.

There is only one worse bimbo than the one who never gives anything to anything or anybody and that is the one who always puts his name down and then never pays. There are lots of such also.

Modern homes have all essential conveniences except a cookie jar.

The girl who can smile when another girl borrows her beau, has reached the height of grit, in her own estimation. It takes nerve.

Two little children were found murdered in the closet of an empty house. The door of the closet was closed and in front of the door was found a litter of cigarette stubs the murderer had left there, probably waiting until he thought the little kiddies were dead. You say it!

One fine thing about traveling is the discovery that no one is important outside of his own camp grounds, but still some people try to high hat it.

No one has any use for cranks any more—it is the self starters who are in demand.

FALSE ALARMS

An unfortunate dog
To whose long narrative
Some bad boys had attached a tin can,
Went full speed down the road
Merely touching high spots
And he howled with pure fright as he ran.

An old wise looking dog
Who was watching the flight,
Turned and said to a dog that was near,
"If that fool running there
Would investigate things
He would find he has nothing to fear."

So my friend if you'll stop
And quite boldly will face
The unknown thing which threatens you harm,
You will probably find
When you see it aright
You have really no cause for alarm.

SURE, WE'LL HELP

Volant, Pa., March 15, 1927.
Mr. Fred Rentz:
Dear Sir:
About three weeks ago the ladies of the Volant Presbyterian church met to plan and discuss how they might go at it to secure funds to buy a new carpet and do some other necessary repairs.
While the committee was waiting for the ladies to gather, one came in with her New Castle News in her hand.
Some one asked if she could not come without her News. "Yes," she said, "But soon I would have to give it up if we raised money to buy a new carpet." For she could not spare the money for both. Another one said that would be her trouble, but did not like to do without it.
Another one asked how many in the crowd took The New Castle News. Up went (20) twenty hands. Now she said there was a chance to get the paper for a year, or write to Mr. Rentz and ask him for the price of twenty papers for a year. So this is how this letter comes about. So now it's up to you. If you can see your way clear to give us a lift in our work, be it great or small, you will be rewarded.
Address same to treasurer,
MRS. T. C. BLEVINS,
Volant, Pa.
Yours Sincerely,
ONE OF THE COMMITTEE.

We know it is up to us to help and no doubt there are others in New Castle who will also do so. We are heading the list with Ten Dollars and have sent the check to Mrs. Blevins. Such loyalty to the church deserves a reward.

The principal problem the Chinese have to wrestle with seems to be how to keep China from the Chinese.

Those of us who worked on farm in our early youth and had to work from early in the morning until late at night, sure had good healthy bodies and minds. It makes us smile when we read of the playgrounds it takes now to make that kind of stuff and the farms are crying for help.

Ford is reported to have two ancient hearses stored away, but that is about the only thing they haven't accused him of in the libel suit that is now on trial.

One of the banks at South Bend, Ind., is teaching the young lady employes how to shoot as a means of protection if bandits come around. Coupled with the natural aptitude they have displayed, we can expect a new race of sharpshooters.

James Madison is reported to be the last President of the United States to wear knickers when he was "dressed up". Since that time we haven't had a real golf player for President, but the golfers have hope.

The Republic of Hayti objects to the visit of Senator King as an undesirable. Thus does fame travel. Hayti has evidently heard of Senator King and doesn't want him around. Wonder what the little island republic would do if Borah, LaFollette, et al would visit them.

The unusually warm weather of the past few days means that gardens will be two or three weeks earlier than usual. That is a good sign and we'll be having big tomatoes away head of last year.

Advertising men of all over the state of Pennsylvania are coming to New Castle next January for a several day visit. Local enthusiasts should realize that this is a real opportunity to spread the fame of New Castle over a large area and by that time we ought to be ready to put our best foot forward.

G. O. P. senators want Borah to remain in the United States we have read and we wonder over the question if anyone from the outside has put in a demand for him.

We never could see what a man or a woman either for that matter cherished a grudge and wants to get even with people for. Most of the times they are themselves in wrong and doing some mean thing they think is getting even doesn't give them any satisfaction but some people are just naturally childish along that line.

Queen Marie is becoming Americanized fast. After she has returned home she is reported as having declared that there ought to be a Ford factory in her country. Wouldnt that be nice?

Could Washington be elected president today has been asked us in the form of a question? Yes we believe he could but it would be over the dead bodies of LaFollette, J. A. Reed, Borah and a few others.

Washington photographers who are used to snapping Mrs. Coolidge on a hike say that she is the fastest walker in the capital. It must be a fast family. Her husband also runs well.

Swedish and Dutch companies will work iron mines in North Africa, containing marvelously pure iron, and a low percentage of phosphorus.

Plenty of water power goes to waste in Africa, and electric power, according to a recent announcement, can not be carried one thousand miles. If the Swedes and Dutchmen can connect their African iron mines with cheap electric power and manufacture it by the new electric process, they may cause those learned gentlemen, Gary, Farrell, Schwab and Grace, to think hard and ask for a higher tariff.

* * *

However, American steel concerns are already buying iron in Brazil and many other places, and "sewing up" electric power. They will probably manage to keep ahead.

The common stock of the big steel company is declared by experts to have a book value of $219 a share and to be earning above 12 percent net. That's the stock that the hasty Carnegie called "pure air, not even water, and one that will never be worth anything," when he refused to take a lot of it for nothing. You never can tell about values in the United States.

To a gathering of New England business men, Secretary Hoover gave a clear, convincing outline of the St. Lawrence shipway project.

A comparatively simple engineering plan, it will have greater importance than the construction of the Panama canal, and the only difficulties in the way of political difficulties, the necessity of a working agreement between Canada and the United States, territory of both nations being used in the canal work.

The building of the canal would create five million horsepower, which would be fairly divided among Canada, New York state and New England, and, in the long run, pay for the canal many times.

It would be an interesting comment on our home methods, and senatorial dignity if Canada and the United States should manage to build the St. Lawrence shipway, opening the lakes to the ocean, while the United States still talks about developing its own Colorado river power.

In Canada, E. V. Sterry, an Englishman, is sentenced to sixty days in jail for blasphemy.

"Scurrilous and opprobrious, indecent and libelous criticism of God, the scriptures and the Christion religion," was the charge against him. If he was guilty, the punishment is deserved, you have no more right to hurt the religious feeling of others than you have to hurt their bodies.

The United States post office definitely forbids sending the "Decameron," by Boccaccio, through the mails. That is another wise decision which should not have been postponed so long. Mailing or selling that book should carry with it a sentence to prison.

Westfield, N. J., will handle a mad dog scare by shooting all unmuzzled animals anywhere they may be found. That will hurt the feelings of those that love "man's best friend," the dog; but in Westfield three animals have died of rabies in a week, seven children have been bitten, and that, presumably, hurts the feeling of the parents.

In Russia rabies spread by dogs among packs of wolves is spreading so rapidly that the Pasteur Institute cannot treat one-half the patients. Within a year, it is said, 342,000 persons have developed hydrophobia.

Great Britain solves the problem by first wiping out hydrophobia at home; then allowing no dog to come in without thorough quarantine.

HOW A PAINTER WORKS

A good insight into the way the wheels go round inside the head of a painter has been furnished by Sir John Lavery, a world renowned painter of England who is now in this country.

Like every other genius he has no idea how he produces his works. Sometimes those upon which he expends the most energy and trouble are failures; sometimes those upon which he spends the least are successes. He never can tell.

I suppose it is that way with every worker. A preacher often notices that those sermons upon whichhe expends the most study make no impression, while those addresses which he would call second-place are very successful. So much depends upon the inspiration of the moment.

It is an inspiration after all that releases the hand and untiles all the faculties. All the amount of training and work you put into a matter count for naught unless you have the divine spark.

Sir John Lavery has no philsophy about the way he does his work. He just does it—that's all.

"I have my head all the time in a paint pot," he says, "and even when I take it out still for several hours it goes on dripping paint."

He says he has no time to form general ideas nor a conscious, critical philosophy.

As a rule a critic is one who cannot produce, and producers are poor critics. Critics can tell you just how a thing has failed, and they usually do, but a producer cannot tell you how he succeeded.

Into the life of every man luck somehow forces its way.

Henry Ford owes much to his inventive genius, but he could not have gotten along unless luck had favored him.

It was luck that had largely to do with Calvin Coolidge and others in authority.

That is no detriment to their ability, as luck does you no good unless you have the strength and power.

But every successful man looking back over his career sees many an instance in which opportunity came to him and gave him his chance.

Sir John Lavery also emphasizes the fact that he has "given up every pleasure and every distraction and lives rigorously, concentrating his whole being upon his work."

Almost every one who has succeeded has had great ibility to work. In fact, genius might be called the capacity for hard work. It is the man who keeps on who succeeds, the man who will not be defeated.

POEMS HOME

BY CHARLES HANSON TOWNE

"At the Stage Door," by Arthur Symons.

This poem may seem a bit old-fashioned now; for young men, apparently, no longer dally at stage entrances in the old romantic way. The value of the lines lies perhaps in their historical interest, their keen knowledge of youth and its often steadfast clinging to an ideal. Symons is an English poet, still living, who has made beautiful and sympathetic translations of Verlaine—perhaps the best that have been done. He has restraint to a high degree—the admirable restraint of the born artist. His essays on many subjects are filled with delicate phrases; and what he wrote of the Mona Lisa has been called one of the best fragments of English prose. He is a fine critic, as well as a fine poet.

Kicking my heels in the street.
Here at the edge of the pavement
I wait, and my feet
Paw at the ground like the horses'
hoofs in the street.

Under the archway sheer,
Sudden and black as a hole in the placarded wall,
Faces flicker and veer,
Wavering out of the darkness into the light,
Wavering back into night;
Under the archway, suddenly seen, the curls
And thin, bright faces of girls,
Roving eyes, and smiling lips, and the glance
Seeking, finding perchance,
Here at the edge of the pavement, there by the wall,
One face, out of them all.

Steadily, face after face,
Cheeks with the blush of the paint yet lingering; eyes
Still with their circle of black . . .
But hers, but hers?
Rose-leaf cheeks, and flower-soft lips, and the grace
Of the vanishing Spring come back,
And a child's heart blithe in the sudden and sweet surprise,
Subtly expectant, that stirs
In the smile of her heart to my heart, of her eyes to my eyes,

The World AND THE Mud Puddles

HOW MANY COULD PASS?

There are many who think that the youth of America are not receiving as fine a brand of education today as did the youth of the last generation. Such critics should take into hand a set of the College Entrance Examination Board's examination papers. If this were done, I believe the critics would admit that more knowledge is required of Young America today in order to gain admission to one of the Nation's leading colleges than has ever been required. The examinations are stiffer, they are broader. They require more intelligence on the part of the applicant for admission than ever before. I have a set before me that was used last June, and here is a plain question in Grammar.

"Matthew Arnold once said: 'Here, once more, Culture lays on us the same obligation as Religion, which says, as Bishop Wilson has admirably put it, that 'to promote the kingdom of God is to increase and hasten one's own happiness.'"

The Examination Board asks the applicant to point out the dependent clauses and state the relation of each to the rest of the sentence. The Board also asks that the syntax of the following words in the quotation be given. "Religion," "that 'to promote'", "hasten".

In the English examination, the student is asked among other questions the following three: "What aspects of one of Shakespeare's plays might be most adequately presented in moving pictures? (Illustrate your answer from a Shakespearean play other than Hamlet and Macbeth.)"

"Show by reference to specific poems how a lyric differs from a narrative poem."

"Give an account of a domestic scene in the Iliad, the Odyssey, or the Old Testament."

In American History: "What powers does The Constitution of the United States deny to Congress, and what powers does it deny to the States?"

"What policies in regard to the relation of the Government to banks and banking were advocated by Alexander Hamilton, Andrew Jackson, S. P. Chase, and the authors of the Federal Reserve Act?"

"Name and locate the Western Boundary of the United States in 1783; the Mexican Boundary as fixed by 1848; the Southern Boundary of the Oregon Territory after 1819. Name and locate on the map a place where Napoleon Bonaparte published a decree that interfered with American shipping."

In English History: "When and how did England come into control of the following places: Canada, India, Gibraltar, Palestine? Show the difference in the control which she exercises over each."

"In what ways has the British Parliament become a more representative body since 1830?"

"Name and locate on the map five of the following: Boyne River, Winchester, Plymouth, the Lake Region, Cardiff, Culloden Moor, Worcester, Leeds."

In European History: "Name one statesman (not a king) famous in the history of the Nineteenth Century in each of the following countries: England, Germany, France, Italy. Write as fully as you can on one, and give one important event in connection with each of the other three."

"Give the causes of the dissolution of Charlmagne's empire. What were the provisions of the Treaty of Verdun? How did it foreshadow the present territorial divisions of Western Europe?"

The reader will notice I have only taken questions from the examination papers concerning things which every intelligent American ought to know. I have not referred at all to the Latin, Greek, or the modern language papers. Neither do I refer to the examinations in mathematics, algebra, geometry, trigonometry. The Latin and Greek are not compulsory studies now in the leading colleges. Much criticism has been expressed because they are not. It is however, necessary in order to get a Bachelor of Arts Degree that the student pass an examination in Latin. He must know some Latin to get that Degree, but to get a Bachelor of Science or Bachelor of Philosophy degree, neither the applicant for admission, nor the undergraduate after admission needs to know any of the so-called "Dead" Languages. The applicant must, however, to obtain any degree, have a considerable knowledge of at least one modern language, and know his mathematics well.

The examinations in Grammar, History, and Literature are very exacting, it will be noticed, and require a high intelligence on the part of the applicant. It is not merely remembering dates and names. It is more what have the events of History meant to humans, and what constitutes literature.

I think comparatively few college graduates of the last generation could make even a slight impression upon the College Entrance Examination Board.

News Of Church Activities, Lodges, And Various Other Organizations Of This Community

Class Meeting

Mrs. Charles Spaeth of Pearson street entertained the members of her Bible class of the First Presbyterian church at her home Thursday evening. The following officers were named at the business meeting: president, Hazel Fisher; secretary, Helen Gould; treasurer, Grace Porter.

Games and radio music were enjoyed during the social hour. Refreshments were served by the hostess. The next meeting will take place the third Thursday evening in April at the home of Hazel Servak of Hazelcroft avenue.

Loyal Juniors

Loyal Juniors of Central Christian church met Thursday evening at the home of their teacher, Mrs. J. W. Ickes, of Lutton street. A baseball team was organized with William Kerber coach and James Ickes assistant.

Games were the pastimes of the evening at the conclusion of the business meeting. Refreshments were served by the hostess. The time and place of the next meeting will be announced later.

Officer Connor's Funeral

Funeral services for the late Officer Michael J. Connor of 405 South Ray stret, whose sudden death Thursday proved a shock to the community, will be held Saturday afternoon at two o'clock in St. Joseph's church, South Jefferson street. Monday morning at 10 a. m. there will be solemn high requiem mass in St. Joseph's church, with Rev. Fr. F. J. Eger of Braddock, former pastor of the church, as celebrant. He will be assisted in the celebration of the mass by Rev. A. J. Weisenberger, present pastor of the church, and Rev. Fr. Joseph Seidlmair of Wexford, Pa. Mr. Connor is survived by his wife, Mrs. Elizabeth Eger Connor; one daughter, Mary Elizabeth, at home; one son, Francis Connor, of this city, and the following brothers and sisters: Mrs. Thomas Duffy, James Connor, Mrs. James Barnes and Mrs. B. J. Rogan, all of this city, and Christopher Connor of Johnstown, Pa. Burial will be made in St. Joseph's cemetery.

Central After Banner.

The Christian Endeavor society of Central Presbyterian church is meeting Sabbath evening to introduce a consistent drive to capture the banner at the county rally next Tuesday evening in the Central Christian church.

Miss Margaret Macqueen will lead the meeting. She is chairman of the program committee and is planning for special music and a very appealing and instructive service.

The Endeavors have had one of their most successful years, met all their missionary pledges, sewed for the navy and have a large enrollment.

Daughters of Veterans.

Daughters of Union Veterans of the Civil War met in the Sons of Veterans hall in the city building. An informal social time was enjoyed after the lodge meeting, with Mrs. Flora Sowash, Mrs. Sarah Fray and Mrs. Margaret Clark in charge. Refreshments were served. Plans were made for a card party to be held March 29.

Speaks to Students.

Rev. L. Louis Aber, school administrative superintendent of the Pennsylvania State Sabbath School association gave an address at the Senior high school chapel period that was highly appreciated. The greatest difficulties in life are within each individual it was pointed out and in the race of life a man should strive not to pass others but to beat his own record at his best.

Rev. Aber was loaned to the Lawrence County Sabbath School association for a week of intensive work in the county and yesterday evening at 6 oclock he addressed the Rotary club of Ellwood City and later attended the County Young People's council at the home of Mrs. Grace Benford of Ellwood City.

Rev. Aber will complete his county tour with an adult conference this afternoon at the Princeton Presbyterian church which is being arranged by the Slippery Rock district president, S. H. Shaw and tomorrow afternoon he holds his final meeting of the tour at the Wampum Presbyterian church wher an adult conference will be held which will be in charge of Paul Coulter the Wampum district president and Rev. J. Greer Bingham of the conference church.

Hadassah Chapter.

New Castle chapter of Hadassah, the women's Zionist organization of America, is one of the 259 chapters throughout the country that are celebrating the 15th anniversary this month of the national organization.

For its celebration which is to take place on Tuesday evening, March 22, at the Beth Shalme center, the New Castle chapter of Hadassah has planned an unusually fine program carried out in Purim fashion.

A clean dialogue entitled "The Spirit of Purim" coached by Mrs. Louis Sandler, program chairman, will be enacted by the Misses Sara Cohen and Ellen Shiffman.

Current topics by Mrs. Morris Samuels and an original poem by Miss Sherman will be other features of the evening's program. Purim songs and a tableau ballad will be sung by the Misses Florence Weinburg, Freda and Yetta Rosenblum.

This annual function of Hadassah in New Castle is always utilized for the collection of milk bags whose proceeds go to the milk bottle fund and the baby welfare station in Palestine.

Missionary Society.

Woman's Home Missionary society of Epworth M. E. church met Thursday afternoon at the home of Mrs. P. H. Kearns on Leasure avenue. There were 25 present. Devotionals were in charge of Mrs. C. E. Patterson.

The program "Our Templed Hills" was in charge of Mrs. J. C. McMichael, assisted by Mrs. P. H. Reider, Mrs. T. A. Shaffer, Mrs. H. G. Voorhees and Mrs. B. F. Dean. Delegates were appointed to attend the annual deaconess board meeting at the First M. E. church on March 25. Mite box offering was received at this meeting.

Mrs. S. L. Maxwell will entertain the society at the April meeting at the parsonage.

Special Music

A special feature of the evangelistic services this evening in Croton Avenue M. E. church will be music by the ladies quartet composed of Mrs. Ruth Bernard, Miss Mildred Hill, Mrs. Gladys Heckathorn and Mrs. Marion Lackey. Master Bennett will also sing a selection.

The meetings that have been in progress for almost three weeks have been well attended each evening and a good interest has been manifested. The pastor, Rev. T. W. English has been the speaker at all of the seervices.

Birthday Surprise.

Mr. and Mrs. W. E. Challis of the New Castle-Ellwood road entertained at a surprise party in honor of the 18th birthday of their daughter Mildred Tuesday evening. Games and music were pastimes of the evening.

Later the hostess served refreshments assisted by Mrs. C. B. Geohring and Mrs. Clarence Garver.

The guests included the Misses Pauline Klamar, Selma Benson, Elizabeth McKissick, Beulah Houk, Hazel and Gladys VanEman, Ida and Hannah White, Mr. and Mrs. R. S. VanEman, Mrs. Clarence Garver and children, Paul and Lucille, Messrs. Billie Challis, Charles McKissick, Edward McKissick, Stephen Klamar, Billy McBride, Ried Hogue, George Klamar.

J. D. C. Club

A 1 o'clock luncheon was served Thursday in the home of Mrs. Elizabeth Reynolds, Court street, for members of the J. D. C. Club. Mrs. H. M. Reynolds and Mrs. William Reynolds assisted the hostess in serving. St. Patrick's tones were used in decoration.

Special guests were Mrs. Edward Musser and Mrs. William Reynolds. Music and chat were diversions of the afternoon. Little Miss Althea May Reynolds entertained with a solo dance.

The next meeting will be March 31, at the home of Mrs. James Covert, Meyer avenue, when the husbands will be guests at an evening party.

Anti-Stall
TRADE MARK

--QUIT STALLING!

Anti-Stall is one of the foremost steps in Automotive Engineering since the self-starter. YOUR MOTOR CANNOT STALL.

With the New Studebaker

it can be secured as optional equipment at a very slight extra cost.

Every man or woman who drives an automobile will instantly see the advantage of Anti-Stall and why it is now being offered on any new Studebaker Car.

Anti-Stall:

—Starts your motor by simply turning on the ignition switch—without using the foot.

—Is safe, simple, compact, automatic—positive!

—Permits your feet to remain where they should be when driving—on the pedals.

—Relieves all nervous strain caused by stalling motors.

—May prevent injury to yourself or car. You cannot have a "dead engine" on railroad tracks, in heavy traffic or parking.

—Is low-cost insurance—IT PREVENTS.

True to the Studebaker tradition of keeping up-to-date by keeping ahead of the procession, the new Studebaker Cars are the FIRST and ONLY cars in New Castle to be equipped with Anti-Stall as optional equipment.

Anti-Stall is the greatest invention since the Self-Starter. See it on a new Studebaker today.

Come in and ask for a ride.

ANTI-STALL can be installed in any Studebaker. A special invitation is given all Studebaker owners to come and see ANTI-STALL demonstrated. It requires but a few minutes for installation.

Over Million Liquor Prescriptions Are Filled In State During Year

By GEORGE H. MANNING
(Washington Correspondent of The News)

WASHINGTON, D. C., March 18.—Pennsylvania consumed more than 10 per cent of the total amount of medicinal liquor dispensed on physicians' prescriptions in the last fiscal year.

The 2,869 druggists in Pennsylvania who hold permits for dispensing liquor on prescription filled 1,194,755 prescriptions in the fiscal year which ended June 30, 1926, according to statistics just compiled by the prohibition unit of the Treasury Department.

This is a larger number of liquor prescriptions than were filled during the previous year in Pennsylvania. During the fiscal year 1925, 1,111,325 liquor prescriptions were issued by Keystone state physicians out of a total of 13,463,097 in the entire United States.

During the fiscal year 1926, 12,996,327 prescriptions for liquor were issued in the states allowing medicinal liquor to be sold, and Pennsylvania physicians issued 1,194,755.

It is charged by both wets and drys that 90 to 95 per cent of this "medicinal liquor" is diverted for beverage purposes.

The number of prescriptions issued is an accurate gauge of the amount of medicinal liquor consumed, as no one person may get more than one pint of spiritous liquors (whisky, rum, brandy or gin) within 10 days, or more than one quart of wine in 10 days—that is, no amount of liquor containing more than one-half pint of alcohol in 10 days. Thus each prescription represents liquor or wine containing one-half pint of alcohol.

Representative Grant M. Hudson of Michigan uses these figures to show that the bulk of the medicinal liquors issued on prescription in the United States is consumed in five states: New York, Pennsylvania, Massachusetts, Illinois and California. These are the only states in which more than a half million prescriptions have been issued in any one year.

During the fiscal year 1926 these five states issued a total of 8,271,164 prescriptions out of the total 12,996,327 prescriptions in the country. New York led with its 3,125,184 prescriptions. Illinois was second with 2,188,941. Pennsylvania was third with 1,194,755 prescriptions. California was fourth with 1,044,573 prescriptions. Massachusetts was fifth with 717,711 prescriptions.

Twenty-seven states, Hawaii, Por-o Rico and the District of Columbia issued liquor prescriptions in 1926. Twenty-one states prohibit the sale of distilled liquors other than pure grain alcohol, and only 11 of these permit the sale of pure grain alcohol.

States other than the leading in which large numbers of liquor prescriptions were issued last year included Missouri, 670,379 prescriptions; Ohio, 515,664 prescriptions; Wisconsin, 497,000 prescriptions; Texas, 487,184 prescriptions; Maryland and the District of Columbia, 454,768 prescriptions; Kentucky, 382,805 prescriptions, and Minnesota, 307,064 prescriptions.

Galway To Become Ocean Liner Port

(International News Service)

GALWAY, March 18.—The expectation that the North German Lloyd company is about to make Galway a port of call for their eastbound liners, and the possibility that the White Star line might do the same, have sent a thrill of excitement throughout Ireland.

This innovation would mean not only a great deal to the development of Galway, but would give a big stimulus to tourist traffic—more particularly for Irish-Americans visiting the homeland.

Galway is making the fullest preparations for the experimental call of the North German Lloyd liner in May, which will be a red-letter day in the history of the port. Ample facilities exist for tendering, and for the accommodation and reception of passengers.

Every public body in Galway is cooperating to make the project a success, because it is generally recognized that, if the scheme meets with approval, it will open up not only the Connemara districts but all Ireland to new tourist traffic.

Georgia Seeking Funds To Erect Tribute To Girls

(International News Service)

ROME, Ga., Mar. 18.—A nation-wide campaign has been launched to raise $200,000 for the erection of a "shrine to mothers" at the Martha Berry Schools for the underprivileged in the mountains here.

The monument to motherhood will take the form of a dormitory for girls, and it is planned to break ground for the building April 20, when the 25th anniversary of the founding of the Berry schools.

Contributions are said to include a substantial amount from Henry Ford, who recently paid a visit to the school and a family bible, a large illuminated volume which is to repose on the central table in the living room of the building.

A portait depicting an ideal of American motherhood from the brush of a distinguished artist will hang in this room and below it will rest on a shelf, the "scroll of mothers," bearing the names of mothers who have been honored by their children in contributing to the fund.

School Girls Take Jobs In Stores To Gain Experience

(International News Service)

BOSTON, March 18.—Girls from Boston's Memorial high school have embarked upon a career in department store work. Co-operating with the school department several of the large stores have formulated a plan of instruction that will develop trained workers. When these girls leave high school positions in the department stores will await them. They will be well on the road to success and executive position will be within grasp of them because of their training.

Each school day they spend three hours in the department stores. The morning session of their school day is devoted to the regular school curriculum. At 11:30 o'clock they set out for the down town stores. They go on duty at noon and remain behind the counters until 3 o'clock. They then go to their homes and in the evening continue the pursuance of store knowledge in home work specially prepared.

The wave of conservatism now sweeping the world has reached Constantinople. A newspaper there informs its readers that the average American is half crazy.

However, a healthy glow in the old days never came in russet and terra cotta shades.

Short Skirt Is Simply Horrible Say Merchants

(International News Service)

LONDON, March 18.—"I think the short skirt and the bare-leg vogue is horrible and barbarous, and I cannot believe it is going to last. If I had a daughter of 15 or 16, and I met her with skirts stopping at the knee—well, there would be a lively scene."

Thus John Lewis, London's oldest soft goods merchant and owner of a large London store, speaks.

"I think the world is better than it used to be", declared Lewis on his 91st birthday. "But there is one thing I cannot stand, and that is modern women's fashions."

On the other hand, look what balloon pants have done for the bow-legged boy.

Michigan Town Caught In Flood

(International News Service)
SAULT STE. MARIE, Mich., March 18.—Several streams swollen by melting snow and recent rains have isolated the village of Pickford, 25 miles south of here. Bridges today are five feet under water and are being threatened with destruction by floating ice.

Residents of the north side of Pickford today were unable to reach their business places and high school. Automobiles became stalled in water as they were driven across bridges. Horses working up to their shoulders in water were used in extricating the cars. Others are hopelessly mired in mud.

There is no indication that the flood is subsiding.

DEFUNCT BANK OFFICIALS WILL FACE JURY SOON

(International News Service)
PITTSBURGH, Pa., Mar. 18. — Organized labor in the Pittsburgh district today moved to insure early trial of the officials of the defunct Brotherhood Savings and Trust Company bank under indictment on conspiracy charges in connection with the Charles E. Knapp "bargain bonds" deal.

The Central Labor Council, representative of labor in this district, after a hectic session in which more radical members advocated immediate legal action to bring Roland A. McCrady, president of the labor bank, J. L. Nelson and William Kelly, officers, to trial in the case, decided to send a representative to confer with District Attorney Samuel H. Gardner.

The laborites, stirred by published reports that charges against the bankers might be nolle prossed following Knapp's plea of no defense and subsequent sentence to 1½ to 3 years in the Western Penitentiary, are prepared to demand immediate action in the deal which wrecked the labor bank.

The labor bank's loss in the Knapp bonds deal has been estimated at $150,000, and in indictments against the men involved it was charged that bank heads conspired with Knapp to purchase nearly a million dollars worth of paper for $340,000.

PIMPLES AND BLACK-HEADS ALL OVER FACE

Was ashamed to be seen—simple remedy brought quick improvement

Munden, Va., Aug. 5:—"Awhile ago I began to be troubled with enlarged pores and blackheads. Then pimples developed, and even boils. My skin was very sore and in a terrible condition. It was so disfigured and unsightly I was ashamed of it. I tried about everything to be had for pimples, but with no good results. I had heard Resinol Ointment and Soap so highly recommended for troubles like mine, I decided to try them. After one treatment there was a decided improvement, and the pimples began to fade away. I advise everybody with skin trouble to try Resinol." (Signed) Miss Hazel Beasley.

NEW CASTLE AND JEANNETTE — W. J. OFFUTT CO. — NEW CASTLE AND JEANNETTE

New Ideas In Choral Singing

Russian Symphony Choir, Here Tonight; Has Remarkable Program

Choral singing is, perhaps, the earliest musical expression of the human race. It is only natural to assume that, when humanity began to gather in groups for better results in its various activities, that music-making also became a mass-action. In the absence of instruments, with the possible exception of the primitive tom-tom, the human voice, no matter how coarse, was the easiest instrument to express all these emotions which since immemorial time find expression in music. Thus, the choir was created.

Eventually, music found its kindest patron in the church. There, too, the choir was best suited to express the deep religious feelings of the praying masses. Thus, evolved the church choir. Most of the early music, before the days of virtuosos, instruments and orchestras, was written for four voices. There developed two distinct schools of choral singing, the Italian and German. But the foundation of both was still church music. In other words a capella singing.

The first signs of departure from these established schools of choral singing, came from the gypsies, those nomadic tribes, which abound in Southern Russia, contributed not a little to the development of new forms of choral singing. And finally, Basile Kibalchich, conductor of the Russian Symphonic Choir, which will appear here at the Franklin Junior High School Auditorium tonight began to conceive a choir as a human orchestra. From conception to realization is but a matter of constructive ability. And Mr. Kibalchich began to organize choirs, wherein each voice is given the same value as an instrument in a symphony orchestra, and for which music is written as it is for a symphony orchestra. The result is best described in the words of the New York Herald-Tribune, that "Each member of the choir seems as much under the conductor's direction as instrumental players of a well drilled orchestra."

To local music lovers it will be a revelation to hear this choir bring out in a remarkable program of classical and folk music Mr. Kibalchich's new ideas in choral singing.

Haitian President's Snub Of King Surprises Capital

By CHARLES P. STEWART
Exclusive Central Press Dispatch to New Castle News

WASHINGTON, March 18—Senator William H. King of Utah, who was barred, as an undesirable alien, out of the brunet republic of Haiti, by President Louis Borno , a few days ago, doesn't class as a very radical member of the upper house of congress.

A Democrat, he's an anti-administration man, but not a vicious one.

There are Democrats on whom the "old guard" Republicans count for help when they need it. King isn't that kind. He's in the "opposition," but only as a mild liberal. He isn't even faintly "pink," much less a "red."

If Borno had barred some really turbulent senator, like Jim Reed or Borah or Shipstead, Washington might have seen some sense in it.

Yet Shipstead, about as unmanageable a solon as makes speeches on Capitol Hill is on a West Indian tour, too. Haiti's said to be on his itinerary, and from all the state department is able to find out no objection's raised to him.

To strain at King and swallow Shipstead looks a good deal to Secretary Kellogg like gagging over a gnat and gulping a camel down whole.

* * *

The fact seems to be that Borno's case against King is personal.

The Utah senator has been extremely critical of the Washington government's policies in all parts of the world where the United States has dependencies or "spheres of influence."

He has accused the state department of setting up dummy native rulerships in small countries where Americans have large interests — puppet administrations which wiggle as Washington pulls the strings.

In short he says, we're traveling the path of imperialism which he considers a mighty bad route to take.

Other senators have said the same thing but where King probably penetrated Borno's epidermis was in holding the latter's regime up to public inspection as about the worst of the state department's creations.

* * *

It isn't human nature for a president to like being referred to as a "puppet" and to be referred to as a blamed poor specimen even of a dummy and a usurper and tyrant to boot, was enough to get any dusky chief executive's goat.

King hasn't scrupled to describe Borno in substantially this way.

It didn't particularly hurt the feelings of the state department, which is used to being bawled out by opposition senators but evidently it left Louis Borno dead sore.

* * *

It's safe to say that the Haitian government head's order against Senator King took Secretary Kellogg as well as the senator considerably aback.

Borno visited Washington about a year ago.

He didn't give the impression then of having much spunk.

As a guest of manifestly African descent he was received in the semi-southern capital politely indeed but somewhat at arms-length.

He speaks little English which made him appear awkward. Obviously he was ill at ease, clearly knew who his bosses were and generally was sized up as rather meek.

Now he doesn't hesitate to warn a United States senator off his front steps as unceremoniously as Ellis Island turns a European count or countess back from the port of New York.

* * *

Only are they Borno's front steps?

Washington may have something to say about that.

Kings an "opposition" senator to be sure, but Ethiopian presidential snubs to United States senators regardless of politics don't "take" very well on Pennsylvania avenue.

'Bigger Family' Appeal Falls On Deaf Ears

PARIS, March 18.—French families that have few or no children are getting thoroughly tired of being told that it is their duty to have large broods.

"Set the example," one of the fathers' and mothers' representatives replies to a recent blast of repopulation propaganda, much of it by bachelors, old maids and rich persons with few descendants.

Charles Richet eminent authority on medicine and noted investigator of things psychic, is the latest to stir the small-family people. As the father of seven he is qualified to speak.

"Natality," says Richet, "is the only important problem for us to solve."

Prizes for large families in France, it is remarked, almost invariably go to poor persons. "It's the large family that keeps them poor," comments one critic.

In any case, whether France needs more citizens for industry or for the army, it is evident from statistics that the cry for "more children" hasn't had much influence.

Bulgaria To Treat U. S. Mail With Care

(International News Service)

SOFIA, March 18.—Owing to the temptation of Bulgarian postal employes to open letters coming from the United States, the Bulgarian postal authorities have issued orders that all letters emanating from America shall be treated as registered and signed by the recipient.

Thus the safety of American letters will be secured, and their contents, the possession of which has been the real reason of their despoilation by various persons from the postal men to any other individuals who may obtain possession of them, will at last in every case get to their rightful owners.

Of late months there have been many complaints — chiefly from country districts—of letters from America being opened and banknotes extracted. It is estimated that as there are over 50,000 Bulgarians in the United States, at least a quarter of a million dollars are being sent to Bulgaria yearly as gifts to various relatives and friends, and the temptation to open American mail is thus very great.

Northern Baptists Will Raise Million

CHICAGO, March 18. — Plans for raising $1,000,000 by individual gifts to complete the NorthernBaptist convention's $6,360,000 budget for the continuation of missionary and educational work at home and abroad, were approved today by the executive committee of the Northern Baptists and 75 ministers of the organization.

This action followed an address by Dr. J. W. Whitcomb Brougher, of Oakland, California, president of the convention, in which he declared that critical conditions had arisen in foreign mission fields because of the decline of the purchasing power of the American dollar without a proportionate increase in donations from the churches.

John D. Rockefeller, Jr. has already contributed $250,000 of the sum required, leaving an unsubscribed amount of $750,000 to be raised.

Snow Storms Damage Big Peach Orchards

(International News Service)

RALEIGH, N. C., March 18.—The Sandhill late peach crop will be slashed considerably on account of recent heavy snows in North Carolina, according to agricultural experts here.

The Elbertas, a late variety, are reported a total loss in the Sandhill section following North Carolina's record-smashing snow, which reached a depth of 30 inches.

This variety was reported an 80 per cent loss in some places. The early varieties are believed to have escaped serious injury.

British Railroads In Hopeful Outlook

(International News Service)

LONDON, March 12.—The future of the British railroad industry looks more hopeful than I have seen it for many a day," says Sir Guy Granet, the leading railroad manager of Britain.

"Practically all our reports from industrial centers indicate that trade is definitely on the mend," continued Granet, who is president of the London, Midland & Scottish railroad.

"I think it not unreasonable that our receipts from freight will show a definite advance on those—not for the lamentable year of 1926—but for the normal year of 1925.

"But the material losses of the coal strike will be reflected in our definite earnings. The people are definitely poorer for that strike and it will be some time before they are able to spend money freely on railroad traffic as they did in the years immediately after the war.

"The general strike, followed by the coal strike cost this one concern $57,500,000 by loss of receipts alone. Increases in fuel costs brought our total loss up to $82,000,000.

"But it is over now, and the railroadmen are working loyally to recover prosperity."

The London, Midland & Scottish railroad has had to withdraw nearly $45,000,000 from its reserves this year in order to pay a dividend of 3 per cent. The other three of the "Big Four" lines had to make similar sacrifices. The reason is that, in Britain, if a railroad cannot pay a three per cent dividend, it ceases to be a "trustee stock".

Ancient Temple Is Found In Russia

(International News Service)

NOVOROSSICK, Russia, Mar. 18.—An ancient Greek temple, estimated to be 2,300 years old has been discovered near here at the village Pilenkovo in the Sochi district. Workmen engaged in excavating for a railroad uncovered portions of the building.

Archaeologists sent from Moscow completed the excavation and identified the structure as the temple of the Diosucuri mentioned in the annals of the historian and geographer Strabo about the year 15 A. D.

The temple was ornamented with many statues of the twins Castor and Pollux. It is estimated to have been built about three or four centuries B. C.

Ladies To Banquet Men's Bible Class

Event Will Be Next Thursday Evening—Other News Notes Of Seventh Ward

Plans are underway for a banquet to be given in the Mahoning Methodist church dining room on Thursday evening, when the three ladies adult Bible classes will banquet the Men's Bible class of the church.

There are three general chairmen in charge of the event. One from each of the three ladies adult classes. The classes giving this banquet for the men are taught by Mrs. M. M. Tindall, Mrs. I. E. McCoy, and Mrs. J. A. Waddell. Chairmen are, Mrs. A. T. Johnston of Mrs. Tindall's class; Mrs. D. C. Williams of Mrs. McCoy's class; Mrs. J. M. Conn of Mrs. Waddell's class.

The committee in charge recently had a meeting at which time plans were discussed for the event. There will be a banquet, and after the banquet there will be a social time. There will be special entertainment during the evening.

BLUE TEAM IN LEAD

The Blue team, under the leadership of James Yeager is leading the campaign at Mahoning school. This team has quite a lead over the other teams.

The Junior High group is divided into three groups. Blue team, captain James Yeager. Green team, captain Hazel Smith. Red team, captain Joseph Wylie. This contest ends Tuesday.

Pupils are all working hard so their particular team will be the winners. A chart is posted outside the office on the second floor denoting progress of the teams. The winning team will be given a party by the losing team.

CONDUCTING SERVICE

Rev. J. N. Croxall, pastor of the Mahoning Methodist church will conduct the service in the Almira home this evening. A number of members from the local church plan to attend the meeting.

FORMER RESIDENT ILL

Word has been received here by friends of the serious illness of Mrs. A. C. Kiser of Columbiana, O., a farmer resident of the ward. Mrs. Kiser has been very ill with plural pneumonia but is reported getting along nicely now.

Excellent values in Wall Paper, moderate prices at Scheidemantle's, Liberty street.—Local 1t*

BANQUET POSTPONED

The Mother-Daughter banquet previously planned to be held Monday evening by the Sheehy-Miller auxiliary in the church will not be Monday evening. Further plans about this banquet will be announced later.

Hungary Imports Wasps To Save Big Apple Crop

(International News Service)

SOPRON, Hungary, March 18.—Millions of Italian wasps will be brought here to save the apple crop of Hungary. These wasps have an appetite for the plant lice that are killing all the apple trees of the country according to the experts of the Department of Agriculture which is bringing in the insects to save the orchards.

The lice first appeared three years ago but already have destroyed a fourth of the trees in Hungary, where most of the high grade apples of Europe are grown. The loss to the farmers and industry of the country has been estimated at six million dollars for the three years.

These wasps are only found in northern Italy but already negotiations are under way between the two governments to transfer several hundred crates of them to their new field of labor and plenty.

Finder's Keepers New Detroit Law

(International News Service)

DETROIT, Mich., March 18.—Douglas Bruce found a lady's wrist watch and called on Assistant Coporation Counsel T. H. Goldstick to ascertain the procedure by which he might claim the adornment.

Goldstick, after thumbing thru musty law books, dug up a passage entitled, "Lost Goods and Stray Animals," adopted in 1857. His answer was:

Within two days have notice of the find posted in two public places in the township.

Within seven days have the township clerk make an entry of the finding.

After one month advertise in the newspaper for six consecutive weeks.

Have article appraised by a justice of the peace and file the appraisal with the township clerk (Cost 56 cents.)

After a year the article may be claimed, provided the finder splits half with said township clerk.

Failure to live up to all this, Goldstick found, would bring a fine of not less than $10 and not more than $50 or 90 days' imprisonment.

Bruce, after hearing the terms, decided to turn the watch over to the police and forget it.

True matrimony is a state of mind which at last brings a woman to the honest confession that she hates a pipe.

Beauty's Secret Is In Health

Every woman is entitled to two of the greatest elements of beauty—an attractive form and a good complexion. Scrawniness is never beautiful, however well hidden it may be. Nor is a sallow, colorless skin. Yet how many women go through life mortified, by either or both of these defects!

Some consolation may be found in the fact that scrawny, sallow people are not well. If they were, Nature would provide the soft curves of a good form and the clear attractive texture of a good complexion.

What to Do for Beauty

These are absent because the bodily processes of digestion and elimination are not working right. No matter what the reason may be, World's Tonic will help on the way to be beautiful. This wonderful medicine will clear up the blood, relieve clogging of the bowels and skin, and purify the complexion as well as tone up the digestion, so that normal weight may be regained. Thousands have been wonderfully benefitted by its use.

World's Tonic is sold by McKee's Kut Rate Store, Eckerd's of New Castle, Inc., Paisley's, Smith's and all other good druggists. (221)

Seek Deep Oil Basin In Western Penna.

Expect To Reach Great Quantities Of Both Petroleum And Gas

KANE, Pa., March 18.—Efforts of the United Natural Gas Company to sink an experimental well 7000 feet deep are attracting attention from oil and gas field operator as well as scientists. The well located near La Mont, is now at a depth of 5450 feet.

During the progress of the drilling below the 2200-foot level, which is the average depth for that field, no great quantities of oil or gas have been encountered, although small veins of gas with great pressure have been tapped frequently. According to drillers this would indicate a large gas vein in some strata of the earth's crust, the leakage from which fills these pockets or hollows in the rock. A show of petroleum was discovered below the 3000 feet level.

The well is being drilled strictly for experimental purposes. From a commercial standpoint enough gas has been found to have made it a paying investment if work had been stopped when the larger veins were encountered, but the gas strikes were cased off with steel tubing. Samples of the various formations of the earth's crust opened by the drill are preserved and a record is kept of the temperature of the well at various depths the reading showing about 120 degrees Fahrenheit at the 5000 feet level.

Many oil and gas operators believe that somewhere deep below the surface of the earth are immense reservoirs of petroleum and great volumes of natural gas which eventually will be tapped by drillers.

The cost of sinking this well will be more than $100,000.

Older Husbands Back In Fashion In France

PARIS, March 18.—Older husbands are back in fashion, says one of France's most serious periodicals.

Increased freedom in the relations of young people, declared this weekly, has lessened girls' confidence in the romantic youth. He may shine as a lover, but his beloved checks him up mentally, detects his youthful inconstancy, and marries some older man of settled life and solid qualities.

Observers remark that the return to the old system of marriage arranged by parents has been completed, after some postwar interruptions.

Player Says Actors Do Not Need Brains

LONDON, March 18.—Actors don't need brains, Owen Nares, one of England's foremost players, is quoted as telling the Evening News. "Some of the very greatest certainly haven't got them," he added.

Actors are born with the faculty for absorbing stage technique, according to Mr. Nares, and after mastering the technical side they are able to interpret the different characters successfully without really using their brains.

Minstrel Show Scores Heavily Thursday Night

Large Audience Well Pleased With Home Talent Production

Many Features To Independent Athletic Association Minstrel

The Independent Athletic association of New Castle is not only composed of athletes, but actors as well, and the boys proved this in a very satisfactory manner at the Ben Franklin Junior High auditorium on Thursday night in their rendition of the Indie-Ayes Dark Town Minstrels.

Fully fifteen hundred people filled the huge auditorium and to say that the patrons liked the show would be putting it in mild terms.

"The best amateur minstrel show that I have ever seen and I certainly would enjoy seeing it again" was the favorite expression of the patrons as they wended their way out of the auditorium at the conclusion of the show.

Well staged.

From top to bottom the production was staged in a manner that speaks volumes for the ability of the actors and managers. The show was first class in every detail and the performers received plenty of applause for their efforts. There were few dull moments and for the greater part of the time the actors had a hard time in getting their stuff across, due to the interference of the audience with laughter.

William "Bill" Chill of Youngstown had been slated as the master of ceremonies last night but Chill reported with a severe cold and the duties of directing the show were left in the hands of Michael Ross and Mr. Ross in the substitute role handled the job well.

The production was staged in three hours which is good time for the number of features that crammed the bill. As a benefit performance the show was a financial success in every way.

Steve Griffith and his Penn-Castle orchestra furnished the music for the occasion.

Following is the program arranged under the direction of J. V. Bullano:

Act 1, Scene 1.

One Night of Minstrelsy.

Master of Ceremonies—Michael Ross.

Chorus—Frank Colo, D. Mercella, Vitus Conti, Michael Ross, Frank Macchia, Emilio Strizzi, E. Eckles, Charles Augostine.

In Day's News

Many Canadians of middle age who remember when royalty held sway at Rideau House may be surprised to learn that the Princess Louise, Duchess of Argyll, today enters upon her 80th year. It was near the close of the '70s that her Royal Highness, then the young and beautiful Marchioness of Lorne, came over to Canada with her husband, who had been appointed Viceroy of the Dominion. Four years previously the wedding of the Princess and Lord Lorne, son and heir of the Duke of Argyle, had taken place in St. George's Chapel, Windsor, the bride being given away by her mother, Queen Victoria. The Duchess of Argyll, as she became upon the death of her father-in-law in 1900, spent several delightful years in Canada and she has always entertained the most affectionate regard for "Our Lady of the Snows."

Just Folks

By EDGAR A. GUEST

TREES ON SECOND AVENUE

So many motors up and down
Go rushing day by day
The trees we planted, as a town,
The city cuts away.

Those great arms grew until at last
Their fingers seemed to meet
To shelter everyone who passed
Along that lovely street.

In June the song birds twittered there
In autumn all who strolled
Along that peaceful thoroughfare
Walked 'neath an arch of gold.

But progress strode into our town
And talked of greater things
Of population and renown
And all that commerce brings.

And beauty sickened in the smoke
And loveliness turned pale,
The elms and maples seemed to choke
In that on-rushing gale.

Today the lovely elms are down,
"We need their room", they say,
The trees we planted as a town,
The city cuts away.

Yet Man Playing Friendly Poker Game Wins With Such Chances Against Him, Getting Remarkable Hand

Exclusive Central Press Dispatch to New Castle News.

SYRACUSE, N. Y., March 18.—Once in every 8,000,000,000 times, according to the laws of change and averages (a statistician has estimated), a royal flush will turn up "pat" and in proper sequence in a poker game.

It has befallen Frederick B. Northrup, Syracuse insurance man, to draw this unusual hand while playing a friendly game with five companions in a downtown club. Northup was too good a sportsman to bet the hand.

"It would bet betting on a sure thing," Northrup explains. "It would be just like looking out the window before betting whether the sun was shining."

Chances Almost Nil

Mathematicians working on the problem by use of an algebraic formula claim that the chances of drawing a royal flush under any circumstances is only one in 3,300,000 times. Carrying the problem a step further they estimate that the chances of drawing a royal flush "pat" is but one in 7,968,000 times.

Carrying the problem to ultimate, as was the case with Northrup's hand, the chances of drawing a royal flush "pat" and in proper sequence would jump up to once in approximately every 8,000,000,000 times.

Not Everybody Plays

In other words, taking the population of the world as its estimated figure of 1,500,000,000, six poker hands could be dealt to every human being on earth before one royal flush "pat" and in sequence would turn up.

Frederick B. Northrup and his unusual poker hand.

Appearance of this unique poker hand under any circumstances is rare enough to class it as a real news event. Several instances have occurred where players have dropped dead from excitement after drawing royal flushes. Northrup admitted that his heart might have missed a beat as he realized his luck but he experienced no ill effects afterwards.

St. Patrick Parties Are Wampum Features

Two Interesting Social Sessions Are Held At That Place Thursday Night

WAMPUM, Pa., March 18.—The meeting of the Dorcas Chapter of the Presbyterian church held last night at the home of Mrs. E. C. Hulbert was in the nature of a St. Patrick Day event. There were 16 members in attendance. After a short business session the evening was spent in a delightful manner. Mrs. Hulbert was in charge of the devotionals. The home was pretily decorated in green and white and in keeping with the St. Patrick day season.

One of the features of the evening was the stunts performed by those in attendance and for which each participant received a favor. The favors were distributed from a table provided for the occasion. Shamrock cutouts on which there was a verse describing the stunt to be performed by the recipient were used. During the social session Mrs. D. M. Marshall and Mrs. Hulbert rendered a vocal duet.

At a seasonable hour refreshments were served by the committee in charge of Mrs. James Glover, Mrs. E. C. Hulbert, Mrs. James Higgins and Mrs. John Habbyshaw.

YOUNG PEOPLE HAVE PARTY.

The Young People's council of the Wampum Sabbath School district last night in the Presbyterian church held a St. Patrick's day social. About 60 young people were in attendance and an interesting program in keeping with the occasion was presented. The church was very prettily decorated in green and white and in keeping with St. Patrick's Day.

The program presented follows: Piano selection, Eleanor Grinnen; reading, Jane Morrow; vocal selection, Earl Herbert; musical reading, Irene Minner; piano selection, Paul E. Brown. Various games in keeping with the season of the year were also enjoyed. At a seasonable hour dainty refreshments were served by the committee in charge.

Congressman Swick Now In New Office

Is Assigned Room No. 160 In House Building At Washington, Secretary Hunter Writes

In a message from Harold C. Hunter, secretary to Congressman Howard Swick of this district, now in Washington, Mr. Hunter says that the congressman's office in the house building is now in room 160 a new room having been assigned recently.

The latchkey is always out for the folks from home who may be in the national capital, Mr. Hunter writes, regardless of whether they have business to transact or not, and visits will be welcomed.

Fisher Administration Discards Pinchot Form Of Application Blank

By ROBERT F. GORMAN
International News Service Staff Correspondent

HARRISBURG, Pa., March 18.—The newly created personnel bureau of the Fisher administration today discarded the state employment application blanks, including a long list of questions, used during the past four years by the Pinchot administration and supplanted them with new forms. They will be used in filling all positions which are directly under the governor.

A. Nevin Detrich, personnel secretary, drew up the application form. Instead of the drawn out forms used under Pinchot, the new blanks are brief, asking only for the name of the applicant, address, voting residence, education, business or technical experience and the kind of employment desired. At the bottom of the application is a space for the signature of a sponsor who must personally endorse the signer of the application and recommend him for the position sought.

In explaining the new application forms, Detrich said that in all cases sponsors would be held accountable for the persons whom they endorse and that naturally sponsors to be recognized would have to be persons in whom the administration would have confidence.

Unlike the Pinchot system, the Fisher blanks make no special mention of the 18th amendment. Persons employed during the last four years were asked to sign a separate pledge to uphold the 18th amendment. Governor Fisher declared that such would not be necessary as all persons employed by his regime would, as heretofore, take the oath to uphold the federal and state constitutions, which include the prohibition laws.

The Fisher administration has made few changes in appointive jobs. But as soon as the legislature ends, the task of firing and hiring is expected to begin.

Ford Libel Suit In First Climax

Sapiro Counsel Protests Manner In Which Reed Spoke To Jury

REED DECLARES HE WILL CONTINUE

By WILLIAM K. HUTCHINSON

FEDERAL BUILDING, Detroit, March 18.—The Ford-Sapiro million dollar libel suit reached its first climax today in a dispute over the manner in which Senator James A. Reed defended Henry Ford's attacks upon Aaron Sapiro, the so-called "wheat king".

William H. Gallagher, Sapiro's chief counsel, protested that Reed instead of answering the alleged libels on which the suit was based, had inflamed the minds of the "50-50" jury of men and women by an impassioned attack on the plaintiff and his cooperative marketing activities. Gallagher privately asked Federal Judge Fred S. Raymond to eliminate Reed's speech from the record and announced he would move to strike out the speech as soon as Reed finished.

The only answer from the Ford camp was an announcement by Reed himself that he would continue his mode of defending Ford until the court ordered him to stop.

"Mr. Sapiro evidently is not anxious to have the truth made known about his cooperatives," Reed said. "He certainly has tried to keep these matters secret. I have no intention of conducting this defense as he wants it conducted so I shall continue to tell the jury the facts that we will later on prove by reliable witnesses. That's all I have to say."

Would Censor Free Medical Service Given

(International News Service)
SCRANTON, Pa., March 18.—A resolution favoring a rigid censorship over all free medical service in all hospitals, dispensaries and welfare agencies in the county benefiting by the service of unpaid physicians was adopted by the Lackawanna Medical Society. Abuses which have crept into the medical practice in this city, including indiscriminate dispensation of charity, interference of unauthorized persons with medical cases diagnosis by nurses or other unqualified individuals was the reason prominent physicians said for the rigid censorship plan of the Medical society.

"The purpose of the censorship" said an officer of the society "is to correct open and general recognized abuses and to conserve the rights of the physicians and the community. It is purely an ethical proposition and applies only to the free service."

Poisonous Snake Bites Cause 150 Deaths Yearly

(International News Service)
NEW YORK, March 18.—Poisonous snake bites cause the death of 150 persons each year in the United States according to Raymond Ditmars curator of the New York Zoological Gardens. Most of the deaths he declared occur in Texas, California and Florida.

Recently Ditmar says an American has perfected a snake bite serum which is an absolute cure for rattle snake, moccasin and copperhead poisoning.

Dr. Ditmar reports that whenever a shipment of cobras is received at the Zoo here scores of East Indians visit the Zoo as soon as the gates are open to worship the deadly yet sacred reptile which takes a heavy tribute. The snake is believed by the natives to hold the souls of departed relatives.

Co-ed Rifle Team To Enter Competition

(International News Service)
GETTYSBURG, Pa., March 18.—Among the special events to be staged at the shoot of the Susquehanna League here on March 23 and 24, which will be the first shoot of the season, will be the co-ed rifle team of Gettysburg College matched against a team of men selected from the best shots in the league.

The girls are "green" at the traps compared with the league members, but in their match recently with the co-ed team of the University of Michigan three of the local college markswomen shot perfect scores of 100, one shot 99 and one missed two targets.

Suckers Cost $37 Each In Adams Co.

(International News Service)
GETTYSBURG, Pa., March 18.—Six suckers cost two Adams county men $111 each or $37 a sucker when they were made to pay that amount in fines and cocsts in the court of Justice Appler here recently

The men, Howard Brown of Highland township and Howard Weikert of Hambiltonban township were caught by officers with the fish in their possession, as well as a large part of their equipment used in dynamiting the stream. Marsh Creek to obtain the fish, this being the charge against them. They pleaded guilty to taking the fish illegally but another charge of fishing on Sunday was dropped by the justice.

Canada Plans For 200,00 Immigrants During This Year

(International News Service)
WINIPEG, Manitoba, March 18.—That Canada's immigration this year will reach the 200,000 mark, an increase of nearly 75,000 over last year, was the prediction made by W. D. Robb, vice president of colonization, natural resources and telegraphs, Canadian National Railways, on his recent visit here.

If the present wave of prosperity continues, the railway official would not be surprised to see annual immigration figures reach the 300,000 level once more.

Mr. Robb lauded the new agreement made last fall between the immigration department of the federal government and the railways. The fuller scope now allowed the railways will permit their colonization departments to place the newcomers where they will not jeopardize the native-born Canadians.

Turkey Plans New Aviation Subsidy

(International News Service)
WASHINGTON, March 18.—Turkey has originated a unique aviation subsidy plan.

One cigaret in each package produced in Turkey will be used to promote the cause of aeronautics if a proposal of the Turkish Aviation league, adopted at a conference held in Angora, is agreed to by the national assembly, according to a report from Commercial Attache J. Gillespie at Constantinople.

"It was decided at the conference to seek from the assembly a number of sources of revenue for the league, among which was the suggestion that all packages of cigarets produced and sold in the country should have one cigaret removed and that the proceeds be paid to the league by the tobacco monopoly," Gillespie said.

Many Tramps Stop At Gettysburg

(International News Service)
GETTYSBURG, Pa., March 18.—More tramps have been given good night lodging in the tramps' quarters of the Adams county almshouse this winter than any winter during the past five years, according to the statement of the steward, George Patterson.

As many as 15 knights of the road have been taken care of in one night, while the average of all winter has been about eight, and most of them have been young men.

Steward Patterson said that next fall he will have on the property of the county home the biggest woodpile to be found in Pennsylvania, and he expects this to keep the tramps away from the place.

Pennsylvania Man, Hurt In Nicaragua, Is First Casualty

(International News Service)
PHILADELPHIA, March 18.—Edwin Dankel, 34, U. S. N. signal man, who lost his right eye by the accidental discharge of a cartridge, while on duty in Nicaragua is home to undergo treatment in the Will's Eye hospital.

"Admiral" Dankel, as the wounded sailor is known throughout eastern Pennsylvania, is the first American casualty in Nicaragua. He has a wife and two small children living in Allentown . His parents live in Reading, Pa.

Dankel, a veteran of 18 years of service in the navy, is the Keystone state's best known sailor, having visited numerous ports of the seven seas. He enlisted at the age of 16. The "Admiral" has served as a recruiting officer in various cities in the state.

Dankel's vessel was twice torpedoed during the World war, once on the Mediterranean and again in the Bay of Biscay. He was sent to Nicaragua aboard the U. S. S. Raleigh and after being wounded he was removed to Balboa for treatment.

Use Billions For Building

Amazing Sum Is Spent In Erecting New Structures In Gotham

NEWS NOTES FROM GREAT METROPOLIS

By ARTHUR WIMER
New York Correspondent, New Castle News.

NEW YORK, March 18.—New York City, according to a survey of the construction situation recently made by the department of labor, led all other cities of the nation in the expenditure of money for building purposes during the period included by 1920 and 1925. During those six years the construction cost within the city was $4,011,070,718.

Beginning with $277,695,337 in 1920, the expenditure for building in New York rose progressively each year to $1,020,604,713 in 1925. Second to New York in construction expenditures came Chicago, with Detroit, Cleveland, Los Angeles and Philadelphia following in order.

Special miscellaneous gifts totaling $32,550 besides apparatus and record, were received by Columbia university, according to the latest report of the board of trustees. Seven thousand seven hundred and seventy dollars were donated for immediate urgent needs. Five thousand dollars came from Coleman du Pont to be used in tubercular research.

New York City public library daily carries a burden of traffic that is hardly exceeded by any of its neighboring skyscrapers. From the date of its opening to December 31, 1926, the library has accommodated 44,025,164 visitors. It was officially opened to the public May 24, 1911.

One of the largest life insurance transactions of recent years was recently announced in New York when Joseph P. Day took out a policy for $1,401,000.

Statistics of motor vehicle fatalities for the month of January compiled by the National Safety council of New York show a slight decrease over that month of 1926. The total deaths in the United States for the first month of the year are estimated at 1,430, averaging about 46 every day. In 1926 the average was 49 a day, and 65 a day for January, 1925.

Another bit of fame was added to the theatre district of New York last week when Roxy, the largest playhouse in the world, was officially opened. The theatre is located at Fiftieth street and Seventh avenue and seats 6,200 persons. It is equipped with a three-console pipe organ, the largest permanent orchestra in the world, 21 grand cathedral chimes, a choral group of 100 voices, a ballet of 50 dancers and the vitaphone.

On the opening night of the new playhouse one of the most complicated traffic jams that has occurred in New York for some time took place in the vicinity surrounding the theatre.

An organization to oppose jazz airs in Sunday radio programs has become active in New York City. The organization has named itself the "Keep-the-Air-Clean-on-Sunday society", and is planning campaigns to suppress the broadcasting of jazz musical numbers on the Sabbath.

The society has protested to various broadcasting stations of the city and to Arthur Bachelor, federal radio supervisor for this district. According to Secretary John Henry Maynor, appeals to end the popular concerts will be made to the new federal radio board and to the legislature at Albany.

A gift of $20,000 which will enable New York City college to send a sophomore abroad every year to study for his junior year in a foreign university has been received from Aaron Naumburg, a hat manufacturer of New York.

How Many Live?

Father John's Medicine
Gave This Boy Strength to Live in Spite of "Little Faith"

Mrs. I. R. Gisner, of Brightmoor, Mich, recently declared in a signed statement:

"I believe FATHER JOHN'S MEDICINE saved my boy's life. He is eight now and since he was two had persistent bronchial coughs. A friend advised me to try Father John's Medicine. I had little faith in any medicine then but now I tell everyone who has a bronchial cough to please try it. My boy has gained weight and the cough has left him completely."

FATHER JOHN'S MEDICINE, the great tonic food, puts **strength** into the system to resist the COUGHS, COLDS, and other ailments of childhood which so often end disastrously. Get it; give your child the same chance. No drugs or alcohol. Proven by over 70 years of health victories.

SLEEP NO LONGER INTERRUPTED EXCLAIMS COAL CO. YARDMASTER

63 Year Old Lancaster Man Tells How Famous Mexican Sap Put Him Back On His Feet—Gains 30 Pounds

NO MORE DISTURBED SLEEP

Lancaster, Pa.—Looking as hale and hearty as a man 20 years younger, Mr. F. C. Ruof, well known yardmaster at the Houser & Coho Coal Co., residing at 528 E. Orange St., this city, today told of his amazing relief from chronic kidney inflammation.

"For years my kidneys had been bothering me—first just a little, then they got worse and worse. I didn't know what it meant to enjoy a night's sleep, because my bladder would wake me several times. As a result I was so tired in the morning as I was at night. I lost weight. My legs and feet were swollen, and finally I had to give up my job; nothing gave me any relief. Then I heard about Matamel, and I guess you can tell what it has done for me just by how I look.

"I've put on 30 lbs.—getting up nights is a thing of the past. My weariness has gone, I'm eating better, and on the job like the young fellows. I can't say too much for that wonderful Matamel and will verify my story to anyone calling upon me".

In commenting on this case, a well known doctor says: "If you are troubled with chronic kidney and bladder weakness—in fairness to yourself don't drug yourself with medicines that may do more harm than permanent good. Matamel is a natural sap from the Mexican Maguey plant—not a patent medicine. I have had thousands of cases brought to my attention where it has benefitted sufferers after all else had failed".

Reading of Matamel won't give you its results. You must use it. Call at once for trial can of Matamel at:

Yet some people wonder why OTHERS have *all* the LUCK

CHARLES M. SCHWAB said a wise thing. "I like to do business with lucky men."

Think that over a minute. See how sound it is. If you associate with failures, you're always in an atmosphere of failure. If you associate with winners, all your surroundings help you to win.

"But how can I associate with winners?" you ask.

Here's one easy way—an inexpensive way—a 25-cents-a-month way.

The April issue of The American Magazine is on the newsstands this minute. Go to the nearest newsstand and drop a quarter. Take that April number home.

It's full of winners. Of ordinary men and women who have done extraordinary things. Of folks like you and me who have got hold of the good things of life and held on.

It's like a breath of fresh air filling your lungs. Like getting your second wind. Like waking up in the morning with a head full of new ideas.

And all for 25 cents.

Twenty-five cents to form the habit of being lucky. Of thinking in terms of progress, of bigger opportunities, of greater happiness, of larger, richer, more rewarding life.

Spend that quarter and get the habit. Don't let your life slip away.

German Savings Banks Display Huge Increase

(International News Service)

BERLIN, Mar. 12—Germans have become a saving nation again. According to the latest statistics issued by the Savings Banks, 2,700,000,000 billion marks is the total of deposits in German saving banks in the last year. However, Germany is still very far from having reached the pre-war standard, for, in 1913, the Rhineland alone, saved that much.

The savings, contrary to pre-war time, chiefly consists of deposits, not of shares or securities. This is due to the fact that during the time of inflation people sold their securities and shares.

At the end of 1918 the total of German deposits reached 18,100,000,000 billion marks, and in 1920 it was even 36,400,000,000. This shows that Germany has made up very slowly for the losses incurred through inflation.

The Rhineland, of all German provinces, saves most. In Berlin deposits in savings banks amounted to 106,600,000 marks during the last year.

Drunks In London Tripled Since War

(International News Service)

LONDON, Mar. 18.—Remarkable post-war increases in drunkenness in London have just been revealed by the Home Secretary, Sir William Joynson-Hicks.

Answering questions in the House of Commons, he stated that since 1918, convictions for drunkenness has increased three-fold in the case of men and doubled in the case of women.

In 1918, there were 6,690 men convicted for being drunk and 3,211 women. Last year the figures were 22,631 and 6,226 and between the two periods the increase was gradual.

It is generally believed that the increase has been due to the freer supply of liquor, Britain being nearly dry in 1918. On the other hand, it must be recognized that the total convictions for London are still less than half of what they were in 1913, when 64,713 persons were convicted of taking too much liquor.

"Better for children"
is what authorities say of the natural whole grains

Only a few cereals come to you with all their original nourishment — often some of the valuable parts are milled away.

But the careful millers of Quick Mother's Oats realize the value of the *natural whole grain*. They remove none of the indispensable parts—and for the growth years, especially, this is of great importance.

The tender bran covering of the oat, vitamins, minerals, and a liberal contribution of tissue-building protein — these make a bowl of Quick Mother's Oats with milk one of the most nourishing and healthful breakfasts.

Give it to your growing children often. They will love its rich whole-grain flavor.

Two kinds—the kind you have always known or Quick (cooks in 2½ to 5 minutes). Both with coupons interchangeable with the Aunt Jemima coupons for which you receive so many lovely premiums: silverware, electrical conveniences, etc.

New Cantilever Highway Bridge Spans Frisco Bay

SAN FRANCISCO, March 18.—The largest highway bridge in the world, containing a double cantilever span which ranks among the four longest ever built, is nearing completion across the treacherous waters of Carquinez Straits, on the northern arm of San Francisco bay.

Crews have been toiling four years on the structure, which as an engineering project presented difficulties greater than those of the spanning of the St. Lawrence at Quebec, or the Delaware between Philadelphia and Camden, according to engineers.

The two cantilever spans of the Carquinez bridge are each 1,132 feet long. The only cantilever longer are the Quebec bridge, the famous Firth of Foy crossing in Scotland and the New York-Queensboro structure across the East River.

The huge central pier on which one end of each cantilever span rests presented the most difficult problem. Located in the middle of the straits where the water is 99 feet deep, menacing water dumped from two of California's great drainage systems, the Sacramento and San Joaquin rivers, their mouths just a few miles above the bridge, buffeted the pier at either side.

From the bed of the straits it was necessary to bore 50 feet through rock formation to provide a base for the pier's foundation.

The bridge towers 350 feet in the air equalling the height of a 12-story building. It is 42 feet wide, permitting four automobiles to pass abreast. The largest ship afloat could pass beneath it as it has a 135 feet clearance above the water.

LETTERS TO THE NEWS

EXPRESSES APPRECIATION

Burgettstown, Pa., Mar. 17, '27.
Editor, The News—

A few days ago I received so many kind expressions of good will and good wishes in the shape of letters, cards, remembrances from friends on the occasion of having attained 78 years that I find it impossible to reply personally to almost 100, much as I would like to, so I will ask you to extend to all these friends a grateful acknowledgement of the receipt of the kindly missives.

I want to assure them that I will do my best to realize their desires that I may have many more happy birthdays as I read in a poem once, that: "There is a brother's shoulder under the heavy pack and the thought of cheer though the day is drear, eases the aching back and the grieving heart grows gladder to live in the world with you, when brave and clear on the listening ear, rings out the greeting true."

Thanking you all, I am,
Sincerely yours,
H. R. WILSON, M. D.,

1000 People Killed In London Streets Bring New Rules

(International News Service)

LONDON March 18.—Confronted with the problem of 1,000 people killed, over 100,000 injured in London's "battlefield" streets during 1926, the London County Council has sent out an "S. O. S." to all traffic authorities to hold a conference to see what can be done.

According to the report of a committee of the Council, three-fourths of the people killed in London street accidents are pedestrians, the remainder being cyclists and occupants of vehicles.

The main causes of accident, according to the Commissioner of Police are:

Pedestrians passing between or behind stationary vehicles.

Cycling in crowded thoroughfares.

Riding improperly on vehicles.

Drivers of mechanical vehicles, says the report, often meet with accident in attempting to avoid an erring pedestrian. In other words, the "Jay Walker" often has only himself to blame. "It is the duty of the pedestrian," continues the report, "to protect himself and use ordinary care. In some cases the pedestrian should be held equally guilty with the motorist."

Subways, bridges, and marks to show where roads should be crossed are, it seems, of little use. "It will be," says the report, "a long and painful process before the pedestrian abandons his claim to pass where and how he likes on the King's highway."

"The streets," said Admiral Taylor, a member of the London County Council, "are primarily for motor traffic. Pedestrians simply use streets in order to cross them."

Winter Is Not Over, Kane Prophet Says

KANE, Pa., Mar. 18.—W. O. Altman, Kane weather wizard, who has foretold the weather with amazing accuracy for years, says he hates to annoy people and shatter their belief that winter is over, but he is compelled by indications to stick to his original prediction that a spell of two weeks' winter weather is to be experienced before spring comes to stay. He names Sunday, March 20, as the starting point for the wintry blasts.

Altman says there is a peculiar vapor or veil floating between the earth and the sun and when it floats out of the earth's orbit warm, springlike weather is the result. When the veil is between the earth and the sun the effect is that of a transparent screen that robs the sun's rays of much of their heat.

RESEMBLANCE THEORY OUSTS BLOOD TESTS

VIENNA, March 18.—Blood tests are rejected by Austrian courts as conclusive proof of paternity but fathers who dodge their responsibility face the "science of resemblances."

This "science" has been chiefly developed by court experts. Dr. Otto Reche of Vienna university an expert in some recent cases of note keeps score for and against the unwilling father. When blood test resemblances are confirmed by most of a score of other resemblances which he seeks, he concludes doubt is eliminated. If the tests show merely what might be accidental resemblances he argues for exoneration of the man.

"A nose with a tendency to stand well out in the face" said Dr. Reche "appears invariably to be passed down the line of progeny." Fingerprints, shape and size of ears, color and quality of hair and many other physical characteristics are carefully compared in these cases.

Stuart Replies To Head Of State Motor Federation

(International News Service)

HARRISBURG, Pa., March 18.—Another chapter had been added today to the fight of figures and charges between the State Department of Highways and the Pennsylvania Motor Federation. In a letter to Richard C. Haldeman, president of the organization, James L. Stuart, secretary of highways, last night denied a number of recent charges and asserted that the letters to his department "are not sent in good faith".

The Federation in a series of letters to the department has questioned a number of financial statements issued in support of the move for additional funds for new construction.

"Instead of publishing facts", Stuart wrote, "you have published distortions of facts, rumors and baseless charges. Instead of circulating the truth you have circulated half-truths and untruths. Instead of asking fair questions you have asked questions entwined with insinuations and charges inspired by political animus."

The Stuart letter cited the fact that the Federation had advocated the addition of 1,400 miles to the primary system but had not mentioned anything about finding the funds for such construction and maintenance.

The Federation's charge that certain funds available for construction had not been included in the last financial statement was emphatically denied.

Agentina Signs For Airmail Line To European Cities

(International News Service)

BUENOS AIRES, Mar. 18.—A contract has been signed by Dr. Goyeneche, head of the postal and telegraph department of Argentina, and Latecoere Company of France, for an aerial postal service between Buenos Aires and Europe.

The new service will start September 1st, next, and the company undertakes to transport the whole of European mail handled it by the Argentina post office.

The Latecoerce Company at present successfully operates an air service between France Morocco and Algiers. The new service starting from Buenos Aires will include Uruguay, Brazil, the northwest coast of Africa, Spain and France. A combined system of aeroplanes, hydroplanes and rapid steamers will be used. The length of time calculated for the journey is about seven days, but this time will gradually be reduced to four days by high-powered machines and other improvements after the first three or four years of operation.

The company has already 200 aeroplanes, 40 hydroplanes, and nine fast steamers, with an average speed of 22 knots an hour.

Union Meeting Of Auxiliaries Proves Unusual Success

Several Hundred Attend Afternoon Meeting Of R. R. Brotherhood Auxiliaries

Brotherhood Members Are Guests At Big Meeting During Evening

Fourth annual union lodge meeting of auxiliaries to the railroad brotherhoods was conducted at the Elk's Home in this city Thursday afternoon and evening, in a most successful manner. Approximately two hundred ladies were in attendance at the afternoon session while in the evening there was a crowd of nearly 500 in attendance. Included in the attendance were local members of the auxiliaries and many delegations from out-of-town lodges.

Five Auxiliaries In Charge

Five auxiliaries of this city to four orders of railroad brotherhoods were the auxiliaries that had this union lodge meeting in charge. These auxiliaries are: the two auxiliaries to the Brotherhood of Railroad Trainmen, the Mabel Wilson auxiliary 567, and the August Statzer auxiliary 371. Grand International auxiliary 453 to Brotherhood of Locomotive Engineers. Penna-Bo auxiliary, 326 to Brotherhood of Locomotive Firemen and Enginemen. Ladies Auxiliary 236 to Order of Railroad Conductors.

Four grand officers were present at the meeting. One grand officer representing each of the four orders. Mrs. Mary E. Cassel, of Cleveland, O., grand president of the Grand International auxiliary to B. of L. E.; Mrs. Clara Bradley, grand president of the Ladies auxiliaries to B. of R. T., from Columbus, O.; Mrs. Agnes G. Strong, of Boone, Ill., grand president of the Ladies Society of B. of L. F. and E., and Mrs. Dempsey of Youngstown, O., grand officer of the Ladies Auxiliary to O. R. C.

From ten o'clock Thursday morning until time for the afternoon meeting, the time was spent in delegations registering and getting acquainted.

Afternoon Session

The union meeting in the afternoon opened at 2 o'clock with Mrs. W. G. Campbell, chairman of the day presiding. First on the program was the presentation of the colors by Mrs. C. A. Weaver of the O. R. C. After the singing of "America," the grand lodge officers were presented by the combination drill team. This team was comprised of twenty ladies, four from each of the five auxiliaries, in charge of Mrs. N. A. Morse and Mrs. C. M. Frost. Drill was excellent and effective, the ladies attired in white, with lodge colors, and carrying swagger sticks with colors attached, forming arch way with swagger sticks through which grand officers were led by local lodge presidents and introduced, then welcomed by Mrs. Campbell, chairman of the day.

After the presentation of the grand officers the ladies continued their drill, making the emblems of the various auxiliaries. Ending the drill with making the Keystone, the emblem of our state.

A prayer by Mrs. J. L. Bradley of the Augusta Statzer lodge 371, was the next on the program. The prayer being followed by the members standing in silent meditation in honor of departed sisters during the past year. The address of welcome was by Mrs. John McCort, of G. I. A., 453.

Officers Speak

Short addresses were made by each of the grand officers. Mrs. Cassell of the G. I. A., was the first to speak. This was the first of the four union meetings she has been able to attend. Speaking of, "Loyalty to Order;" speaking also of co-operation and the influence of women, also of religions and politics in auxiliaries.

Mrs. Clara Bradley of the B. of R. T., was the second speaker, bringing greetings from the railroad auxiliaries all over the United States and Canada, congratulating the degree team on their work, telling of duties of members to lodges and the duties of lodges to members. Telling interesting illustrations and leaving the thought, "Be Happy all the Time."

Mrs. Strong, of the B. of L. F. and E., was the next speaker. Speaking of co-operation, efficiency, unity, strength of the auxillaries, telling also of the mission of the auxiliaries.

Mrs. Dempsey of the O. R. C. was the last of the grand officers to speak. Bringing greetings from Mrs. J. H. Moore, grand president of the L. A. to O. R. C., the first of the meetings she has missed. Mrs. Dempsey spoke of railroad service.

All four speakers were most interesting.

Memorial Service.

Other interesting features of the meeting was a memorial service by ladies of the the 236 to O. R. C., service conducted around an improvised altar. The ladies band by G. I. A. 453, was a most pleasing feature. According to directors of this band all instruments used in an orchestra can be made with kitchen utensils and household articles. This feature was an amusing spectacle.

A tableau was presented by 30 ladies of the Augusta Statzer 371 and Mabel Wilson 567 to B. of R. T. Solos in connection with this tableau were sung by Mrs. George Whittacre.

A comic sketch was put on by two members of the G. I. A. 453. Parts were taken by Mrs. Charles Metz and Mrs. William Keeley. Completing the program for the afternoon was a mock initiation by Penna-Bo 326. This number proved very entertaining. Session for the afternoon closed with singing "God Be With You Till We Meet Again."

Evening Meeting.

At the evening session, probably 400 were present. The men's brotherhoods were guests. The meeting was presided over by Mrs. Campbell, chairman. The combination drill was put on again and grand officers introduced for the benefit of the men. Each of the four grand officers gave a short five-minute talk.

A short play was presented entitled "An Irish Stew". This was a one-act farce comedy directed by Mrs. W. C. Powers, a very humorous sketch which kept the audience in roars of merriment. Character taking part were as follows:

Dennis Hogan, a mean man by no means—Walter Wade.

Donald Hogan, his son—Henrietta Powers.

Patrick Lahey, his confidential friend—E. O. Farver.

Gaston Marcel, a tonsorial artist—George Fisher.

Tim Toolin, a close-firsted Irishman—Tempa Stickle.

Jasper Lee, an ebony undertaker—Bert Grassell.

Mary Hogan, Dennis' wife—Eva Woods.

Marian Hogan, their daughter—Sarah Frew.

Lenore Schmidt, a debutante—Minnie Ellgas.

Mrs. O'Flaherty, a temperamental widow—Beulah Guy.

Mrs. Flannigan, a good neighbor—Winifred Horean.

After the program the rest of the evening was spent in dancing and playing cards. The meeting was most successful throughout. The flowers for the day were donated by Rees' Flower shoppe.

The general committee in charge of the program was No. 567 to B. of R. T., Mrs. W. B. Campbell, Mrs. George Fisher, Mrs. George Hurt; No. 371 to B. of R. T., Mrs. T. L. Vallely, Mrs. Emma McKissick, Mrs. J. E. Shira; No. 236 to O. R. C., Mrs. F. E. Flowers, Mrs. I. M. Stickle, Mrs. W. W Waid; No 453 to B. of L. E., Mrs. W. J. Klingensmith, Mrs. Eva Perrine, Mrs. J. G. Moore; No. 326 to B. of L. F. & E., Mrs. W. C. Powers, Mrs. C. A. Weaver, Mrs. E. M. Druschel.

The G. I. A. lodge band number was put on again in the evening, creating much amusement. Bandmaster was Mrs. H. A. Leighty.

During the evening Mrs. N. A. Morse, drill captain; Mrs. C. M. Frost, assistant, and Mrs. Nathan Guy, pianist, were presented with gifts for their faithful work and important work of the day.

Use Oil Burning Engines To Pump Oil From Earth

KANE, Pa., March 18.—Oil producers of the McKean county fields are adopting the latest methods to keep up the rapid pace of extracting petroleum form the wells. Oil deposits lie underneath a great portion of the county's area. In the Eldred field, where a gas shortage has hampered drilling operation where gas engines are used for power, oil-burning engines of the Deisel type are being installed by some operators with satisfactory results.

A network of transmission lines over the county bring electric power to the fields near Bradford, Kane, Mt. Jewett, Smethport, and Eldred and the South Penn Oil company, which has extensive holdings, has ordered a 15-40 horsepower electric drilling motor to try out on some of its wells to be drilled soon.

In some sections of the oil fields the three shifts of eight hours each is being installed for the drillers and crews, instead of the 12-hour shifts, which have been the rule since the opening of the fields many years ago.

With the White House spokesman busy it isn't very complimentary to insist that the president never says anything.

Spending Thousands In Rebuilding Plant Manufacturing Ice

Beaver street plant of the Lawrence Ice and Storage Company is being remodeled, replacing the steam-driven machinery by an electric plant, thus making a modern and efficient plant in every respect, says H. A. Rugh, manager of the company.

The machinery, which has been in the Beaver street plant for nearly 25 years, is being scrapped and replaced by electrically driven machinery. The compressor and other machinery is one unit with the motor, so that being directly driven it will conserve power more than a belt-driven plant.

The remodeling of the plant, which will cost the firm many thousands of dollars, is now in progress and they expect to have it all completed and ready for use in a little over a month.

Although the warm weather we have been having may increase the demand for ice now, the Grant street plant of the company can manufacture enough to more than meet the demand. This plant can make 160 tons a day if it is needed.

When the remodeling of the other plant is completed the greatest demand during the summer ought to be met easily. There never has been a shortage of ice in New Castle and is not likely to be, says Mr. Rugh, as the capacity of the two plants far exceeds the demand each year.

The Lawrence Ice Company not only furnished the ice for most of New Castle, but they also ship to Youngstown, Beaver Falls, Beaver, East Palestine and several other places, as well as furnish ice for three of the railroads of the vicinity of New Castle.

As the world leads we follow—Seneca.

Fess To Offer Bill To End Filibusters

(International News Service)

CLEVELAND, O., March 18.—When the United States senate reconvenes Senator Simeon D. Fess, of Ohio, plans to introduce a bill aimed at preventing a repetition of the filibuster that marked the last days of the recent session, he declared in an address delivered to the Builders Exchange of this city.

While Senator Fess is opposed to the "gag" rule proposed by Vice President Charles G. Dawes, he stated that some change in the senate rules is necessary to stop filibustering during the closing days of a session.

His proposed measure would limit senators to thirty minutes debate a day during the six days previous to adjournment and would require the senators to confine their remarks to the immediate subject under discussion. Fess favors unlimited debate on all subjects at other times, he asserted, but insisted that some steps should be taken to prevent the sidetracking of important legislation when the session was drawing to a close. He assailed the "gag" rule, saying that the league of nations bill would have passed and the Chicago "water steal" successful if it had not been in effect.

Senator Fess also plans to introduce legislation at the next session to facilitate approval of proposed railroad mergers by the interstate commerce commissions.

A grocery salesman for a wholesale house threw a banana skin beneath a seat of a train in which he was riding.

"Here, sir, the company won't have this!" said the brakeman.

"All right," replied the salesman. "Divide it among you and the other boys."—The Progressive Grocer.

Plain Facts About Investments

EXCHANGING LIBERTY BONDS

By W. S. COUSINS, International News Service Financial Editor

(International News Service)

NEW YORK, Mar. 18.—Investment bankers and experts in the bond market are strongly advising investors to exchange their second Liberty bonds for the new Treasury three-five year 3½ per cent note issue offered for them by Secretary Mellon.

On first glance this does not appear advantageous, in view of the fact that the income yield on the new notes is three quarters of one per cent less than on the Liberty bonds and the exchange of their bonds means consequently the loss of that much income derived from the Liberty issues.

Whether or not this loss may be considered a serious one depends upon the volume of the bonds held. For example, the holder of $100,000 of the Liberty bonds will face a shrinkage in income of $750 a year in the exchange process, while the investor who only holds $1,000 of this issue will suffer a loss of only $7.50 a year in his income account.

Mr. Mellon's offer is of course an optional one. Liberty bond investors who hold the second 4¼s may prefer to have Uncle Sam do as he pledged himself to do when the bonds were sold, namely, to pay them in cash sometime between November of this year and 1942; and, in case of prior payment before maturity in 1942, to give holders of the bonds six months' notice of intention to redeem them.

Uncle Sam has no intention whatever of going back on his pledged word. He has until the middle of May to issue the official notice of intention to retire the bonds, and meanwhile he is extending to the bond holders an option which they may or may not wish to avail themselves of. Through this offer, and the response it elicits, the Secretary of the Treasury will have a more definite idea of the mangnitude of the task awaiting him. There was about three billion dollars in the second Liberty Loan bonds outstanding.

Judging from the action of the bond market since Mr. Mellon's offer was published, it would appear that the privilege of exchanging a Liberty bond which is near the end of its days, for a 3½ per cent five- year Treasury note is held in high regard. Comparing present price of the Liberty loan, about 100½, with the prices paid for long-term 3¾ per cent Treasury notes, 104½ to 104¾, is easily seen that the market will give the new Treasury notes a favorable reception.

From this standpoint, therefore, it might be in order to revise the estimates of income losses outlined in the first paragraph above. If by exchanging his Liberty bond an investor can secure a new Treasury note worth 2 or 3 per cent above par, he has sustained no loss whatever, but completes the transaction at a profit.

It should not be forgotten, also, that the investor can either sell his bond in the listed market (at slightly more than he paid for it) at any time, and invest the more than $1,000 per bond in a high grade industrial or railroad bond issue; or he can hold his bond until it is officially called for redemption by the American Treasury, and employ the proceeds in a similar way.

If the United States Treasury continues its policy of paying off and retiring certain volume of Liberty bonds and notes every year (which it undoubtedly will), the time will come when the Liberty bonds will disappear entirely from the security markets. That is the reason why the shrewdest investors in the world stand ready at all times to buy all the Liberty bonds for which they have funds. Here is the world's best security, selling on a yield basis more than twice as high as the Government's obligation a year or so before the war.

10 Sea Shells Buy Bride In New Guinea

By OSCAR K. GOLL
International News Service Staff Correspondent

NEW YORK, Mar. 18.—Ten seashells will buy the most desirable bride in the interior of New Guinea, Stanley A. Hedberg, noted historian and member of the Matthew W. Stirling Expedition declared upon his return to New York.

"And what is more," said the historian, "in the wilder and more uncivilized sections of New Guinea which we explored the groom-to-be stands in front of the men of his tribe and each in turn attempts to puncture him with an arrow. The point in this procedure is that if the victim is dexterous enough in dodging the pot shots taken at him, he then is deemed worthy of taking unto himself his chosen bride.

According to Dr. Hedberg, the expedition discovered a new and most interesting people in the interior wilds of New Guinea, where the average height is four feet.

"Both the men and women of this tribe of pygmies are excessive smokers from the time they are mere children," said Dr. Hedberg, "and their chief diet is potatoes, which of course has a tendency to cause them to carry most protuding stomachs."

The Dyaks in bygone days were head hunters, but Dr. Hedberg says this form of sport no longer appeals to them.

Unions In Austria Strongest In World

(International News Service)

VIENNA, March 18.—Austria now has proportionately the largest percentage of organized workmen in the world. Seventeen percent of the total population of the country is organized and almost ninety-five percent of the workers are members of labor organizations. The deficit of five percent in the figures is accounted for almost entirely by the fact that clerks are not organized outside of Vienna.

Even in Soviet Russia only 3.5 percent of the population are organized workers. Germany is second highest with 15.3 percent and Roumania the smallest with only four-tenths of one percent belonging to unions.

Before the war Austria had less organized labor than any other European nations and it's present position is being pointed out by the Socialists as a world example of the benefits of Marxianism.

"Yes, dear," murmured George.

There will be no revolution in this glorious country of ours until law-makers are required to obey their own laws.

Promotion hadn't always passed him by

HE COULD remember when he led the company sales force—when the whole office had called him "the coming man." . . . What a difference now! He was barely getting along—daily slipping deeper into despair! His pep, his energy, all his old-time fight were gone. His prospects shattered! Ambition, itself, had fled! What had happened? What terrible thing was dragging him down?

Constipation is the cause of much unhappiness and ill-health. It wrecks strength. It saps vitality. It sickens the mind and body! It handicaps every man and woman upon whom it fastens its deadly hold! Yet, it can be relieved — yes, prevented! Kellogg's ALL-BRAN is guaranteed to bring safe relief—prompt prevention!

Why doctors recommend ALL-BRAN

It is "bulk" that relieves constipation. The bulk in ALL-BRAN absorbs moisture and carries it throughout the intestines — at the same time it gently distends them, purifying, cleansing, removing wastes and poisons. In a part-bran product the quantity of bulk is too small to be effective—often nothing is accomplished. That is why doctors recommend ALL-BRAN—because it is 100% bran, or "bulk"!

Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

No need to risk habit-forming drugs!

How different is ALL-BRAN from dangerous drugs and pills—whose dose must be constantly increased to remain effective! This sometimes causes serious injury. ALL-BRAN is delicious with milk or cream. Fruits or honey, added, make it a special treat. Let it soak a few moments to bring out its full crisp flavor. Mix it with other cereals. In soups. Try the recipes on every package. Eat two tablespoonfuls daily—in chronic cases, with every meal.

Don't risk part-bran substitutes. At best, they can be but partially effective. Insist on genuine Kellogg's—the original ALL-BRAN. Sold by all grocers. Served at hotels, cafeterias. On diners. Made by Kellogg in Battle Creek.

Old "Revenuer" Is Coming Back, Andrews Says

Increased Moonshine In Mountains Forces Battle On Stills

Falling Off In Smuggled Supply Spurs Production Of "White Mule"

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Mar. 18.—The old-fashioned "revenuer," once the moonshine still hunter of the mountains is coming back.

Inroads of the government on bootleg sources of supply from abroad and supression of industrial alcohol diversions as well as the adverse publicity given this poisonous product in the last few weeks, is turning the Rum Trust to moonshine as the basis for their industry.

General Lincoln C. Andrews, dry chief, says that moonshine production is increasing, in proportion to the decrease in availibility of smuggled stuff and the fall in alcohol diversions.

Moonshine Increases

"The production curve moonshine already has passed smuggled liquor and alcoholic diversions," Andrews said.

With this new problem, which has arisen in the last year, the federal prohibition office is faced with a new enforcement question. So far a "moonshine squad" has not been organized, but as the treasury under the Andrews regime is running to the squad system this development may be anticipated.

Most of the moonshine produced in United States does not come from the southern mountains, although the quality of the socalled "mountain dew" is vastly superior to that of the stills under the "sidewalks of New York" and other big cities.

Treasury reports show that hard liquor is being distilled in the large centers of population out of every variety of grain, fruit and even vegetables.

City Hooch Deadly

Some of this city hooch, produced from spoiled fruits or vegetables, is a more deadly poison than the wood alcohol denatured stuff from which a large volume of gin is produced, according to treasury officials.

Prohibition violations have changed materially in character since General Andrews took office nearly two years ago. At that time smuggled liquor was pouring over the seacoasts and borders in tremendous quantities and diversions of industrial alcohol ran into the millions of gallons.

Nobody can estimate the volume of home brew, home-made wine and whiskey distilled illicitly in the country annually, nor the number of still in operation. Officials, however, declared that this production is amazing.

Deersville, Ohio, Holds Record, No Births In Four Years

(International News Service)

DEERSFIELD, O., Mar. 18—This little incorporated Harrison county village of 96 citizens, snuggling on the old Moravian Indian trail in the wooded Eastern Ohio Hills, holds a birth and death record that challenges the world.

There has not been a birth here for four years nor a death for 15 months. Of the inhabitants 55 are over 50 years old, and fourteen of school age. There are 17 widows, eight bachelors, and five spinsters.

The village has two churches, a high and a grade school, two general stores, a flour mill a doctor, a barber, music teacher, blacksmith, several radio tinkers and a combination grocery postoffice which receives mail from the rural route daily.

But five persons live in rented houses as a large dwelling may be purchased for a thousand dollars. Property is assessed for more than its real value to obtain sufficient revenue.

The neighboring settlement of Cassville has 39 residents, has no widows, no spinsters, no doctor, no churches, schools or postoffice. Cassville has had but one death in the past ten years, when the body of a strange man was found hanging to a tree late last year.

Passing Of Home Life In America Foreseen

Old-Fashioned Fireside Now Thing Of Past, Club Woman Tells Congress

DES MOINES, Ia., March 18.—The old-fashioned fireside, with its traditions of happy home life, has passed from America, at least temporarily, in the opinion of Mrs. Maggie W. Barry, of College Station, Texas, a speaker before the American Home National Congress.

"The tremendous demands of an age impelled by a great mass movement toward material welfare," and the commercial pleasures which can be bought without contributing to their creation, were cited as causes by Mrs. Barry, who is chairman of the department of American homes for the General Federation of Women's Clubs.

Mrs. Barry held that the American home was going through the same sort of a revolution that industry went through a century and a half ago.

"The home, like industry, must learn to adapt itself to an industrialized, scientific age.

"The home that serves the scientific age cannot be the same home that served the age of sentiment. The problem is to preserve all of the fine things of the home, to allow it to maintain its individualism and yet to be co-operative."

"When about to separate, the minister's face suddenly assumed a puzzled expression—New Outlook. Any face would.

Six Industries Saving Millions By Simple Rule

$233,400,000 A Year In Profits Resulting From Simplified Practice

Commerce Department Showing Effect Of Application Of Hoover Idea

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Mar. 18—Statistics showing that in six industries studied, application of the principles of simplified practice laid down by Secretary of Commerce Hoover, have saved more than $233,400,000 annually, have been made public by the commerce department.

Hundreds of other industries are employing simplified practices to cut down their production costs. While estimates are not available as to actual dollars and cents savings, this figure would pass the half billion mark, in the opinion of experts.

Savings in industries reporting were shown to be: paving brick, $1,000,000; sheet steel, $2,400,000; steel reinforcing bars, $4,500,000; warehouse forms, $5,000,000; range boilers, $5,500,000; inquiry, purchase order and invoice forms, $15,000,000 and lumber $200,000,000.

Reasons For Practice

"The increasing rate of consumption of natural resources as a result of enlarged demand on the part of the public for improvements in the comforts of life; increased costs of raw materials, labor, production and distribution; and the need for effective stabilization of the social structure are given as some of the primary reasons for simplified practice," the commerce department said.

Factors contributing to the increased cost of production and distribution, which can be eliminated through the adoption of simplified practice were enumerated as follows:

(1) Production of excessive varieties of items based on a desire to market novelties or other goods with an individualistic stamp.

(2 Large investment in special machinery and equipment, often accompanied by large stocks of raw materials and finished goods, which become slow-moving or obsolete and result in "freezing" of assets.

(3) Slowed-up production and purposeless motion partially due to seasonal operation and to losses from changing machine adjustments of machine set-ups for variations.

Meaningless Competition

(4) Competition with meaningless variations or substitutes often causing a lack of interchangeability of parts and lack of uniformity in specifications prevents practiced avoidance of waste by means of adequate control or stock and planned production.

(5) Lack of uniformity in packing, wasted shipping space, losses from misunderstandings between the user and handicapped fulfillment of orders.

A large program of standardization and simplification in industry will be carried out by the commerce department this year. Many industries have applied to the department for information as to the elimination of excessive sizes, types and qualities of products, looking to cheaper production.

German Press Law Relief To Editors

BERLIN, March 18.—Publishers and editors of newspapers and periodicals can no longer be forced to testify in court regarding the author of a publication against which the state prosecutor demands an action, according to a new paragraph in the German Press Law, which has been accepted by the Reichstag recently. The editor responsible for the publication might be punished, as heretofore, but the name of the author of the publication will remain a secret, if the defendant can help it.

It is now generally expected that this new law will contribute to strengthen the independance and freedom of the press and protect editors from pressure exerted on them by courts.

Secretary of Labor James J. Davis and John Williams, recently appointed a member of the federal board of railroad mediation, were boyhood friends in Wales.

Bold Scots Call Devil 'The Big Speckled One'

Highlanders have several names for the devil according to the character in which they wish to represent him. He is "the son of the accursed," "the Evil Spirit," "the liar." By those who have seen him in bodily form he is known as "the big speckled one" "the crop-eared one" or "the ragged one."

Those who speak of him in such contemptible terms are considered bold and may expect to suffer for their temerity and therefore many prefer such euphemistic names as yon fellow," "the big fellow himself" but the most common name of all has long been Domhnull Dubh or "Black Donald" and this was the name Satan preferred to any other.

Of course he could assume many forms to effect his evil purposes but usually he was thought of as a giant with chains clanking round his feet as he came down a chimney or chased his prey over rocky ground. These feet were always cloven as card players got to know when they looked for a fallen card while engaged in a game at which he was unsuspectingly a partner. "The Devil's books" is still a common name for a pack of cards.

Though he loved the company of card players he always preferred that of his emissaries the witches. These on stated occasions he asembled on some hillock to receive his instructions. To each of them he gave a bag in which to keep his stock-in-trade, which was incombustible. He also taught them the means by which they could transform themselves into the shape of any animal they wished but that of a cat, hare or hen was always to be preferred.

He was also supposed to be expert at all trades except tailoring as when it came to be a case of "the devil among the tailors" they fled so that he never got a chance of learning to thread a needle. He might be propitiated by the untilled "Goodman's Croft" and he might be kept out of houses by the burying of a black cock under the doorstep.

The system of trained nursing which now prevails through America, Great Britain and in many other lands originated in the Deaconesses' Institute founded by Pastor Fliedner and his wife at Kaiserswerth, a little village on the Rhine, in 1836.

DINNER STORIES

New Contraption.

An old country man, who had been to London for the first time on business, returned in a bad temper.

"At that hotel," he complained, "they kept the light in my bedroom burning all night. I couldn't get a wink of sleep."

"Why didn't you blow it out?" asked his wife.

"Blow it out?" said the old man. "I couldn't. It was in a bottle!"

Crushed!

The late Rev. S. S. Henshaw, primitive Methodist minister, will long be remembered in Sheffield. In earlier days he was an active radical, and did much to help the parliamentary candidates of his party. A little man, he had a cutting wit. On one occasion, at election time, his candidate was being badly heckled by a giant publican, who had come to smash the Liberals. The member found him a difficult customer. At last the little preacher plucked his sleeve and whispered: "Let me deal with him." Advancing to the front of the platform, he asked blandly: "Now, sir, what is it you want?" The burly publican, thumbs in the armholes of his waistcoat, eyed him scornfully for a few moments, and then growled: "Thee! Why, man, I could ate thee!" "I dare say you could," flashed back Mr. Henshaw, smiling; "but if you did you would have more brains in your stomach than you have ever had in your head." There was no further trouble!

Sixth Warders Name Officers

Citizens Meet At Schoolhouse And Consider Ward Matters

H. E. DUPUY IS NAMED PRESIDENT

An enthusiastic and well attended meeting of citizens of the Sixth ward was held last night in the West Side public school and a permanent organization for the civic advancement of that part of the city and the city in general was effected.

It will be known as the West Side Civic League and H. E. Dupuy was honored by being selected as the first president of the organization. Floyd A. Nowling was elected as secretary and treasurer of the organization. A collection was taken and a sum of money raised to purchase needed books in which to maintain the records of the organization.

As now planned, the organization is to meet every two weeks in the West Side school building for the consideration of matters of vital importance to the Sixth ward in particular and also matters that effect the city in a general way.

After a lively discussion of various things of importance to the Sixth ward and concerning the purposes of the organization, the president was empowered to name various committees.

The committees will select their own chairman. The committee on bylaws and organization consists of Messrs. Harry Robinson, James Moore and W. H. Aubel.

The committee on recommendations, whose duty it will be to make a survey of the needs of the Sixth ward and report to the organization in order that it may get behind a movement to realize these needs, consists of Messrs. Fred W. Pennington, William Rea and W. C. Wait.

The committee on publicity consists of Messrs. Floyd A. Nowling and W. H. Aubel.

It was decided that the next regular meeting of the organization should be held in the West Side school building on the evening of March 31.

Little Girl Burned When Percolator Is Upset Upon Her

Monta May Brown, aged 18 months, daughter of Mr. and Mrs. Robert Brown of New Castle R. D. 4, was admitted to the Shenango Valley hospital on Thursday for treatment for burns which she sustained when she pulled the electric percolator over, spilling the contents over her.

The little girl was badly burned about her chest and arms. She was removed from the hospital later.

FISHER SIGNS EIGHT BILLS

One Concurrent Resolution Among Those Signed By Governor Today

(International News Service)

HARRISBURG, March 18.—Governor John S. Fisher today signed eight bills which have passed the legislature and one concurrent resolution. Four of the eight bills signed were repealers.

Included was the Bentley Bill which will permit the department of Forests and Waters to refund $25,000 to contributors to the project of deepening French Creek in Crawford county.

Others included that of Representative Statlander exempting Steamship companies from the provisions of the act regulating private banks and that of Senator Steele which will permit, under certain conditions, the erection of lights on bridges.

The resolution approved provides that the superintendent of public instruction and the insurance commissioner shall make a study of a bill which provides for state insurance of school buildings. The resolution directs that a report of the study shall be made to the next legislature.

Tells Police He Is Robbed Of $58

Henry Shuffert of 417 Hutchison street, complained to the police last night that he had been robbed of $58 in cash in Levine alley. He placed the blame on a colored man and woman who stopped and talked to him in that place. He did not discover his loss until some time after this incident according to the report made to the police and when he was crossing the public square. The police are investigating.

According to Mr. Shuffert he went into a store at 907 Moravia street and purchased some cigarets. He gave the colored woman in the store a ten dollar bill and she returned $9.90 in change. He placed the small change in his pocket and the nine dollars in bills in his bill fold in which he had $50 more. He placed the billfold in the side pocket of his overcoat.

There was another colored woman in the place and saw the transaction. As he left the store she followed him up Levine alley and she and a colored man stopped and talked to him there. The billfold was returned to his pocket with one dollar in it.

Completes Plans For Wrestling Meet At Y. M. C. A.

Walter E. Kirker, physical director of the local Y. M. C. A., made a trip to Pittsburgh yesterday to make final arrangements for the Wrestling tournament that is to be held at the New Castle Y. M. C. A. on Saturday, March 26.

All the associations of Western Pennsylvania will be represented in this contest to be held next week. Several entries have been received of local wrestlers but the list of those chosen to represent the New Castle Y has not yet been made out, says Mr. Kirker.

On April 19th of each year the anniversary of the death of Lord Byron, there appears in the obituary column of The London Times a notice of his demise that extols him and his work.

To Have Every Member Canvass At Westfield Church

"Worshiping God by Our Offerings" will be the subject of the sermon delivered by Rev. Ross M. Haverfield, pastor of Westfield Presbyterian church, on Sunday morning, March 20, at 11 o'clock.

Every member canvass of the congregation will be made all next week. All canvassers are asked to report in the lecture room of the church on Sunday during the study period of the Bible school to receive instructions.

Christian Endeavor society will meet at 7:30 p. m. The subject for discussion will be "How Can We Improve Our Minds?". Merle Martin will be the leader. Plans will be made at this time for the annual rally of the County Christian Endeavor society to be held March 22 in Central Christian church.

Girl Reserves Have Service At Y.W.C.A.

Members of the Senior High School Girl Reserves had a most impressive candle service in the Y. W. C. A. Thursday evening when a number of the North street and Benjamin Franklin junior high girls were transferred to their organization. About 30 girls were transferred and 20 new members were taken in.

Ninety girls were in attendance and following the candle service Miss Barbara Bratchie read "The Holy Grail" and special musical numbers were read by Misses Virginia Yates and Josephine McGoun. Miss Helen McBride led the group singing which was later enjoyed.

Miss Mary Elizabeth Gilfillan was in charge of the refreshments sreved at the close of the meeting.

Initial Meeting Of Kindergarten Circle

The Mothers Kindergarten Circle of Rose avenue school met in the kindergarten Thursday afternoon for their first session with a large attendance. During the business meeting the constitution and bylaws were read and adopted. Mrs. J. W. Wimer, present program chairman, was in charge of the following program.

Miss Iretta Dart gave a talk on "Our New Organization"; Mrs. Carl Nowalk talked on "What I Think of the Kindergarten" and Mrs. S. B. Copeland spoke on "Cooperation". The round table talks were led by Mrs. Stanley Reese, Mrs. W. A. Evans and Mrs. G. Wilfred Thomas.

A Dutch dance in costume was given by the 6B class under the direction of Miss Kate Beighley. Those taking part were Lenora Barnes, Martha Bryan, Dorothea Dietch, Rosalie Stenzer, Evelyn Van Buren, Alfred Doerr, Thomas Harkless, Paul and Ralph Mooney and James Robinson.

Refreshments were served during the social period.

The next meeting will be May 12 in the kindergarten and is for all mothers who have had children in Rose avenue kindergarten or any person vitally interested in the work.

Kennedy Likely To Return To Job On Police Force

There now exists a vacancy in the police force of the city. There is every indication that it will be an appointment to fill the vacancy in the near future.

It is indicated that the appointment will be from among those former officers now on leave of absence, which leave was granted, when they assumed other positions or left the service for other reasons.

The probable appointee to fill the vacancy is said to be George S. Kennedy, former lieutenant of police and more recently county detective. Indications are that the selection of a man to fill the vacancy will be announced in a short time.

Farmers To Meet At Mitchell School

A meeting will be held in the Mitchell school building on Monday, March 21, at 2 o'clock in the afternoon in the interest of ridding the country of the European corn borer.

H. R. McCulloch of the Lawrence County Farm Bureau will give a talk on the most recent information concerning the corn borer. Other topics of interest will be discussed.

All interested in the ridding the community of this pest which is threatening the corn crop are urged to be present.

WHO IS YOUR FAVORITE
By Billie Grey

"If you were to take a vote in any town in the United States having a population of 50,000 or less, as to the people's favorite actress, every person under 20 years of age would name a movie actress."

This statement was made by a well-known theatrical producer not long ago. It seemed like a pretty broad statement, but after I had thought it over I saw he was absolutely right.

The children and young people of any small city or town never see legitimate drama. They have no opportunity to see artists of the speaking stage. The town furnishes them with but one type of theater, motion picture houses.

Moving pictures have their place. A great deal that is entertaining or artistic and uplifting, may be derived from a good movie. But the speaking drama always has been and always will be the highest and truest form of dramatic art.

And I am not speaking merely of the big serious drama, which we usually think of when we speak of the classics. Just as important and fine a factor of the speaking stage are the clever comedies that keep us laughing from the time the curtain rises until it falls. That type of show sends people out with beaming faces and lighter hearts, better able to meet the trials of life. Good clean comedies are as uplifting, as beautifully portrayed emotional plays, and one is as truly artistic as the other.

In order that children may early develop an appreciation for good music, an appreciation which will enrich their entire lives, the schools make it possible for them to hear great symphonies and opera singers and other famous musicians. And fine pictures are hung upon the walls in the schools so that the children will imbibe the beauty that lies in fine painting. Just so an appreciation for fine drama should be developed they should be given an opportunity to see the artists of the speaking stage. If they are not given this chance young people who have passed the age of 22 or 23 will find it very difficult to grasp the fullness, the wonderful richness of either serious drama or comedy. And of the five great arts I believe music and drama are the greatest, in that their influence upon a people is stronger than sculpture, architecture or painting. The Russians believed this, for there was a time when the Russian people were driven into the theaters by the police. Today music and drama are two of the greatest elements in the lives of the Russian people. In fact, it is these two arts that have held that nation together.

No doubt fine dramatic shows will be brought to New Castle through the facilities of the new Masonic Cathedral. And there lies the chance of every citizen of New Castle, there lies your chance to show that you want legitimate drama, that you want your young people to have an opportunity to know and fully appreciate this beautiful art. Patronize the good shows that are brought to your city and you will feel richly repaid, not only in the enjoyment which you yourself will derive, but also in the knowledge that you are helping to make such entertainment possible for others.

Pymatuning Dam Project Hinges On More State Revenue

(International News Service)

HARRISBURG, Pa., Mar. 18. — Governor John S. Fisher today refused to amplify his statement in which he included the Pymatuning Reservoir project as one of a number of projects dependent upon an increase in the present forecasts of revenue during the biennium.

The governor today expressed his interest in the project and showed plainly that he considers it necessary as soon as funds are available. Like a number of other projects not included the budget immediate continuance of it is dependent upon accurate forecasts showing probable revenue of more than $128,000,000, the basic budget figure.

Plans of those interested are to press for passage of the Statelander Bill now before the house appropriations committee. It would provide $650,000 for the purchase of approximately 12,000 acres to be included in the Pymatuning project.

William Penn Highway Short Cut To Be Paved

(International News Service)

HARRISBURG, Pa., Mar. 18. — The Amity Hall short cut on the William Penn Highway will be paved during the present year, officials of the Department of Highways said today .

Paving of the eleven mile stretch will shorten by ten miles the distance on the trans-state route. The William Penn Highway now is used as the east and west artery of several important secondary routes.

The short cut was built two years ago at a cost of almost one million dollars. No paving has been done on it since completion of the grading.

Forty Five Cases On New Trial List

Many Cases To Be Heard During Coming April Term Of Court

Forty five cases have been placed on the common pleas trial list by Clerks of Courts, R. M. Campbell, for sessions of court beginning on April 4; April 11; April 25 and May 2. The May 2nd session will be the last of common pleas until after the summer vacation, the next session being on October 10. Cases placed on the trial list just prepared will be taken up in their regular order, unless there is some good reason for continuance.

Fisher Silent On Election Reforms

(International News Service)

HARRISBURG, Pa., March 18.— "Ask Senator Davis," Governor John S. Fisher, said today when asked if there had been any new developments on the status of his election reform program. "He has them," the governor added.

The governor was referring to Senator Albert Davis, Lackawanna, chairman of the senate elections committee. The committee last week reported a number of bills but none of the governor's. Immediately after the Lackawanna senator was called home because of illness in his family.

As a part of the national economy campaign King Christian of Denmark has asked the government to reduce by 10 per cent the state grants to the royal family.

SUGGESTIONS

Inch High Icing

Soak one teaspoon granulated gelatin in three tablespoons cold water, dissolve by melting in a dish over hot water. Cook cup of granulated sugar with one-quarter cup hot water until it spins a thread. Remove from fire and add the gelatin. Pour slowly over the whites of two stiffly beaten eggs, beating constantly. When the icing becomes so thick that the spoon can be drawn through it without it running together again it is ready to pile on the cake. Put on quickly, using a broad blade knife.

Original Candies

A young woman sends in her own candy recipe which may help you to fill your Easter candy basket with home-made candy. She writes:

"First I made plain white marshmallows. One cup sugar with five tablespoons water, cooked to thread stage, one tablespoon gelatin in three tablespoons water. Pour sugar syrup over gelatin and beat with Dover egg beater till cold. Add one teaspoon vanilla. Pour into plates dusted with sugar. Cut into strips and roll up in the sugar.

Then I made fudge. I took one tablespoon gelatin, as before, soaked in three tablespoons water and poured fudge mixture over gelatin, and finished up the same way as with the white marshmallows. Nut meats make it even better.

Since then I have been experimenting with real maple syrup and penoche (brown sugar) syrups poured over the soaked gelatin and it works equally well and makes fine candy every time as well as furnishing a variety of flavors."

MENU HINT

Beginning the breakfast with fresh fruit or fruit juice is becoming the established custom in this country. Usually the fruit is served in its own shell, but in case of oranges the juice alone is sometimes served. Grapefruits may likewise be served in the shells or in a fruit cup as below. Fruit cup is also served as a first course to a formal meal in place of soup or canapes.

British Opinion On China Policy Alarms Cabinet

Inquiry Shows People Do Not Approve Policy That Might Bring War

Secret Agents Report Citizens Of All Sections Are Apathetic

(International News Service)

LONDON, March 18—An inquiry, ordered by the British Government and carried out in the big industrial districts by special agents has produced disconcerting results for the British Cabinet.

The main idea of the inquiry was to discover what the general feeling was towards Government policy following the general strike and the great coal strike, and also regarding British policy in China.

On the latter subject the replies of the secret agents were absolutely definite and unanimous. Inquiries were made in all centers where men congregate, and particularly in clubs belonging to the British Legion of ex-service men, the members of which number over one and one-half million.

Reports Agree

The reports state that the masses are perfectly indifferent and uninterested in British policy in China except on one important point—that the matter is not worth fighting a war about, and the general individual opinion voiced was no Government could get sufficient popular support to carry on such a war.

As regards the industrial situation from the political viewpoint, the majority opinion of the agents was that the Government had suffered a severe setback, first in allowing the General Strike to ever occur, and secondly in not taking effective steps to settle the coal strike, instead of following a policy of drift.

The report received by the Cabinet show that in a General Election now, the Government would almost certainly lose its majority, big as it is—212 over all parties combined.

No Labor Landslide

On th other hand, the trained investigators employed state that there is no sign of any landslide towards the Labor party—the fear of a capital levy still seems to be in the forefront of men's minds.

But there is strong evidence, the report states, of a revision to Liberalism by a great number of electors who have voted for the Government in the past three elections. The general view is that any election now would result almost in an equality between the three parties.

In the face of this document the Cabinet is unlikely to embark on drastic legislation of any kind, and it will certainly not imperil its existence by dissolving before it is actually bound to do so at the expiration of its five year term.

Police Noses Trail Alcohol From Sewer

NEW YORK, Mar. 18.—Following their noses and senses of duty, two detectives traced the odor of alcohol from an open manhole to a five story lift building on the lower West Side today and seized a distillery and about $500,000 worth of corn sugar alcohol.

Their first sniff of the alcohol come as they were walking along the street. After tracing the odor to the sewer they followed it to an 800-gallon still and five operators, whom they arrested. The detectives found that the distillery occupied the basement and first floor, while the other four floors were used for storing drums and five-gallon cans of alcohol.

Silence may be golden, but a good deal of speech is brazen.

Electric Light Gives Convincing 'Sunburn'

No Need To Go To Florida When Ultra Violet Rays Are Handy

NEW YORK, Mar. 18.—One of the recent discoveries in connection with light has had a somewhat amusing sequel, as the following story will illustrate:

One evening last winter, when a young man living in a New York boarding house came down to dinner, his appearances astonished his fellow boarders.

The landlady, a motherly soul, inspected him closely.

"Why, John!" she said, "are you sick?"

The young fellow shook his head.

"I believe you are," she insisted. "You must be coming down with something. Why, your face is just as red as fire!"

He assured her that he had never felt better in his life.

"Well," she said, only half convinced, "maybe you are all right, but what in the world makes your face so red?"

"Sunburn," he replied calmly.

Two or three others, attracted by the conversation, had gathered round. When they heard his reply they burst into a shout of laughter.

The following evening, at the dinner hour, his friends looked at him with awakened interest. The red flush was less pronounced in tone; it seemed to be deepening into brown.

By the fourth or fifth day there was no doubt about it; John's skin had assumed a most convincing tan. He looked exactly as if he had been spending the time under the palms at Miami instead of bending over a desk in a northern winter. One of his fellow boarders again took up the subject.

"By George," he remarked, "I believe you are tanned. How did you get it?"

"Well," John explained, "as you all know, I'm from the South. This winter I haven't been feeling good; sort of lost my pep. The doctor thought maybe I wasn't getting as much light as I have been accustomed to all my life, so he has been giving me treatments with the ultra-violet rays. That's all there is to it."—H. A. Stewart in the American Magazine.

Old Texas Cathedral Seat Of Archbishop

Part Of Church Built In 1738 Still Standing—Has Seen Much History

SAN ANTONIA, March 18—San Fernando Cathedral, seat of the newly elevated Archbishop Arthur J. Drossaerts is probably the oldest Catholic church in the United States serving as an Archbishop's headquarters.

The cornerstone of the Cathedral was laid in 1738 and the church built upon that cornerstone still is standing and forms one of the main units of the Cathedral. Additions were built in 1868 when the church was made a Cathedral and a Bishop seated there.

Originally the church was under a Mexican prelate and at one time it was part of the archdiocese of Guadalajara, Mexico. Later it became part of the archbishopric of New Orleans.

Archbishop Drossaerts's church has seen a great deal of Texas history. Fronting on Military Plaza, with Main Plaza behind it, the Cathedral is just in front of the ancient Spanish Governor's palace, probably the only palace in the United States. From the tower of San Fernando the Texas sentries say and reported the approach of the Mexican forces in 1836. Later, after they had moved to the Alamo, which is only a few blocks away, to make a last stand, they saw the blood red banner of Santa Anna with its legand "No Quarter" flying from the tower of the Cathedral.

The new ecclesiastical province which Archbishop Drossaerts will govern was created by Pope Pius in August, 1926. It includes, besides the archdiocese, the diocese of Galveston, Corpus Christi, Dallas and Oklahoma, and a new diocese in Texas to be known as the diocese of Amarillo.

Archbishop Drossaerts was fifth Bishop of San Antonio when elevated to the Archepiscopal rank.

SHRINERS ENJOY BIG NIGHT HERE

Next Party Will Be Held At Conneaut Lake In June Month

One hundred and fifty Shriners from Ellwood City, Rochester, Butler, Youngstown, Niles and New Castle enjoyed a stag party at Carnegie auditorium last night. Fred Rentz delivered an address to his fellow Shriners.

After the Shriners had partaken of a delicious supper a vaudeville performance was staged by talent from the Steve Forest agency, Pittsburgh.

Walter Kirker of the Y staged a wrestling match while Ed Fritz of the News promoted a boxing bout which ended in a k. o. in the third round.

It was announced that the Shriners are looking forward to their sessions at Conneaut Lake June 11 and 12, the Hotel Conneaut having been reserved for the Shriners.

Buffalo Bill's Pal Now Conserves Game

HAZARD, Ky., Mar. 18.—S. B. (Daddy) Wooley, who in his early days hunted with "Buffalo Bill" Cody, is nearly 70 years old, but his age does not keep him from being one of the most active United States deputy game wardens in the mountains of Eastern Kentucky.

"Daddy" came to Kentucky 10 years ago and decided to stop the wanton killing of game in the mountains. He had only three men supporting him at the time and in the course of his work received five bullet wounds. Today, virtually every one in the section is supporting him and he has numerous sport clubs which help in the conservation work.

In addition to his federal position, he is state game warden. He has declined remuneration for both jobs.

FIND BODIES OF TWO INFANTS IN NEW YORK CITY

(International News Service)

NEW YORK, March 18.—The bodies of two infants, one four months old and the other but three days, were found by police today in small suitcases in separated parts of the city.

The three-day old child, a boy, had died of exposure. The other child, found in a satchel checked a month ago at a stand near an uptown subway entrance, had been strangled to death with a ribbon tied around its throat.

Patterson Found Not Guilty Of False Pretense

Goods Delivered Outside This County And Court Without Jurisdiction

Under instructions from the court the jury in the case of LeRoy R. Patterson, charged with false pretense by J. Howard Frew of the Frew Company, this morning returned a verdict of not guilty. Judge Hildebrand held that as the goods which it was claimed had been purchased in this county had been delivered in Butler county by the Frew Company, a charge of false pretense could not be maintained here, as the delivery had been outside the jurisdiction of the court.

The case was one in which Patterson contracted for the furnishing of a hotel at Etna Springs, on the Slippery Rock. It is claimed that he represented here that a bond issue of $150,000 had been raised, from the proceeds of which it was proposed to pay the $10,000 called for in the contract with the Frew Company. The gist of the defense, so the court held, was the obtaining of the goods. These goods, or about $1,400 worth of them, were delivered by Frew Company. The jury could not find other than that the goods were delivered in Butler county, which is outside the jurisdiction of this court. Consequently the defendant could not legally be convicted of false pretense in this county. If the goods had been delivered by a common carrier, instead of by the Frew Company, it would have changed the aspect of the case, but it was admitted by both sides that the goods were delivered by the Frew Company.

Commission Will Examine Mother, Slayer Of Son

(International News Service)

POTTSVILLE, Pa., March 18.—A sanity commission was to be called here today to examine Mrs. Edward Keine of Frackville, Pa., who last night shot and killed her three-year-old son in their home.

Neighbors rushed into the Keine home following the shooting and found the child lying on the floor crying with a bullet wound in his head and the mother standing by holding a revolver.

Although Mrs. Keine had been in ill health for some time, the husband said when he left for work yesterday that his wife appeared normal. Following the shooting she was arrested and brought to Pottsville and lodged in the Schuylkill county jail.

Woman Acquitted Of Murder Charge

(International News Service)

WAYNESBURG, Pa., Mar. 18.—Mrs. Ida Barker Stewart, wife of Charles W. Stewart, member of a prominent Greene county family, today stood free of charges of murder in connection with the death of Sam Abraham, Assyrian peddler of Canonsburg.

The jury deliberating five hours before returning the verdict which exonerated Mrs. Stewart last night. Her husband was found guilty of second degree murder in the same case last week. He is alleged to have shot the peddler to death after a quarrel in the Stewart home.

Council Rejects Bids For Sewer

Miller Will Examine Logan Street Ground And Report Tuesday

Council today rejected bids for the construction of a sanitary sewer in Logan street, taking favorable action on a motion presented by Councilman Burns.

The motion also provides that the city engineer is to make a physical examination of the ground.

Elder & Ferry had offered a low bid of $2,613.25 and the city's estimate was $1,991.55.

The other contractor, Thorson Company, like Elder & Ferry, had placed the same bids for dirt and rock and it was felt that the high bids were not justified.

It was explained there is little dirt covering and the sewer will have to be laid in rock.

George Eckels said that while he would have no use for a sewer at present one must be provided for other residents.

He suggested various ways that the sewer could be laid at a less cost.

Under one plan he said there would not be much rock excavation and Attorney Charles Davis said he felt that the price was too high.

As a result Councilman Burns motion was passed and Miller will present his report Tuesday.

Mines Cause Danger To Scranton School, May Close Institution

(International News Service)

SCRANTON, Mar. 18.—A special meeting of the Scranton school board has been called for late this afternoon to consider the advisability of closing No. 7 public school in South Scranton because of the danger of mine caves.

Mine caves have wrecked considerable property in the neighborhood of the school and the caves now are threatening the school building which is attended by 800 children.

Mrs. Emily Nakis

So Crippled With Rheumatism She Couldn't Comb Her Hair

"I was as helpless as a baby and was only in the way," says grateful lady who tells how Dreco relieved all her pains.

S. P. Thorp, the Dreco man, will gladly explain the merits of Dreco to all callers at Eckerd's Cut Rate Store. Free samples given.

"I often prayed that death might end my suffering but God in his mercy saw fit to send me Dreco and make me well instead," is the earnest statement made by Mrs. Emily Nakis, a lovable 82 year old lady living at Rankin, a suburb of Pittsburgh, while talking with the Dreco man.

"I was so crippled up with rheumatism I was about as helpless as an infant. I couldn't even comb my hair and had to be helped up and down the stairs. The pains through my back and shoulders and legs were terrible and I sat down all day long brooding and worrying over my condition. I thought I was only in the way and, though the whole family were simply wonderful to me, I would have welcomed relief from my earthly suffering.

"My blood pressure was high and I had hot flashes through my head which almost made me fall out of my chair. I got very weak, had no appetite, was very nervous, slept very little at night and had lots of trouble with my stomach. I was in misery 24 hours a day.

"Although I spent over $2,000.00 it was all money wasted for not a thing brought me relief until my son read of Dreco and got some for me. That was just six weeks ago and today, thanks to this wonderful medicine, I am happy and healthy once more and haven't the least sign of a rheumatic pain. The hot flashes have ended, I feel stronger and am able to help myself as well as anyone my age. I eat wonderful and sleep just grand and feel so happy I could cry. While my condition was so bad I lost lots of weight and my clothes hung on me like bags but I am fast regaining all the lost weight. Dreco was certainly a blessing to me and I take great happiness in recommending it to others."

Mr. S. P. Thorp, the well-known Expert from the Dreco Laboratories now at Eckerd's Cut Rate Store, is telling scores of people every day how to take Dreco for best results. Go to see him. His advice is free.

Spencer Company Moves To New Store

The Spencer Paint and Glass company, which has occupied a room in the Capitol theatre building for several years has moved to a much larger room at 15 South Mercer street, several doors north of their old location. The new location is the room formerly occupied by the Gilfillan Electrical company, which has moved upstairs at the same number.

An elegant store has been equipped by the Spencer Paint and Glass company and the official opening will be held on Saturday, March 19. In commemorating the opening of the new store a demonstration of paint and varnish will be held at the store room, and 1,000 one-pound boxes of paint cleaner will be given to the first 1,000 ladies who visit the store on opening day.

Asks For Review Of Damage Case

CINCINNATI, Ohio, March 18.—Elwin D. Shauberger, of Franklin, Pa., who lost his $100,000 damage suit against the Erie railroad in federal court at Cleveland, asked the U. S. circuit court of appeals here today to review the case on error proceedings. Shauberger was injured in August, 1925, while an engineer for the Erie railroad.

Farm Search Is Disappointing To Detective Band

(International News Service)

PITTSBURGH, March 18.—Disappointed in their search of the Joseph Weckoski farm near Charleroi where it had been believed the missing $70,000 loot in the $104,000 Coverdale mines payroll bombing and robbery had been hidden, state police and detectives today turned to two methods of bringing the sensational case to a conclusion.

Detectives were in touch with Detroit police who it was understood are combing the Michigan city's underworld in the hope of capturing the two missing members of the band which Paul Jaworski confessed perpetrated the crime. Jaworski implicated Weckoski in the gang, but the latter, while he led officers to his farm near Charleroi to search for the rest of the loot denied actual participation in the bombing. Jaworski previously led the officers to the place $33,000 was buried. Nearly $700 in coins was unearthed on the farm later.

The second clue upon which police are working is in connection with a "conference" with two Polish coal miners at Library, near here. Police made it plain neither was under arrest, but that the men might have information which would prove valuable in rounding up the gang.

Trooper Discovers "Fire Bug" Is Boy Weary Of School

GREENSBURG, Pa., Mar. 18.—The mystery surrounding the fire which damaged the New Madison schoolhouse, Tuesday night, was cleared today by Private Stevenson of Troop A, state police, and the arrests of Michael Nartic and Louis Horvat, both "going on 16," of New Madison, near here.

The boy admitted he had planned the destruction of the schoolhouse and implicated Horvat. They were held for court under $2,000 bail each. The boys said they thought that by the time a new school could be built they would be 16, and not compelled to attend.

Prune Best Trees First—Concentrate on the money-makers. Prune the best apple trees first. Then if there is time, go over the poorer varieties. Regular annual pruning is best in avoiding the accumulation of weak wood.

Makes Work Easier—Using cotton disc strainers is advisable in the production of clean milk. They do not need scalding every day as the strainer cloth does, since the disc is used once and then discarded. If strainer cloths are now being used, the change to cotton discs will make the work of the housewife,—who in most cases takes care of the dairy dishes,—much easier.

Keep Milk Sweet—Cool the milk regularly now as warm weather approaches. Changeable weather is uncertain and milk may sour if it is not properly cooled. Use a cooler if you have it but if not, put the milk in a clean can, set it in running water, and stir it every five minutes for a half hour.

Spread Tile First—In tiling, dig the ditches after the tile have been spread. Start at the outlet and work uphill. Have a depth of not less than two feet. Do not use tile as a culvert from a pond, but lay them below the bottom of the pond.

Use Skimmilk Powder — Skimmilk powder is proving almost a perfect substitute for skimmilk in raising dairy calves. It can now be purchased generally through feed dealers and is prepared by mixing one part of powder with nine parts of warm water. Calf-raising thus becomes easier in communities where whole milk is sold.

Around a garage you're bound to get hurt

CRIPPLED BY PAINFUL SWELLING IN HIS LEG

Trouble gone after few applications of simple remedy

As he came in from work in the evening, a garage worker of Shreveport, La., felt a pain in his left leg above the ankle, and the next morning it was badly swollen and worried him when walking.

"I applied Sloan's Liniment to it that night," he writes, "and the pain nearly all left. I applied it again and the next day the swelling was all gone. For all aches and pains I find nothing to beat Sloan's Liniment. I keep a bottle in the garage where I work."

Sloan's gets results because it stirs up the body's own powers to heal itself. Just pat it on, and at once you can feel the fresh blood tingling through the sick tissues. Inflammation, swelling, stiffness, pain, begin to give way at once.

Get a bottle today and have it on hand. All druggists—35 cents.

Community Honors Veteran Teacher

Kane Arranges Reception To Mark Fifty Years' Service

KANE, Pa., Mar. 18.—A public reception will be held in the high school auditorium this evening in honor of Miss Margaret MacEwen, principal of the Clay street school, who has completed her fiftieth year as a teacher. Miss MacEwen has taught in Kane for 35 years, and prior to that taught in Bradford and Wilcox and other districts of McKean and Elk counties. More than 1,000 persons now beyond school age in this city have had Miss MacEwen as a teacher.

The reception is under the auspices of the Parent-Teacher Association of various Kane schools, and will be featured by a program of music and refreshments.

Many former pupils, including Oscar Ockerland, Swedish vice-consul of Jamestown, N. Y., who resides in other cities, will attend.

PULASKI

PULASKI, Pa., Mar. 18.—Mr. and Mrs. Conrad McEwen left on Tuesday morning for the former's home in Canton, New York, where they will reside. On Saturday evening the friends and neighbors gathered at the home of Mrs. McEwen's parents, Mr. and Mrs. J. A. Brown for a farewell party for the young couple. One hundred and ten were present, a very delicious lunch was enjoyed and the evening was spent in games, radio music and a general good time. Guests were present from New Castle, Sharon and Youngstown.

One of the most pleasant evenings spent by the Womens Benefit Association for some time was on Tuesday evening in the lodge room of the I. O. O. F. hall. The business meeting was in charge of the Commander Mrs. Lloyd Mitcheltree, later a fine lunch was served by Mrs. Dora Onstott, Mrs. J. R. Meek, Mrs. Lloyd Rodgers and Mrs. Fred Wallace. The affair was in honor of Mrs. H. M. Stinedurf, a member of the order who will move soon to Harlansburg. Mrs. Mitcheltree in behalf of the members presented Mrs. Stinedurf with a number of lovely gifts, about twenty were present, and the evening was spent in a social good time. The next meeting will be held in two weeks and a special program is being prepared in honor of the anniversary of the order, each member is requested to invite a friend to bring with them to enjoy the evening.

Mrs. Muryl Boyd and son Tommy and Mrs. J. F. Myers and son Billie motored to Beaver Falls Wednesday where they spent the day guests of the former's mother Mrs. Mary Thickett.

Mr. and Mrs. William Cover are spending the week with friends in Ellwood City.

Unconscious Girl Found On Road

Motorists Enroute To New Castle Find Girl Near Cemetery

BEAVER FALLS, Pa., March 18.—Mystery surrounds the cause of injuries to a young woman found in an unconscious condition on the Homewood road near Grandview cemetery about 8:30 o'clock last night when Mr. and Mrs. William Capper, 2529 Ninth avenue, en route to New Castle, averted running over the girl when the driver, with a quick turn of the wheel ran into the ditch to avoid hitting her. Stopping the machine the woman was placed in the car and taken to Homewood, where following inquiries the girl was identified by a resident of the town. Relatives were notified and took charge of the girl and took her home.

The rescuers were unable to state the condition of the girl, other than that she appeared totally unconscious. They were unable to state whether the body bore injuries or whether the clothing was torn. It was believed the woman may have been struck by an automobile and left lying in the roadway. No report of the affair has been made to police so far as learned. Mr. and Mrs. Capper were en route to New Castle due to receiving word of the serious illness of a relative, and only delayed their journey long enough to see that the girl was placed where she would receive attention.

IS THERE NO RELIEF FROM SKIN TORTURE?

Must I Continue to Suffer the Unbearable Itching?

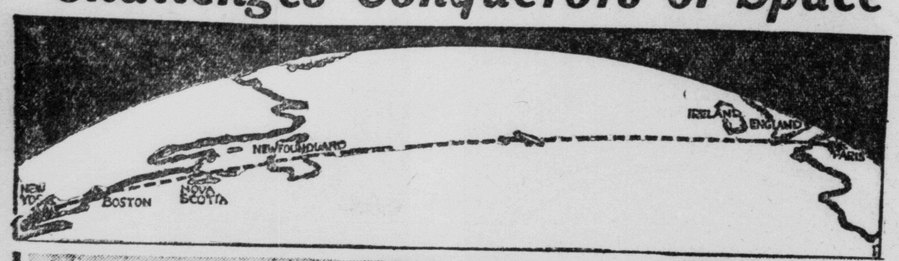
Are you one of those unfortunates who are going through life suffering with a skin disease, making you uncomfortable, making you less efficient, interfering with your working hours, ruining your sleep? You may have tried many things without relief. Why not try S. S. S.? For more than 100 years it has been giving relief in many forms of skin disease. Thousands of letters of gratitude prove its worth.

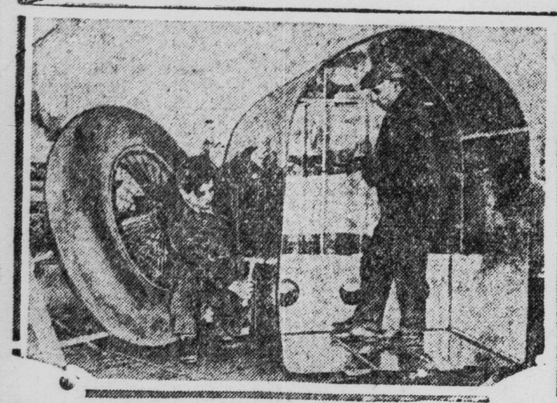
"I feel so happy for what S. S. S. has done for me that I want others to know about it. I suffered twenty long years from eczema. At times the itching was unbearable. During that time, I used all kinds of salves without receiving any real benefit. After taking six bottles of S. S. S., I was cured of this dreadful disease. I recommend S. S. S. to anyone suffering from eczema, because I cannot praise it enough for what it has done for me." Cleophas Forte, Soldiers and Sailors Home, Quincy, Ill.

S. S. S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

New York to Paris Flight Still Challenges Conquerors of Space





The route to be taken by Lieutenant-Commander Noel Davis (left) on his proposed non-stop flight from New York to Paris is shown on the map at the top. Above, mechanics are shown working on one of the giant gas tanks for his plane. Note the huge landing wheel.

NEW YORK to Paris by air in a non-stop flight may become a fact accomplished early this Summer, and the Raymond Orteig prize, $25,000, for this aviation feat, be won after its eight years of existence without a successful effort to span the Atlantic in the 3,600-mile air voyage between the two great cities.

Lieutenant-Commander Noel Davis, U. S. Naval Reserve Air Service, will attempt the flight early in June under the auspices of the American Legion, whose name his airplane, a Huff-Daland "Pathfinder," now under construction at Bristol, Pa., will bear.

The flight will be financed by the New York-Paris Non-Stop Flight Corporation, capitalized at $100,000, contributed by manufacturers, by voluntary popular subscriptions and by sale of American Legion postcards throughout its camps, which the American Legion plane will carry to Paris for delivery during the Legion's convention there.

The pilot and all the crew must be naval fliers and members of the American Legion, some of them not yet chosen.

The start is to be made at Mitchel Field, Long Island, and the shortest airline course followed—over Boston, Nova Scotia, Newfoundland, the Atlantic Ocean, Land's End, England, the English Channel and above the River Seine to Paris.

Davis expects his plane to carry 1,500 gallons of gasoline, stay aloft fifty-four hours, and complete the voyage in calm airs in forty-two hours, or in thirty-five if the has the benefit of favoring winds. The plane is designed to carry, with full load, 16,500 pounds, or less than fifteen pounds to the square foot.

The Sikorsky S-35 plane, in which Captain Rene Fonck failed to complete a similar trip last year, carried more than twenty-six pounds per square foot of lifting surface.

Captain Fonck is expected to try again this year in a new Sikorsky-built plane. Commander Richard E. Byrd, of North Pole flight fame, has announced that he will attempt the New York-Paris flight this Summer, and there are others preparing to contest for the prize.

In the plant of the Keystone Aircraft Corporation at Bristol, Pa., work on the Davis-American Legion plane is expected to be completed next month and its pilot will spend several weeks in testing it.

It will be equipped with three Wright Whirlwind motors, each of 240 horse power, and is of the highly tested and approved bombing type. The upper and lower planes are of the same size and have a spread of sixty-seven feet, with twelve feet width.

Raymond Orteig, donor of the $25,000 prize, is proprietor of the Lafayette and the Brevoort hotels in New York.

"Sunlight Baby" Is Hiker at Five Weeks

At Age When Others Can't Creep, Harmon Loeb Takes Steps

HARMON LOEB walks!

Not unusual?

Well, Harmon is only five weeks old. And science has no previous record of a baby walking at that age.

The infant is the son of Dr. and Mrs. Carl Loeb, Chicago.

From the day of his birth he was given treatments under the rays of a sunlight-making machine invented by his father. Fifteen minutes a day the tot basked in the artificial sun.

"The ultra violet rays of this light help the blood to assimilate calcium in food, speeding the process of bone building," Dr. Loeb said. "That is why his bones have become strong enough to support his weight at an age when most babies are unable to hold up their heads. After the bath, Harmon is rubbed with olive oil that has been exposed to the sun's rays.

"Three times a day he is given exercises to strengthen his muscles."

And there's no downy cot for Harmon.

"He sleeps on a bread board covered with a pad and a pillow," Dr. Loeb added.

The physician holds no fear of overdevelopment or taxing the baby's vitality.

"He has gained a pound a week since birth. He weighs nine pounds now."

His mother, too, was subjected to the sunlight treatment before her child's birth, and now takes the treatment before she serves her prodigy with breakfast, lunch and supper.

Not knowing what it was all about, Harmon Loeb, five weeks old, toddled eight steps, proving his father's claims of his unusual strength. The camera caught him as he left his mother's hands for the first step.

For 33 years, "Mayor" Frank G. Creamer has ruled the hamlet of Peru, Mass., with an iron hand. He held thirteen town offices on the Democratic ticket, for which he received $65 annually. Now his reign has been brought to an end. The 48 voters of the town refused to re-elect him.

Confesses Holdup

Paul Jaworski has confessed that he participated in the blowing up of payroll cars going to a coal mine near Pittsburgh, Pa., when bandits obtained approximately $102,000, according to Pittsburgh police, who add that Jaworski told of other holdups, the total for all being $184,000. Detectives dug up $33,000 of the mine payroll loot on a farm in Washington County, Pa., following the confession.

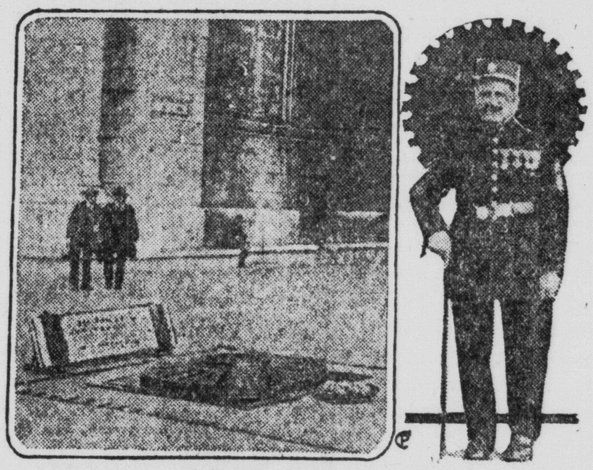
A NOTABLE LEGION CEREMONY



Lighting the flame at the head of the Unknown Soldier's grave under the Arc de Triomphe, Paris, and writing the name of the American Legion in the Book of Gold is planned as one of the most impressive ceremonies during the stay of 30,000 veterans of the World War in the French capital next September. Four years ago an association called the "Committee of the Flame" obtained authorization from the French government to place at the head of the grave a flame, continuously burning, to be watched and reanimated every evening. Pictures above show the grave of the Unknown Soldier and Marcel Gaudin, mutilated veteran, the Guardian of the Flame.

Indiana Wets Lose Fight To Moisten State

Arid Condition Remains In Spite Of Efforts In Legislature

Anti-Saloon League Has Succeeded In Passing A Strengthening Measure

By ROBERT W. GINSBERG.
International News Service Staff Correspondent

INDIANAPOLIS, March 18—Indiana the "bone-dry" state famed far and wide for the stringency of its prohibition laws, will continue to be as arid as ever if not more so despite legislative efforts to modify the statutes.

Three attempts have been made during the present session of the state legislature to make the stringent provisions of the dry law a trifle easier to evade. But every effort has been blocked.

On the other hand the Indiana Anti-Saloon league has passed a bill providing for the strengthening of the drunken driver section of the state road law making it conform with the same section in the renowned "Wright law" passed two years ago.

An effort was made to make the search and seizure section of the Wright conform with the same section in the national prohibitory law. It was just an attempt however for after the measure was reported out of committee a roll call of the house scared all representatives into recommending the measure's indefinite postponement which was tantamount to killing it.

Another ambitious son of a former brewery owner introduced a bill making it difficult for attorneys to secure fat fees for prosecuting liquor cases. He also tried to eliminate provisions in the Wright law that make empty bottles prima facie evidence of violation of liquor laws.

This effort was not as successful as its predecessor. It died in committee with the head of the Indiana Anti-Saloon league brought in his re-enforcements, consisting chiefly of some 50 odd members of the W. C. T. U.

The third attempt—an outright repeal of the Wright act—died at its inception. A number of the lower branch of the legislature after drawing up the bill decided to keep it as an heirloom of his good intentions for he never handed it in for first reading.

But the only attempt of the Indiana Anti-Saloon league to put a measure through the legislature was successful.

Rep. Frank E. Wright, of Marion and author of the famous "bone dry" law sponsored the amendment to the drunken driver section of the road law.

Any now anyone convicted of driving an automibile under the influence of intoxicating liquor in this state will be required to spend at least 30 days in jail and pay a fine ranging from $50 to $500.

Every effort to make the measure "reasonable" was blocked by the Anti-Saloon league forces.

Attempts were made to change the mandatory features of the law to make the sentence discretionary with the judges inflicting punishment. But again the dry forces in the legislature were victorious and the word "shall" was left in the bill.

Tax Reduction May Wait On Slump In Business World

(International News Service)

WASHINGTON, Mar. 18.—From the strictly economic standpoint further federal tax reduction should be permitted to await a severe business slump.

This is the opinion of Joseph McCoy, chief actuary of the treasury department, who probably has had a hand in the drafting of more revenue and tariff bills than any other public official.

The economic aspects of a new tax reduction are of considerable interest. Since the war taxes have been reduced approximately $1,604,000,000. The cut under the 1921 revenue act amounted to $663,000,000 , the 1924 law $519,000,000 and that of 1926 $422,000,000.

The question now presents itself of the tax reduction to be considered by the 70th Congress, next December, the last session before the Presidential election.

The present indications place the 1927 surplus at around $500,000,000 although estimates of the Bureau of the Budget and Secretary Mellon insist that it will not surpass $383,000,000. This large surplus is the result of a greater income to the government than under the 1924 revenue act, in spite of the tax reduction.

Secretary Mellon is expected to agree to a tax reduction possibly as great as the surplus recorded June 30, 1927. President Coolidge and Mellon declined to agree to a permanent tax reduction in the 69th Congress, holding that there had not been a sufficient test of the revenue potentialities of the 1926 revenue act and that the government must be assured of income in the "lean as well as the fat years."

Jury Frees Wife In Syrian's Death

Greene's First Woman Tried For Murder Acquitted

WAYNESBURG, Pa., Mar. 18. — Green county's first charge of murder against a woman failed of conviction when a jury at 10:20 last night declared Mrs. Ida Baker Stewart, of Waynesburg, not guilty of the murder of Samuel Abraham, of Canonsburg, Pa., a Syrian linen peddler. The jury reached its verdict after five hours of deliberation.

The woman's husband Charles W. Stewart, last week was found guilty in the second degree of Abraham's murder.

Abraham was shot through the head and killed October 21, last, in the Stewart home. The commonwealth attempted to prove that Mrs. Stewart had robbed Abraham, and was her husband's accomplice in the murder.

British Women Spend $90,000,00 For Beauty

(International News Service)

LONDON, Mar. 18.—Ninety million dollars are spent annually by Englishwomen on beautifying their complexions, according to figures supplied by London beauty salon managers.

It is estimated that $25,000,000 are spent on face powder alone, $20,000,000 on rouge and lipstick, $9,000,000 on beauty creams, and $20,000,000 on various methods of rejuvenation.

A smart Englishwoman usually spends $2,500 a year on her face and hair alone, according to this expert evidence and there are some women who spend at least twice that amount.

Stenographers and shop girls earning less than $15 a week spend at least $125 a year making themselves beautiful, it is stated.

Co-operative societies of fruit and vegetable growers now exist in all but three of the 48 states.

Ex-Service Men To Return Visit Of U. S. Soldiers To Paris This Year

Mayor Godin Promises To Accompany Ex-Soldiers On Trip To New York

By HARRY FLORY
International News Service Staff Correspondent

PARIS, March 18.—French ex-service men, returning this year's visit of the American Legion to France, will probably hold one of their annual conventions in the United States. In which case the Mayor of the world's largest and most cosmopolitan city will probably also make the trip.

M. Pierre Godin present Mayor known officially as President of the Municipal Council, regrets he will probably not be occupying the position at that time. Mayors have only one year each in office.

"We await with pleasure the arrival of the American Legion delegates," declared Mayor Godin in an interview with International News Service.

"The Municipal Council was glad to offer them the use of the Trocadero Palace for their convention. We will vote enthusiastically the necessary funds to make their stay in Paris agreeable.

"We welcome the American Legion especially because Americans in Paris are dear to our hearts. In fact it would be hard to visualize a Paris without Americans."

M. Godin disclosed that at the late census taken a year ago, the American colony in Paris counted 5,378 persons.

"I was surprised to note," he said, "that the quarter I represent at the City Hall, the ninth arrondissement, has only 329 Americans while the sixteenth arrondissement has 1600. But this is really unexpected since at the end of the eighteenth century Americans had already shown their preference for the Passy District. It was there that Benjamin maintained his home when he was first American diplomatic representative to France."

M. Godin's relations with Americans have always been pleasant, he maintains, with the exception of one young American girl here during the Versailles Peace Conference.

Clemenceau's Photo

"I was M. Clemenceau's chef de cabinet at the time," he said. This girl desired particularly to have a private kodak picture of the Supreme Council. She finally succeeded in snapping one herself, fraudently, showing Wilson, Clemenceau, Lloyd George aand Orlando.

"That didn't satisfy her. She came to me and wanted me to secure the Tiger's signature on the picture. The Tiger at first refused. I insisted and he finally agreed.

"It was so difficult to obtain anything that I had thirty prints made of the American girl's snapshot. I had M. Clemenceau sign them, three at a time, for ten successive evenings.

"The task completed the Tiger pulled his moustache and declared: 'what in the duce can she want with all these pictures; but, you know, if she were not a little American!'

"I kept twenty-nine of the pictures for my friends. I admit it wasn't exactly honest. But the American girl was satisfied with the thirtieth."

Woman Member Of Assembly Has Fun In Cooking Meals

(International News Service)

GOUVERNEUR, N. Y., Mar. 18.—There's nothing like the thrill of cooking a good dinner for her two sons and their father, says Mrs. Rhoda Fox Graves, of Gouverneur, only woman member of the State Assembly.

Mrs. Graves says that just because she is in politics, and she is serving her third term in the Legislature, is no reason why she should neglect her home and family.

In fact, they are getting better attention now than before she packed her bag to drop down to Albany every week of the legislative session, she says.

"Strange, isn't it? Before I entered politics no one ever thought I was neglecting my home, although I have always had a lot of outside activities."

"There is nothing I delight in more than to cook a good dinner for my boys and their father. My home is never neglected because I am in politics."

Plan Memorial For Teachers

Program To Be Presented In Senior High School On March 29

PASTORS WILL SHARE PROGRAM

New Castle branch of the Pennsylvania Educational Association will conduct a memorial program at the Senior High school on Tuesday, March 29, in memory of Miss Elizabeth Treser and Miss Martha Waite, late members of the association.

The program will be given in the Senior High school on Tuesday afternoon of March 29, at four o'clock. All friends of the late Misses Treser and Waite are invited to meet with the teachers in this program.

The program will be as follows:
Solo, Miss Ruth Dresher.
Scripture, by Miss Waite's pastor, Dr. P. C. Pearson of the Trinity Episcopal church.
Prayer by Miss Treser's pastor, Rev. Frederick Stough of the St. John's Evangelical Lutheran church.
Eulogy—Rev. Sough will give a eulogy of Miss Treser, while Dr. Pearson will speak of Miss Waite. Miss Oliva Griffith will speak in behalf of the teachers.
Solo, Miss Helen Allen.
Benediction, Dr. P. C. Pearson.

Gives Lecture On Resuscitation Of Persons Gassed

Carbon-Monoxide Poisoning Is Discussed—High School News

At the chapel exercises of the Senior High school Thursday, J. M. Lewis of the Mine Safety Appliance Company of Pittsburgh gave a lecture demonstration on "Gas Poisoning and Resuscitation".

Mr. Lewis was introduced by Prof. Clarence E. Baer, head of the science department at the school. His lecture dealt mainly with the detection, protection and resuscitation from that deadly poison, monoxide gas.

In part he said that this poison is not visible and does not produce an odor, but when it works its way into the hiemoglobin of the blood mixes and the result in the end is death to the unfortunate person unless resuscitation is made, usually by the Sheaffer prone pressure method. This gas is found in many places. At home in the gas burners and in the garages when the engine of an automobile is running. It is more abundant in the latter place, however. Its first effect is at the knees, and if a person is overcome may fall before they can escape from the place where the deadly gas exists and if more of it is inhaled it may prove fatal.

One of the features of Mr. Lewis' demonstration was the test of a white rat's reaction to carbon monoxide gas. The rat grew weaker and weaker at the knees until it was unable to stand up. Then oxygen was turned into the glass cage and in seven minutes the rat was well again. He also demonstrated the new carbon monoxide detector, the mask used by firemen, absolutely carbon monoxide proof, and also the self rescue machine used by miners. Mr. Lewis had with him two assistants who aided him in the demonstrations.

ANOTHER SPECIAL FOR FINAL GAME

Another special train over the Pennsylvania railroad has been obtained for the final game between New Castle and the winner of the Coraopolis-Edgewood tilt, to be played in the Pitt Stadium gym on Monday night, March 21. It will leave the West Side station of the Pennsy at six o'clock and leave Pittsburgh for the return at 9:55 p. m. The Senior High school band, consisting of 62 pieces, will accompany the team also.

Trout Penalized For Eating Bait

Boy Angler Imprisons Annoying Fish While He Catches Suckers

BELLEFONTE, Mar. 18.—Game Protector Thomas G. Mosier met his match in a fourteen-year-old-boy. Mosier was patrolling Spring Creek one of the best trout streams in Centre county, and a favorite retreat for illegal fishermen, when he came across the boy hard at work with rod and line.

"Are you catching any?" the warden asked.

"I am now," said the boy.

"Let me see them," said Mosier.

The lad pulled from a deep pool a string of four or five large suckers on the tail end of which was a fine ten-inch trout.

"Boy, one of those fish has spots on it," said Mosier. "It's a trout. Don't you know you are not allowed to catch trout yet?"

"Yes," replied the boy. "I know I'm not."

"Then why don't you let it go," said the warden.

"Well, you see mister, it was this way," replied the lad. "I come up here this morning to get a mess of suckers and the first throw I made I landed this trout. I throwed him back all right but it wasn't long until I caught him again. I throwed him back the second time, but he wouldn't stay back. Twice more I caught him and throwed him back without getting time to get a bite from a sucker.

"The darned trout was not only driving away the suckers but was eating up all my bait, so the fifth time I caught him I tied him on the end of my string and in twenty minutes now I've caught six suckers. I'm keeping him alive, all right, and just as soon as I get a mess of suckers I'm going to him go."

The warden looked at the lad minute, then proceeded on his trol.

One of the busiest things in world is idle curiosity.

New College Library At Westminster Now In Actual Service

Over 6,000 Volumes In New Library, Established Since Fire

Hundreds Of Volumes Donated—Large Sum Of Money Contributed

(Special To The News)

NEW WILMINGTON, Pa., Mar. 18.—The final thread in the remeshing of the curriculum at Westminster College, made necessary by the fire which razed Old Main, January 24, was gathered in Thursday, with the announcement that the library is now ready for use.

Probably the greatest loss that the college suffered in the memorable fire, was the library with its 30,000 volumes. However, the ashes of Old Main were still smouldering when definite plans were underway for the re-construction of the library. The Rotary Club of New Wilmington, underwrote a fund of $2,000 and with this as a basis, a new library began to take shape.

Quartered in the Science hall, the present library will take care of all student needs until the new administration building is erected and the library installed in its permanent quarters. The old science library on the second floor has been remodeled into a stack room with shelf space for six or seven thousand volumes. The museum on the third floor, is serving as the reading room.

To facilitate communication between the stack room and the reading room, a "lift" has been intsalled so that books can be conveyed up and down without need of climbing stairs. A speaking tube will probably be added in the near future.

Westminster is more than grateful for the wonderful cooperation shown by its friends in aiding to replace the library, according to Miss Mildred Ailman, librarian. Approximately 6,000 volumes are now on the shelves and of this number it was only necessary for the college to buy about 300 volumes, these being mostly large reference books. Many of the books are from the old science library but the remainder were received as gifts.

Many donations of books and money are still being received, according to Miss Ailman. Among the latest gifts was $25 received from the Chi Omega sorority of the college. The Oxford dictionary donated by the Honorable T. P. Trimble of Pittsburgh, has arrived while the valuable Yale Chemical series has been received from H. H. Donaldson of Pittsburgh. Many late periodicals have been received from the University of Pennsylvania library. Pennsylvania archives and regimental histories have been received from the State Library at Harrisburg. Other libraries of the district have cooperated.

Miss Ailman states that a complete catalogue of books will not be possible before next year. However, all the books have been accessioned and the authors listed. The catalogue when completed will have the author, title and subject matter.

The librarian would appreciate donations of standard periodicals, both late and back numbers; sets of standard authors and good books on art.

Miss Ailman will be aided in her library work for the remainder of the year, by an efficient corps of assistants, which includes Mrs. C. A. Dawson, Miss Evelyn Winger of New Castle, Miss Lorena Garloch of North Girard, Miss Isabel McConagha of New Wilmington, Miss Aneitha Hughes of Woodlawn, Miss Elma Robinson of Edenburg, Miss Helen Davidson of Crafton, Roy Vance of New Wilmington, Arthur Calvin of New Galilee, Harry Newell of Sharon and Robert Ferguson of Bellevue.

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion CUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach", says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestents that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bisurated Magnesia, to sweeten and settle an acid stomach. Your stomach acts and feels fine in just a few minutes. Bisurated Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

Many Great Leaders Henpecked At Home

Historians Say Napoleon And Lincoln Were Victims Of Shrewish Wives

The henpecked man can scarcely be classed as a product of modern times. Historians relate that many of the world's most famous men, including Napoleon, Lincoln and Socrates, were henpecked. One of the letters written by Napoleon to his wife Josephine ends with the postscript:

"A thousand kisses— as burning as yours are frosty."

Lincoln, it is said, was henpecked because he was too shy. Count Montgelas, the German biographer of Lincoln, declares that Lincoln's wife loved him superficially, her own selfish ambitions predominating, adding that she constantly pecked at him and almost drove him mad.

The Duke of Marlborough, one of Winston Churchill's ancestors and acclaimed as one of the greatest warriors of his day, was madly in love with his wife, who, however, nagged him all the time. In 1704 he wrote to his wife on the eve of a battle:

"I'm not nearly as much afraid of my 60,000 foes as I am of you when you are mad at me." Next day, with Prince Eugene of Savoy, he won a big victory over the forces of Louis XIV of France.—Baltimore Sun.

Rev. Aber Gives Splendid Talk To Rotary Club Men

Secretary Foley Elected Delegate To Kiwanis Convention In May

ELLWOOD CITY, March 18.—Rev. L. L. Aber of Scranton, Pa., and the State Sunday School Association, gave an interesting talk on "Organization" last night at the weekly dinner meeting of the Rotary at the Presbyterian church. Thirty-two were present.

It is a coincidence that both business men's clubs should have speakers talking on the same topic last night. However, Rev. Aber concentrated on Sunday school organization, pointing out the advantages of the present age over the conditions years ago. The Sunday schools are run on a more business-like basis and can never be made to finance themselves until they are regarded the same as any other public business. His address was well delivered and thoroughly enjoyed.

Robert Strickler of New Castle and head of the Lawrence County Sunday School Association, was present as a special guest.

During the business meeting the members voted favorably upon the suggestion that the club attend the April 4 meeting of the Youngstown club in a body and hear an address by H. W. Rogers of San Antonio, who is president of Rotary International.

After completing plans for the crippled children clinic meeting, which will take place next Thursday, with Miss Frances D. Shirley of the Industrial Home for Crippled Children in Pittsburgh, as speaker, the meeting adjourned.

Miss Elfreth Is Heard On Subject Of Prohibition

ELLWOOD CITY, Mar. 18.—Choosing her topic from the ever-interesting subject of prohibition, Miss Esther Elfreth of New Jersey gave an interesting address last evening in the First Presbyterian church before a group of about 50 people.

Miss Elfreth is a former president of the Women's Christian Temperance union in New Jersey, and presented some interesting facts from her wealth of knowledge along reform lines. Miss Elfreth was brought here in behalf of the local W. C. T. U. through the channels of the National Prohibition association. Preceding the talk, Mrs. Margaret Benford favored with a vocal selection.

Rev. King To Preach On Subject Of Forgiveness

ELLWOOD CITY Pa., Mar. 18.—Rev. John King of the Bell Memorial church who has been conducting a series of revival services this week at the church presents his last sermon this evening on the subject of "Forgiveness." There will be special music and the Earl Allen Bible class will attend in a body. The members of the Mandolin club will present several numbers.

The auditorium was filled last night to hear the service on "Determination." A qaurtet composed of Mrs. Cunnigham, Miss Elizabeth Lape and Harold and Earl Marshall gave some fine numbers with Mrs. Minnie Marshall at the piano.

Mrs. Brock Is Hostess To Club

ELLWOOD CITY, Pa. Mar. 18.—Members of the T. N. T. club enjoyed a meeting at the home of Mrs. A. R. Brock of Ewing Park last evening with three tables of bridge in play.

Mrs. Wallace Kerr was present as a special guest and was given a farewell gift from the hostess as Mrs. Kerr expects to move to Youngstown the first of the month to reside permanently. Mrs. Leonard Sullivan another special guest, won the guest favor. The club trophy was awarded to Mrs. Geo. Moyer.

The entire house presented a novel decorative scheme featuring St. Patrick colors with shamrocks in abundance and even green ice-cream.

Members of the club are Mesdames Wm. Bayers, A. R. Brock, Charles Stiner, Fred Bell of New Castle, Jack Boyle, C. R. O'Neal, Herman Wilson, H. N. Wasser, M. A. Riley, Lief Von Kroch, I. B. McCorkle and George Moyer.

Young People's Division Officers Met Thursday Night

ELLWOOD CITY Pa., Mar. 18.—Twelve officials of the Young People's division of the Lawrence County Sunday School association met last night at the home of Mrs. Margaret Benford on Lawrence avenue.

Rev. L. L. Aber of Scranton and R. M. Strickler, Jr. of New Castle, and president of the Lawrence County Sunday School association were special guests.

Fifty Kiwanis And Farmers Enjoy Dinner

H. R. Smith Reports Great Progress In Operation Of The Rotary Clinic

ELLWOOD CITY, March 18.—Fifty members of Kiwanis and farmer friends enjoyed a dinner last night at the Presbyterian church.

Mr. Nagle of Wampum gave an interesting address on "Organizations", pointing out the various benefits and evils from organizing. He produced historical data showing that organizations have improved greatly with the ages, and asked the question whether or not we are over-organized today.

Preceding the speech the special guests were introduced and greeted by President Ray Smith. Eugene Mettiger presented several vocal selections, playing his own accompaniments.

Measuring Fete Complete Success

Mr. And Mrs. Dibble Presented With Anniversary Cake At Event

ELLWOOD CITY, Mar. 18.—Fifty-nine members of the First Christian church enjoyed the St. Patrick measuring social which took place last evening at the home of Mrs. Esther Griffiths on Fourth street.

Paying a cent an inch, there must have been some tall people present, as the total sum taken in was $84. This sum will be turned over to the building fund by members of class No. 10, who sponsored the social.

The following program was most entertainingly carried out and enjoyed by all present: A playlet entitled 'Aunt Jane," featuring Mrs. Leveda Koach, Mrs. Stoops, Mrs. Blinn, Mrs. Cable and Mrs. Milne; a duet by Mrs. Alice Brown and Mrs. Esther Griffith; a duet by Mrs. Griffith and Master Oliver Brown; a vocal solo by Mrs. A. J. Howell; reading by Mrs. A. D. Henderson; reading by Mrs. Morris Reswick; piano solo by Sara Belle Howell; song, Pearl Yahn; reading, Mrs. Leveda Koach; solo, W. E. Lloyd; solo by A. D. Henderson.

A feature of the program was the presentation of a huge cake commemorating the twentieth wedding anniversary of Mr. and Mrs. Frank Dibbell. The cake was a culinary masterpiece and supported by 20 gleaming green candles.

There followed a tug of war between Mrs. M. Newton and Mrs. I. J. Falen; vocal duet, Mr. and Mrs. A. J. Howell; duet, Mrs. G. G. Huffer and Mrs. Alice Brown. High honors for raising the most money of any individual went to Mrs. Frank Dibbell, who was presented a box of candy by Mrs. John Schrock.

Members of the arrangements committee responsible for the success of the affair were Mesdames Frank Dibbell, T. J. Falen and Esther Griffiths.

Kiwanis Troop Learns Several Tricks At Meet

ELLWOOD CITY Pa., Mar. 18.—Twenty-four members of the Kiwanis Boy Scout troop viewed an interesting demonstration of artificial respiration, fireman's drag, lift and carry and the art of making fire by friction given by Ralph Mains the scoutmaster.

At the conclusion of the demonstration a period of games was enjoyed.

New Bridge Club Is Organized Here

ELLWOOD CITY, Pa. Mar. 18.—Dr. and Mrs. Gold entertained several young couples last night who are forming a new club which will probably be called the 1927 Bridge club.

Three tables of bridge were in play and high score award went to Dr. and Mrs. M. J. Painter. St. Patrick favors predominated and a dainty lunch was served by the hostess.

Miss Lillian Harvey of Beaver Falls will entertain the members in two weeks.

Club members are Prof. and Mrs. Ray Smith, Dr. and Mrs. M. J. Painter, Mr. and Mrs. Frank Huffman, Mr. and Mrs. Fred Krauth, Miss Lillian Harvey and Dr. Edward Bussey of Beaver Falls and Dr. and Mrs. H. S. Gold.

Grip Frequently Disorders the Kidneys

—Healy Studio

Lewistown, Pa.—"I had the flu and it seemed to have affected my kidneys. I had terrible headaches and pain in my back from which I was not relieved until I took Dr. Pierce's Anuric Tablets. I only had taken part of a bottle until I was relieved."—Mrs. Dewey Hoffman, R. D. No. 4.

Serious kidney or bladder trouble often follows when one is run down by the grippe. To eliminate the poisons from the system, take Dr. Pierce's Anuric to clean out the kidneys and the bladder, and an occasional dose of Dr. Pierce's Pleasant Pellets, and you are on the high road to health.

Dr. Pierce's Anuric is sold by all druggists; or, send 10c for trial pkg. to Dr. Pierce's Clinic, Buffalo, N. Y. and write for free advice.

Capture Man Who Has Been Trying To Break In Homes

Under Hallucination That Local Woman Was Former Friend Of His

ELLWOOD CITY, Mar. 18.—At 7:30 o'clock last night a call came to the office of the local police station from Mrs. Shipley at Wilson stop. Officers Rahiser, Kimberly and Mason went out and were directed to look for the man who has been bothering people in that vicinity and Ewing Park for the past few days, believed to be in a clump of woods near the house. They discovered a path which led finally to a little hut, disclosing the fact that the marauder had been living there.

The man gave his name as "John Zinn" and looks to be about 50 years of age. He insists upon calling Mrs. Blaine of Wilson stop "Mary", thinking that she is a friend of his. The other night he established himself on the Blaine porch at 4 o'clock and tried to enter, staying there for some time, it was reported.

His case will probably soon be before one of the local squires, as his case is serious and in the minds of the police, the man seems mentally deranged.

Thomas Bartel Dies At Daughter's Home

ELLWOOD CITY, Pa. Mar. 18.—Thomas Bartel aged 56 died last evening after a lingering illness at the home of his daughter Mrs. Anthony Reno of 213 Hazel avenue. He is survived by two daughters, Mrs. Pearl Reno, Hazel Bartel and a son John Bartel; also a sister Mrs. Sadie Grennon of Wampum and a brother John Bartel of Wampum.

Funeral services will be conducted Saturday afternon from the Reno home with Rev. John King officiating. Interment will take place in Locust Grove cemetery.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

THE WRONG REASON

If the long-legged Bird who had flapped away thought Petares and the Lean Hound had made a racket, he ought to have stayed around a little while longer and heard Old Hippo roar. At the sound of his hoarse voice the leaves on the Palm Tree quivered.

"Arrrr! What business have you here on the banks of my river?" Old Hippo scowled his fiercest at the Boy and the Dog.

"Who says it's your river?" yelped the Lean Hound before his Master could say a word. "We've as much right here as you have, and here we're going to stay just as long as we like!"

Now this was a very foolish thing for the Lean Hound to say, for along the Nile and in the Desert Might made Right. Old Hippo, had he wished to, could have charged up the bank and sent the two comrades running. Petares knew it.

"Be still, silly Hound!" commanded he under his breath. "'Tis a strange way you have of greeting so huge and so ugly a monster!"

But really Petares was no more afraid of Old Hippo than was the Lean Hound. He didn't think the River Horse would really lose his temper and do any special harm unless either he or his Dog did something mean to the monster. For, as large as Old Hippo was, he was lazy, and for all his voice was so strong his courage was very weak. Just the same, Petares thought politeness was in order.

"A beautiful afternoon, sir!" said Petares. Old Hippo merely grunted.

"And I think we shall have a pleasant and cool evening!"

"Huh! Maybe! the sooner it comes the better!" Old Hippo growled reply. Petares saw he wasn't getting far in this direction so he changed the subject.

"Our pardon if we have disturbed you, Mr. Hippo, but we thought perhaps you'd be glad of visitors. You must be lonely spending so much time by yourself." This wasn't the truth at all, for Petares winked at the Lean Hound and the Lean Hound winked at Petares, for both of them knew quite well that this wasn't the truth at all—that they hadn't come to visit Old Hippo, for until he huffed and puffed and waked them up they hadn't dreamed Old Hippo was there!

Next: "Anything but Lonely."

NEW CASTLE PRIMES FOR CHAMPIONSHIP GAME

Locals Given Light Workout

New Castle High Prepares For First Championship Game In School's History

TEAM MEMBERS IN FINE CONDITION

By "BUGS" WALTHER

Coach Phil H. Bridenbaugh sent the New Castle High floor team through a light scrimmage drill on Thursday night at the Senior High gym and following the workout expressed himself as satisfied that the boys were in condition for the championship battle at the Pitt stadium on Monday evening.

New Castle will either play Coraopolis or Edgewood, depending on the outcome of the game tonight at the Pitt stadium floor. The Coraopolis gang, due to their recent upset of the Braddock High aggregation, are picked by the wise boys as the probable winners tonight. This guessing business in the elimination games to date has been the "rot", and there are few guesses that have panned out right. Therefore, take your choice and let it go at that.

Look Impressive

The Red and Black team looked mighty impressive trotting through their paces yesterday. The boys are keyed up to the highest pitch and are anxiously waiting for the chance to play in the final battle of the year. New Castle, due to their recent victories over Duquesne and Scottdale, naturally take the long end of the choice. It will be the third game of the series for the locals.

If condition has anything to do with the game, and there are many who will tell you that it has, then the New Castle team will be able to thold their own in Pittsburgh on Monday night. The squad that has carried through to a pair of tourney victories is in fine fettle and there is not a member of the team with any serious ailment. The injury jinx has remained out of the picture this year. New Castle has been fortunate in going through an entire basketball season with injuries as a minor issue.

Throng to Attend

Indications today point to at least 500 New Castle fans making the trip to Pittsburgh next Monday night. Tickets for the "special train" have been placed on sale at the high school, Sporting Goods store and Pennsy station, and they are going fast, according to the information gleaned today.

One feature of the game Monday night will be the appearance of the New Castle High band of 62 pieces in full uniform at the Pitt stadium. The band will be under the personal direction of LaVerne Irvine. The boys will present a splendid appearance and will lend plenty of music to the occasion.

It is altogether likely that the special train from this city will carry at least eight coaches. The train is due to leave at six o'clock and will return from Pittsburgh at 10 o'clock.

Collegians Win From Farrell

(Special To The News)

NEW WILMINGTON, Pa., Mar. 18.—Playing under the cognomen of the Westminster Collegians, a group of Westminster varsity squad cagers defeated the Levine Clothiers at Farrell, Wednesday evening, 34-16. The game was played on the Farrell High floor.

The Collegians started fast and led from the first. At the half-way mark, the Westminster team was in the front, 18-8.

Lewis was high scorer for the Collegians with three field goals while W. Bernard with two, led the Clothiers.

The lineups:

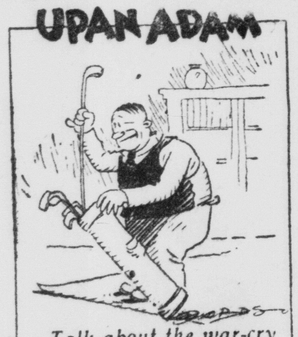
Collegians		Clothiers
Thomas	F	A. Bernard
Crowell	F	Simko
Connor	C	Jenkins
Lewis	G	W. Bernard
McQuiston	G	Kudra

Substitutions—Collegians: Delehunty for Thomas, Thomas for Crowell, Crowell for Connor. Clothiers: Ganaposki for Simko, Bissett for Kudra.

Field goals—Thomas 2, Delehunty, Crowell 2, Connor, Lewis 3, McQuiston, A. Bernard, Simko, W. Bernard, Bissett.

Foul goals — Collegians 14-26; Clothiers 6-15.

Referee—Hetra.



Talk about the war-cry of statesmen—the Reds in the National League give the same kind of scare annually, at the beginning of the season.

College Team Feted Tonight

(Special To The News)

NEW WILMINGTON, Pa., Mar. 18. — Westminster's basketball team will "cash in" on its popularity Friday evening for at that time it will be guest of honor at a testimonial banquet to be held in the Neshannock Hotel here. The Community is tendering the "feed."

A brief but interesting program has been arranged. Rev. Edward McClintock will act as toastmaster. President W. Charles Wallace will speak on behalf of the college and Philmore Campbell for the community. Coach John Lawther, retiring Captain Hugh Gamble of Sharon and Captain-elect Tudor Lewis of Farrell, will also be heard from.

Approximately 100 will attend. Dinner will be served at 6:30.

The committee in charge is composed of James Pitzer, Fred Williamson, A. A. McDonald, C. B. White and T. O. Hogue.

Mt. Jackson High Defeats Petersburg By Score 22 To 16

MT. JACKSON, Pa., Mar. 18.—The Mt. Jackson high team traveled to Petersburg, Ohio, on Wednesday night and made it two straight over the Ohio boys. The final score was 22 to 16.

Sherer was the outstanding player for the Mt. Jackson team with five baskets, while Wallace and Gilchrist also played good basketball. For the Petersburg team the work of Ewing with six baskets was a feature.

The lineup and summary:

Mt. Jackson 22.		Petersburg 16.
Sherer	F	Ewing
Wallace	F	Faust
Barris	C	Meredith
Greider	G	Persic
Gilchrist	G	Stacey

Substitutes—Andrews, Hamilton.

Field Goals—Sherer 5, Wallace 2, Barris, Grieder, Ewing 6, Meredith.

Foul Goals—Mt. Jackson, 4 out of 12; Petersburg, 2 out of 10.

Referee—Ellis, Rayen.

Lincoln-Garfield Boys Take Series

The Lincoln-Garfield boys defeated the Union high reserves by a score of 12 to 1 in the final game of a three-game series played on Wednesday afternoon. The Lincolns won two out of the three games played.

The scores of the other two games were as follows: Lincoln-Garfield 13, Union high reserves 4; Lincoln-Garfield 12, Union high reserves 14.

Jones, Gennock and Price were the stars for the winners in the third game of the series with two baskets apiece. Keeler was the best bet for the Union team.

The lineup and summary:

Lincoln-Garfield		Union Res.
Nocera	F	Motinger
Jones	F	Eckles
Price	C	Keeler
Gennock	G	Hoffmeister
Dececco	G	Wallace

Field goals—Jones 2, Price 2, Gennock 2, Motinger, Keeler 2.

Fouls—Lincolns 0 out of 9, Union high 4 out of 9.

Referee — Nocera, Rick-Overlands.

Scorer—Cuba.

Dan Took His Boys Right Along; Browns' Camp Has Toronto Air

Photo shows, left to right, O'Neill, O'Rourke, Stewart, Mullen, Miller and Howley together. Inset is Howley in his old role of catcher.

By NORMAN E. BROWN
Exclusive Central Press Dispatch to New Castle News.

SARASOTA, Fla., March 18.—I had a good chance to look over the St. Louis Browns and talk with their new manager, Dan Howley, when the team arrived here for an exhibition game with the Giants. The less said about the game the better so we'll proceed with Mr. Howley and his boys.

The Browns have a distinctly Toronto complexion this year, beginning with Howley himself.

Last season Howley won the International league pennant for the Canadian town, ending the long reign of Jack Dunn at Baltimore. It's a good tipoff on the type of man Howley is to point out that he has four of the boys who helped him win that flag with him this year.

Had Picked Them to Star.

"While we were winning the pennant and long before I had any idea I would be leading a big league club this year I decided that at least four of those fellows ought to be up this year," said Howley during a powwow on the bench. "I knew what they had done for me and could do, I believed, in the majors. So why shouldn't I give them the chance myself when I was placed in a position to do it?"

The four are Bill Mullen, Otis Miller, Walter Stewart and Steve O'Neill.

Mullen will be recalled as the man who fought it out with Jack Warner for the third base job with the Detroit Tigers last spring. Mullen didn't round into form as quickly as Warner did, so the latter got the call. Bill was sent to Toronto. Howley put him on third and that young man made a bid for fielding honors and proceeded to hit .357, ranking fifth in the league batting list.

Stewart Delivers as Doped.

Stewart, a lefthander, won 18 games and lost 9 for the Ints. His work merely bore out the prophesy made to me by Howley while I watched his Toronto team in action at Asheville, last spring.

O'Neill, as everyone knows, was discarded by the majors after serving brief terms with the Red Sox and Yankees, following a brilliant career with the Indians.

Howley told O'Neill a year ago, when Steve reported in good shape and with a determination to get back in the big time that it was entirely up to himself. Steve set to work. When the season ended last fall he was leading the league catchers in fielding. His heady work behind the plate had helped the Toronto hurlers humble the league leaders and other teams. He was playing the best ball of his career, although not hitting quite as hard as of old.

Majors Bid for Catcher.

Steve's work brought Howley offers for him from half a dozen big league teams—and heavens knows the majors leagues lack good catchers. Howley, meanwhile had been tendered one or two offers to lead a big league club. Then came Howley's decision to accept the job with the Browns. Forced to seek a new leader the Toronto club offered the job to O'Neill. Steve declined it to stay with the man who had given him a chance to come back.

Miller Reserve Strength.

Otis Miller may not be a regular. He is slated to understudy Wallie Gerber at short. But Howley thinks enough of him as an infielder to want him along.

Then, in the deal that made Mullen, Stewart and Miller Brownies and sent McManus to Detroit, Howley obtained Frank O'Rourke utility infielder who also played under Dan at Toronto a few years ago.

So they are all there with Dan.

He has a happy family about him, all told. George Sisler, relieved of his managerial duties, is happy again, and seems to be finding his old pep. The acquisition of Fred Schulte,outfielding star, from Milwaukee, gives Howley the makings of a great young outfield, with Bennett and Rice to team with him. He has the pitchers willed him, with the exception of Giard, and Sam Jones, who was obtained from the Yankees for Giard and Outfielder Durst.

Just how far Howley will get this year is another story.

Star Distance Man Lost To Westminster

(Special To The News)

NEW WILMINGTON, Pa., Mar. 18.—Westminster's hopes of having a strong track team the coming season, were considerably shaken when Orvil Mirtz of Pittsburgh, star distance runner, was forced to undergo an operation for appendicitis Wednesday in the Shenango Valley hospital, New Castle. He is reported to be doing nicely.

Mirtz, in his only good year which was two years ago, established himself as one of the outstanding runners in the district. He copped practically everything and had the honor of setting a Tri-State Conference record.

In the fall of his sophomore year, he reported for the cross-country season and went great until the latter part when he began to be troubled with his side. He attempted to build himself up during the winter months but when he reported for track in the spring, he was far out of condition and he never struck his stride. He did nothing in cross country this year.

He was making ready to report for track this spring, when his side again began troubling him and physicians who attended him, ordered an operation for appendicitis. He will will not run this year.

Westminster will be very weak in the half-mile and mile events this season without Mirtz. McClure, a junior, is the only veteran distance man remaining.

McCANN JUDGE'S UNDERSTUDY

The passing of Harris left the Washington club temporarily without a bet to replace Joe Judge at first base in the event that misfortune overtake Joseph. Now Emmet McCann climbs into a big league uniform again to fill the understudy role. McCann failed twice, at other infield berths, to make the grade, but Manager Bucky Harris believes he can play first.

Overlands Ready For Keystone Five On Saturday Night

Overlands And Keystones To Play Series For Industrial Title

The Rick-Overlands will close their home season on Saturday night at the Y. M. C. A. by meeting the fast Keystone Well Drillers team of Beaver Falls in the first game of a three game series for the Industrial League championship of Beaver and Lawrence counties. The game will start at 9 o'clock. A fast preliminary game has been arranged. The first game is at 8 o'clock.

The Drillers team is composed of former high school and college stars from the Beaver Valley and they have established a fine record this year. The Drillers have a veteran combination and one that is picked to defeat the locals. The Overlands have hit a winning stride and they hope to take the Drillers into camp. The Overlands won 13 out of 15 games in league competition this year—the only defeats being at the hands of the Tin Mill.

The second game of the series will be played at Beaver Falls on Monday night, March 21, and if the third game is necessary it will be played on the Valley court also.

"Hickory" Hetra of Farrell, has been secured to referee.

Bessemer Splits In Floor Games

Boys Win 36 To 1, But Girls Fall To West Middlesex

Bessemer defeated West Middlesex 36 to 1 at Bessemer last night. West Middlesex got its only point from a throw from the foul line in the second half. The Bessemer girls, however, lost to West Middlesex girls 27-13.

The lineup:

Bessemer		W. Middlesex
Stanley	F	Mitchell
McComb	F	Peters
Grist	C	Landsdown
Macklin	G	Tate
Serjak	G	Moore

Subs—P. Nord, Puromaki, Glassic, Mack, D. Nord, Ruehle, Sheffler, Kere, Poell, Young, Erb, Garrett and Hodue.

Field goals—Stanley 2, Puromaki, McComb 4, Grist 2, D. Nord 4, Sheffler.

Foul goals—McComb 2, Grist 1, Serjak 1, Macklin 1, D. Nord 1, Stanley 3, Mitchell 1.

Umpire Wilson Chases Ty From Ball Game

Philalephia Athletics forfeited their first game to the Boston Nationals when Kid Gleason and Ty Cobb refused to leave the park when ordered by Umpire Wilson who claimed that Cobb was "riding" Goldsmith, Boston hurler. Gleason got into the St. Petersburg argument and when they wouldn't leave the park the game was forfeited.

Superstition is just any particular faith you don't share with the other fellow.

Church League Managers To Have Meeting Tonight

The Church League baseball managers will hold an important meeting at the Y. M. C. A. at 8 o'clock tonight. Announcement of the meeting was made by Walter E. Kirker today.

It is urged that all managers of teams desiring to enter the league this year be present. Plans for the coming campaign will be outlined and a new organization effected.

Any new teams in addition to the league roster of last year are requested to have representatives present tonight.

Negro Boxer Is Killed In Bout At Philadelphia

(International News Service)

PHILADELPHIA, March 18.—A coroner's inquest was to be held today to probe the death of Charley Hill, negro boxer, of Wilmington, Del., killed in a boxing contest at the Olympic A. A. here last night.

Hill was knocked out by Jack Gross, Salem, N. J., heavyweight, in the fourth round of the semi-windup. He never regained consciousness. Gross and the officials of the show were arrested and held for the inquest today.

TAMPA, Fla.—Fresh from a victory over the Reds, the rejuvenated Senators prepared to take on the Giants again today. The Giants have twice licked the Senators this year.

Connie Mack's High Salaried Stars Fail To Impress In South

Eddie Collins And Ty Cobb Termed "Expensive Luxuries"; Fail To Show Class

Athletics Will Be In Thick Of American League Pennant Fight, Belief

(EDITOR'S NOTE:—This is the seventh of a series of stories by Davis J. Walsh on major league ball clubs in training).

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

ST. PETERSBURG, Fla., Mar. 18.—Neither Ty Cobb nor Eddie Collins will start the season in regular positions with the Philadelphia Athletics unless they can prove they are better than men now sitting on the bench more or less by courtesy, Connie Mack intimated to the writer today. He made the inference by candidly admitting that to date "some of last year's team have looked better" than several of the human luxuries he acquired during the winter at hothouse prices.

Connie named no names but I was able to learn that one of the pick-me-ups who hasn't looked so good is Eddie Collins and that one of the hangovers who has startled the natives is Max Bishop. It is an excellent 3 to 1 bet that Bishop and not Collins will be the regular second baseman of the club before the campaign goes too far.

Collins, they say, can't cover a fraction of an inch around second base. Cobb hasn't been hitting. Neither has Dudley Branom, scion of wealth from Enid, Okla., via Kansas City, nor Joe Boley, the expensive young man from Baltimore. They still are on the lineup but no one is guaranteeing how long, least of all Connie Mack.

Team Not Picked

"I haven't picked my club at all," he said today. "It is early to pass judgment and, therefore, I will content myself with saying that I had a good ball club last year and that some of its members have looked better so far than several of the additions I made to the club during the winter.

"I paid a lot of money to build up the team this year but if my 1926 men prove to be better players, they will get the call, regardless of box office values. Fundamentally I am in the game to make money but in reality what I am trying to do is win the pennant. And, if I succeed the box office will take care of itself. All I want to say now is that I have reached no definite conclusions about the respective abilities of the men under me and that my lineup has not been picked in advance."

Collins says that the leg injury which has threatened to send him into retirement has bothered him not at all this spring; yet Eddie simply can't seem to get around. Cobb has been troubled by a lame back but, even so, his failure to hit is one of the abiding mysteries of the trip. He hit two yesterday, however, just before Umpire Wilson made him hit the air.

Plenty Of Talent

Both Cobb and Collins vow that they will be ready to start the season at top speed and then increase the pace.

The ball club is top heavy with talent and when you have too many good players around, you generally have too many problems. It is a club with two men for every position.

Branom is the regular first baseman at the moment. He isn't hitting but his fielding is above reproach. Jim Poole, the 1926 model, is ready and willing to start.

The second base duel seems to be all Bishop as against Collins. Max, of Baltimore has been hitting and fielding like the greatest second baseman in the league.

At short stop, Chick Galloway, the Clinton, S. C., specimen, is said to have brought himself back to the speed he knew five years ago when some thought him the best in baseball. Boley has done everything asked of him except to knock some one's cap off with an occasional base hit.

Sam Hale, Wheeler, Tex., and Jimmy Dykes, Upper Darby, Pa., both played last year at third base, so 1926 cannot go wrong here. Neither can Hale, they say. He is the regular third base man at this writing although baseball men around the circuit think Dykes is the better bet.

In left field, we find that bearded patriarch, Zach Wheat, of Polo, Mo. On the bench, we find Bill Lamar, of Rockville, Md.

Al Simmons, of Milwaukee, will play centerfield all alone. In rightfield, Cobb's rival is Walter French, former West Point athlete and Walt, like Bishop and Galloway, is said to be going too well to be an acquiescent bench hand.

Happily, the catchers and pitchers are hangovers of standing. Gordon Cochrane, of Bridgewater, Mass., looks as good as he did in 1925, which was very superior, indeed. Ralph Perkins is another good one. They say Jimmy Fox is a third but James hasn't been able to prove it.

Pitchers Are Good

The pitchers are fool-proof. The regular staff will be Howard Ehmke, Sam Gray, Bob Grove, Joe Pate, Jack Quinn, Eddie Rommel, George Walberg and Charley Willis and I can't think of a better one. It is possible that either Ike Powers, Martinsburg, W. Va., or M. A. Hunter, up from Dallas, will be kept but no one regards this a dire necessity except Powers and Hunter. Bill Shores of Lawn, Tex., and Carroll Yorks, Philadelphia semi-pro, also are about but the matter will be attended to in due time.

Charley Bates, up from Martinsburg, is the fourth catcher in camp but the Athletics will carry only three. Frank Sigafoos, Reading, Pa., infielder, also is one of the temporary guests, the others including Dave Barbee, Greensboro, N. C., Alex Metzler, Fresno, Calif., Max West, Dallas, Tex., and Frank Wilson, Sumter, Wash., outfielders all.

New Wilmington Leads Class B

College Town Boys Are Champs In Minor High School Circuit

WIN TEN GAMES AND LOSE SEVEN

(Special To The News)

NEW WILMINGTON, Pa., March 18.—New Wilmintgon is proud of the record compiled by its high school basketball team during the past year. The quintet did not lose a game to a Lawrence county class B rival and finished with the championship in easy fashion. Ten games won and seven lost. New Castle high, Follansbee, W. Va., Grove City and Farrell were the only quints able to defeat the Blue and Gold. Farrell was in turn defeated here.

New Wilmingtonians are especially boastful of the mark made against county rivals. Mt. Jackson and Bessemer were both defeated twice while the single game with Union was won easily.

Hutchison, lanky center, led the team in scoring. He caged 54 field goals and 25 fouls for a total of 133 points. Davis was next in order with 40 field goals and 23 fouls for a total of 103 points.

Much of the credit for the successful season is attributed to the fine work of Coach Wiggins, a Bethany college graduate, who is in his first year as coach of athletics at New Wilmington high.

The team record is:

N.W.H.S.	Opp.
20—Alumni	22
18—Mt. Jackson	15
20—West Middlesex	15
20—Grove City	29
19—Westminster Res.	25
28—Mt. Jackson	9
14—New Castle	22
22—Bethany, W. Va.	19
17—Follansbee, W. Va.	19

You can now hear people talk four thousand miles. O, Death, where is thy sting?

Welcome, Jean! By Feg Murray

Borotra is back again! Laden down with pumping machinery, which he sells, and tennis rackets, which he wields so well, the champion of Wimbledon in 1924 and '26, and runner-up for the United States championship last year, returns to the country in which, he admits, he learned most of his tennis, to try to win once more the national indoor championship.

Colorful people, these Basques. There's Paplino Uzcudun, from the Spanish Pyrenees, who aims to please in the prize ring, and does. Jean Borotra comes from the French Pyrenees, wears a black "beret" on the courts, smiles when he loses, consoles his opponents when he wins, and is one of the best sports as well as one of the best tennis players in the whole wide world.

Take my advice and go to see Borotra play whenever you get a chance. He'll captivate your interest the minute you see him, and before two games have been played, you'll be with him heart and soul. Jean is a rare combination of energy and politeness, gymnastics and sound tennis, and his speed, his gameness, and his laughing good humor, have made him a favorite wherever he has played.

I'll never forget Borotra's playing in the last U. S. singles championship at Forest Hills. He came from behind to beat Watson Washburn, beat Ed Chandler in straight sets, and then on Thursday, September 16, defeated Billy Johnston in a thrilling five-set match, after losing the first two sets. His countrymen, Cochet and Lacoste, had beaten Bill Tilden and Dick Williams earlier that day, and Borotra should have been very happy, yet the emotional Frenchman actually wept because he was so sorry that he had been the cause of putting the beloved "Little Bill" out of the tournament. The next day the Basque, dead-tired as he was, came from behind again to put out America's lone hope. Vincent Richards, thus earning the right to meet Lacoste in the finals. Never have I seen a man more physically "all-in" playing tennis, and Lacoste's victory was assured from the start. But what a game guy this Jean Borotra is, anyway!

Feg Murray Says—

In the 1500-meter special race at the A. A. U. indoor championships held recently in New York, A. Silverstein was given a handicap of 75 yards and M. Goldfish, 100 yards. The winner, Mr. J. Brennan, of Fordham University, evidently wore a certain well-advertised brand of garters, as no metal could touch him.

FORT MYERS, Fla.—The A's are scheduled to play the Braves again today at St. Petersburg. The chasing of Ty Cobb during the second inning of the game yesterday by Frank Wilson, National league umpire, and forfeit of the game, resulted in an extra weird seven-inning contest to give the fans a run for their money.

Americanism: Licking the kids because reasoning with them takes too much time.

Training Camps

(International News Service)

SARASOTA, Fla., Mar. 18.—The pessimists who said the St. Louis Cardinals were through were scurrying to the woods today following the 3 to 0 defeat on the Giants at the hands of the Mound City crew. Homers by Holm and O'Farrell in the ninth broke a scoreless tie. The Giants went to Tampa today to take on the Washington Senators.

ST. PETERSBURG, Fla.—Rube Marquard, the famous southpaw who once burned up the National League while a member of the Giants, is dickering with Miller Huggins for a job on the Yankees. He is also negotiating with John McGraw of the Giants.

CLEARWATER, Fla.—The Brooklyn Robins have at last won a ball game. They defeated Columbus 8 to 2. Willie Doak, who is the latest addition to the fold, pitched part of the game.

PASO ROBLES, Cal., March 18—Haging wound up their series of games with the Yanigans with a 3-2 victory, the Pirate regulars today prepared for the exhibition series opening in San Francisco tomorrow. Yde's single, scoring Gooch, won the final inter-team game for the regulars.

BRADENTON, Fla. — Thomas Thevenow, flashy shortstop, has signed and is enroute to join the Cardinals, it was announced today. The champs came here to play Philadelphia today fresh from their shutout victory over the Giants, 3 to 0, at Sarasota yesterday.

TARPON SPRINGS, Fla.—Cincinnati came here today for a return engagement with the Browns. Nevers and Falk were the probable choices of Manager Howley on the mound.

SHREVEPORT, La.—The White Sox squad was pointing today for the exhibition game aganist Jake Atz's Texas leaguers at Fort Worth tomorrow. As a tuning up process the regulars and rookies played a practice tilt here yesterday and at the five-inning limit were deadlocked one and one.

BRADENTON, Fla.—The Phillies play the St. Louis Cardinals here this afternoon with Wayland Dean and Claude Willoughby scheduled to divide the pitching. The Phils, due to injuries, have only seven hurlers fit to work, so Manager Stuffy McInnis plans to cancel Monday's game with the Columbus club of the American Association.

"Wahoo" Himself

Here's a kick for the older fans. It's "Wahoo" Sam Crawford, once a co-star with Ty Cobb as a slugger and Tiger outfielder. He's now coaching the University of Southern California baseball team and is snapped telling the rah-rah boys how to bat.

IN BASEBALL LAND, March 18.—Is grim stark tragedy to haunt baseball this season as those in the game wage their fight to restore the game itself to good health and heal over and obliterate the scars left by the harpoons of scandal last winter?

It looks that way.

Since the actual training season began the toll has been:

Ross Young, fleet centerfielder of the Giants and counted a vital part of McGraw's pennant hopes gone—forever.

Johnny Mostil base stealing star of the American league, cut down by his own hands in a fit of despondency over his physical condition.

Oscar Melillo promising infielder of the St. Louis Browns, stricken at Hot Springs with a disease unusual in men of his youth and with slight chance of playing this year if at all.

Two or three of the game's greatest stars facing the greatest tragedy of all—the bowing to Father Time.

To say nothing of more than the usual number of training camp accidents todate.

Tried to "Work Out" Cold.

The illness which sapped away Ross Young's life blood is attributed to his efforts to "work out" a cold contracted a year or two ago during a game. He played through the afternoon in a soggy outfield dotted with puddles of water. The weather was raw. He contracted a severe cold but counted on his physical condition and the heat of the sun the following days to "boil" out the cold. The cold finally settled in his kidneys.

Just what caused Mostil's premeditated act in the Shreveport camp of the White Sox isn't known at the writing. He had had trouble with his teeth. His physician had advised him he would not be at his best until he had considerable work done on them. He had been worried about his condition for some weeks but had given no indication that the trouble was preying on his mind.

Melillo's illness was discovered during the winter and he was advised to go to Hot Springs, Ark., instead of the southern camp of the Browns in the hope that the disease could be arrested or cured. Todate his condition has not reached the point where his physicians will allow him to start training.

Young Popular Player.

Young was one of the most consistant outfielders and one of the best ball hawks in the National league. He had starred with the Giants for nine years and had participated in four world's series. He was probably one of the most popular players ever to wear a Giant uniform. His reticence and modesty probably were the cause of his failure to draw more attention.

Mostil a younger man and just 30 had set a brilliant record in base stealing and centerfielding in his six years with the Sox. In 1923 and 1925 he stole over 40 bases. Last season he hooked 35. His total of 42 in 1925 and 35 last year gave him the league honors in that department. His fleetness of foot also made him a great outfielder.

"GHOST" STOPS WORK OF HUNTING FOR GOLD BURIED BY PIRATES

NEW YORK, March 18.—Excavating at old Panama for treasure buried when Sir Henry Morgan, British pirate raided the city in the seventeenth century, has been halted by the appearance of a "ghost," says a cablegram received at the Hamburg-American Line offices here.

The message came from Ernest G. Schmolck, cruise manager on the SS. Reliance which is making a cruise of the West Indies with 350 passengers who visited the treasure site Saturday and Sunday.

The laborers, said Schmolck, are superstitious and fear a "bad spell" such as was reputed to have followed the excavation of King Tut's tomb at Luxor, Egypt.

Lieutenant George Williams and Fred Kelley, Englishmen, and Wallace Bain, an American, recently uncovered valuable gold relics and gems beneath the ruins of the San Jose convent.

The winner Monday night will then go to State College, Pa., to compete for the highest honors in high school circles.

American Wins From Swede In Mile Race

Lloyd Hahn, American mile champion, defeated Edwin Wide, Swede schoolmaster, in a mile event at Madison Square Garden, last night. Hahn went the distance in 4 minutes 12 1-5 seconds, which is one-fifth of a second of the world's record. Hahn won by four yards after Wide had set the early pace.

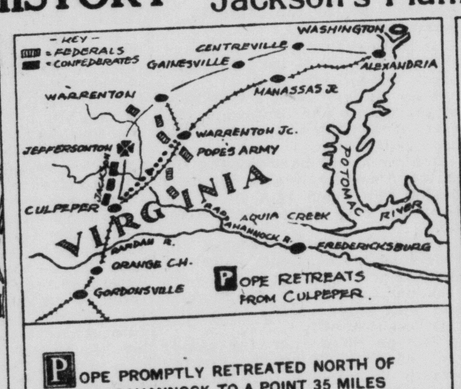
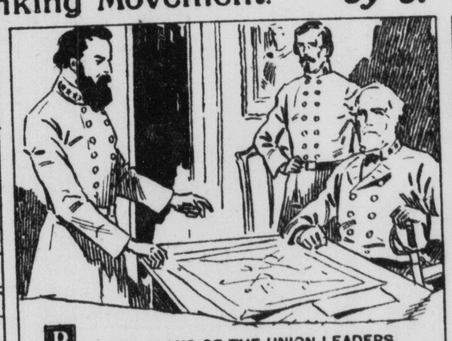
HIGH LIGHTS OF HISTORY — Jackson's Flanking Movement. — by J. CARROLL MANSFIELD

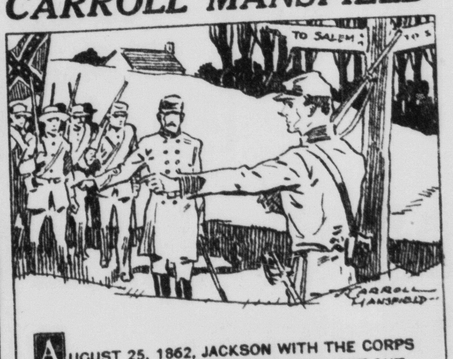
GEN. LEE'S PLAN TO STRIKE A SMASHING BLOW AT THE UNION GENERAL POPE AT CULPEPER, VIRGINIA, BEFORE SUPPORTS COULD REACH HIM BECAME KNOWN TO THE FEDERALS WHEN A DISPATCH FROM THE CONFEDERATE COMMANDER FELL INTO THEIR HANDS.



POPE PROMPTLY RETREATED NORTH OF THE RAPPAHANNOCK TO A POINT 35 MILES FROM AQUIA CREEK WHERE TROOPS OF McCLELLAN'S ARMY, SENT TO FEENFORCE HIM, WERE ALREADY LANDING. POPE RECEIVED ORDERS FROM WASHINGTON TO HOLD THE RAPPAHANNOCK AT ALL HAZARDS AND A CONCENTRATION OF FEDERAL TROOPS WAS BEGUN.



BUT THE PLANS OF THE UNION LEADERS WERE OFFSET BY A BRILLIANT STRATEGY OF THE CONFEDERATES. "STONEWALL" JACKSON, BY MAKING A WIDE DETOUR AROUND THE UNION RIGHT WING, WAS TO CUT POPE'S LINES OF SUPPLY IN THE REAR AND, WHEN THE FEDERALS FELL BACK TO FACE THIS UNEXPECTED ATTACK, LEE WAS TO JOIN JACKSON IN CRUSHING THE UNION ARMY.



AUGUST 25, 1862, JACKSON WITH THE CORPS OF EWELL, A. P. HILL AND TALIAFERRO SET OUT FROM JEFFERSONTON TO EXECUTE HIS DARING FLANKING MOVEMENT. NOT A MAN, SAVE "STONEWALL", HAD ANY KNOWLEDGE OF THEIR DESTINATION AND THE REGIMENTS WERE GUIDED ON THE MARCH BY MEN POSTED AT THE FORKS AND TURNS.

TOMORROW—JACKSON STRIKES THE UNION REAR.

N. Y. STOCKS

(International News Service)

NEW YORK, Mar. 18.—The vigorous forward movement in the industrial and specialty stocks was promptly resumed in early trading today. The weekly Reserve Bank reports showed a further broadening of the credit base of the country.

Freeport Texas was the sensation of the low-priced specialties. Directors of the company increased the dividend from $2 to $4 a year after the close of yesterday's market, and made strong refutatin of the reports of exhaustion of the sulphur deposits of the company. The stock jumped 7 points to 54 in a heavy turnover, while Texas Gulf Sulphur, a companion sulphur producer sold at the year's high price of 60½.

General Motors touched 180 in its steady forward march. The stock is up 96 points since the famous "Cochran statement' of last year, which forecasted a price of 100 points above that prevailing at the time. Baldwin and Dupont were strong. As a rule, however, stocks were freely offered at today's prices and the market was unable to continue its advance. Week-end profit taking held the move in railroad and specialty stocks. Call money 4 per cent.

Customs Probe Said To Show Smuggling Plot

Shoes, Clothing And Autos Sent Across Border On Faked Invoices

Bootleggers In Articles Of Merhcandise Make Big Profits On Deals

(International News Service)

WINIPEG, Manitoba, March 18—A wide spread conspiracy between American shoe exporters and Winnepeg retailers by which the Canadian customs has been defrauded of thousands of dollars; the scheme of a Chicago clothing house which meant a loss of thousands of dollars to the Canadian Government in duties evaded; and clever tricks of the disclosures made at the recent sittings of the federal customs and smuggling probe here.

Shoe firms in Chicago and Boston were charged by officials with deliberately sending fraudulent invoices to shoe firms in this city to aid them in evading duties and thereby held a lucrative Canadian trade. One claim against a shoe company here totals $12,000 and there are others.

How It Was Done

Testimony disclosed that the Canadian shoe man would go to the United States, make a large cash deposit on a shipment of shoes and present his invoice of the balance to the customs department as a statement of the whole value of the shipment. It was charged that one Chicago firm invoiced a shoe, which they sold for $3.75 in the United States at $1.75 to a Winnipeg firm.

Cyril Knowles, assistant inspector of customs, offered the bulk of the testimony in the shoe fraud. When the practices of the American shoe exporters became known to the customs authorities they cut off future shipments, he stated, but the "black-listed" exporters defeated this order for a long time by shipping goods into Canada under the names of American firms in good standing.

The manager of a local storage company described how he had been the unsuspecting accomplice of a Chicago clothing company in defrauding the customs department.

Fooled Storage People

Under his arrangement with the United States firm he accepted shipments for Canadian distribution, received the C. O. D. money orders and remitted them to the clothing exporters. Customs officials discovered that the figures on the invoices were far below the C. O. D. prices collected and notified the storage company of the fraud. Admitting that he had never thought to compare the C. O. D. and the invoice prices, the storage company manager claimed that he was innocent of intentional wrong doing.

Chief Justice Brown of Saskatchewan, who was chief commissioner of the probe, severely rebuked the customs brokers who passed the invoices on the imported clothes. W. G. Bell, head of a customs brokerage firm here, declared at the probe that he believed brokers did not expect to be able to tell the exact value of goods they did not know much about. This admission drew a condemnation from Commissioner Brown.

Night Coughs

Stopped in 15 Minutes

Almost always coughing is caused by an irritated and inflamed throat or bronchial tubes, which cough syrups and patent medicines do not touch. But a famous physician's prescription recently discovered called Thoxine goes direct to the cause, relieves the inflamed membranes and stops the cough almost instantly, one swallow does the work and the remarkable thing about it is that it contains no dope, chloroform or harmful drugs. Once used you will never be without it. Pleasant taste. Safe for children. 35c., 60c. and $1.00. Love & Megown, Terminal Drug Store and all other good Drug Stores.

Tunguse Tribe Asks For Japanese Rule

(International News Service)

TOKIO, Mar. 18.—A delegation of fourteen representatives of the Tunguse, a tribe living in northern Saghalien under Russian rule, recently called on the Japanese authorities in southern Saghalien to present a petition that they be allowed to live under the Japanese regime.

High taxes imposed by the Soviets was the reason given for their desire to change their sovereignty. About 500 Tunguse, they asserted are desirous of migrating.
